WHY SCHOOL UNIFORMS?

THE CASE FOR STANDARDIZED DRESS

As the **Alpine Home & School Association**, one of our primary goals is to identify methods for the betterment of Alpine School through different fundraising endeavors. By introducing school uniforms, we are establishing a consistent source of additional revenue that can be invested in our children's education. Collaborating with Flynn O'Hara Uniforms provides us with this opportunity, as they offer APS a 10% rebate on every purchase made through our partnership and fundraiser program. Not only are we elevating school spirit, we are setting our students up to dress for success while promoting a sense of unity and organization. A uniform is so much more than just clothes students wear. Uniforms level the playing field by eliminating socioeconomic issues, bullying and compound on school safety. Most importantly, it removes the daily morning struggle of deciding what to wear. Our vendor prioritizes product quality, durability, comfort and value. Located in Emerson, NJ (Holmdel, Newark, Parsippany & NYC) for in-store shopping, fitting, easy returns, exchanges and on-line shopping and direct shipping. Together, we can optimize our school environment for learning and make a difference. Vote for School Uniforms.
