# Terms & Condition of Sale

**Sales:** Our office in Tuckahoe, New Jersey handles sales & marketing for all locations. To serve you effectively, we respectfully request a minimum wholesale order of \$5,000.00 for delivery. There is no minimum for pick ups.

**Prices:** All prices quoted F.O.B. Tuckahoe, New Jersey unless otherwise noted. Prices and availability are subject to change without notice. Quoted prices are valid for 90 days from quote inception. Confirmed order pricing is valid for 6 months ONLY.

**Terms of Sale:** Cash, Visa, Master Card, Discover, American Express, and business checks. Tuckahoe Nurseries will open credit accounts with established companies and customers who can provide sufficient credit information and a satisfactory payment history. All accounts will be assessed a finance charge of 1.5% or 18% per annum on all overdue balances. All checks returned by the bank for insufficient funds will be assessed a \$50.00 service charge. If collection is required to enforce customer's commitment, customer will reimburse Tuckahoe Nurseries Inc. for collection costs including attorney fees, in all states as allowed by law. All sales are due and payable in the Township of Dennis, Cape May County, New Jersey.

## Spring/Fall Hours

OFFICE HOURS:	Monday-Thursday	7am-5pm
	Friday	7am-4pm
	Saturday	7am-12pm
LOADING HOURS:	Monday-Thursday	7am-3pm
	Friday	7am-2pm
	Saturday	7am-11am

## Summer/Winter Hours

OFFICE HOURS:	Monday-Thursday	8am-4pm
	Friday	8am-4pm
LOADING HOURS:	Monday-Thursday	8am-2pm
	Friday	8am-2pm

**Ordering, Acknowledgments, and Confirmations:** Orders are accepted and inventory confirmed to those current in their accounts. All Spring orders must be picked up or shipped by May 1st. Any orders remaining after May 1st will incur a monthly maintenance fee. Processed orders after this date will automatically be cancelled and a 15% re-stocking fee will be applied to your account if no communication is made to our Sales office.

For Current Availability go to:  
[www.tuckahoenurseries.com](http://www.tuckahoenurseries.com)

**Tagging:** All tagging is scheduled by appointment only. If tagged material is pushed to the following season, material will be resized and sold at that size to customer. All material must be taken before May 1st. Any material dug and in holding area after this date will incur a maintenance fee of 10%. Any material that has not been delivered or picked up by June 1st, will be released into our general inventory.

**Claims:** We stand behind our plants where a pattern of losses is apparent with a singular variety or size within our nursery. Claims for non-viability must be presented no later than May 30th of the current season. No warranty is expressed or implied for fall hazard plantings as noted on items in price list. Please refer to the Planting Guide on page 95. All claims must be written and faxed with pictures. No claim will be honored unless written communication and photos have been received. NO EXCEPTIONS. Claims for damaged material not evident at time of delivery must be reported via written communication no later than 10 days after receipt of plant material followed with pictures. All photos must be received within 24 hours of claim receipt. Plants deemed not acceptable at time of delivery are to remain on the truck. There will be no claims accepted for freight charges. Under no circumstances shall Tuckahoe Nurseries, Inc. be liable for any sum greater than the purchase price of the nursery stock. PLEASE NOTE: THERE IS NO GUARANTEE A CLAIM WILL BE ACCEPTED.

All issued credits are valid for one season.

### **DELIVERY & PICK-UP**

Delivery: Delivery is made via independent carriers. Freight charges are due at time of delivery. Freight charges are subject to change according to current market conditions. Drivers are not required to assist in unloading. Freight charge includes a 4 hour unloading time for a full trailer. After 4 hours (2 hours for a partial trailer), an \$85.00 demurrage fee is assessed by the carrier. PLEASE NOTE: ONCE A TRAILER IS LOADED FOR DELIVERY, THERE WILL BE NO RESCHEDULING.

**For customers who wish to pick-up their own material:** Please consult with our sales staff to schedule all pick-ups and to confirm the type and size of truck/trailer required. Customers picking up must provide their own nursery tarps or suitable coverings to protect the plant material in transit. We will not consider claims on any material not properly covered for transit. Orders not picked up within 10 days of the notification date shall be considered cancelled by the customer and a restocking fee of 15% shall be applied to the account. All custom tagging must be completed by 4/1.

# TREES

## *ACER CAMPESTRE* *'QUEEN ELIZABETH'* QUEEN ELIZABETH MAPLE

Environmentally adaptable, withstands strong pruning. Rounded head with a flat top in maturity. Good street tree.

Height: 30 - 35', Foliage: Rich green, Spread: 30 - 35', Fall Foliage: Yellow, Zone: 4 - 8, Shape: Oval, round

Height: 15 - 20', Foliage: Vivid green, Spread: 15 - 20', Fall Foliage: Orange-scarlet, Zone: 2 - 8, Shape: Round

## *ACER GINNALA 'FLAME'* FLAME AMUR MAPLE TREE FORM

Low growing tree good for restricted locations. Brilliant orange to scarlet Fall color. Environmental tolerance makes this plant under used in today's urban landscape.

## *ACER RUBRUM* *'ARMSTRONG'* ARMSTRONG MAPLE

A rapid growing columnar form species with interesting leaves. Well suited for urban plantings.

## *ACER RUBRUM 'AUTUMN BLAZE'* AUTUMN BLAZE RED MAPLE

Five lobed leaf resembling a silver maple. Drought tolerant. Great Fall color.

Height: 40 - 50', Foliage: Green with a silver underside, Spread: 40', Fall Foliage: Orange-red, Zone: 4 - 8, Shape: Oval, round

Height: 40 - 50', Foliage: Green, Spread: 25 - 30', Fall Foliage: Red, Zone: 4 - 8, Shape: Pyramidal

## *ACER RUBRUM* *'FRANK JR.'* REDPOINTE RED MAPLE

A cultivar exhibiting excellent form and fall foliage. The striking Fall color makes this cultivar a standout.

## *ACER RUBRUM* *'OCTOBER GLORY'* OCTOBER GLORY MAPLE

Fall leaf retention and spectacular Fall color set this variety aside from the others.

Height: 50 - 60', Foliage: Green, Spread: 35 - 40', Fall Foliage: Red, Zone: 5 - 8, Shape: Oval, broad branching

For Current Availability go to:  
[www.tuckahoenurseries.com](http://www.tuckahoenurseries.com)

# TREES

## *ACER RUBRUM* 'RED ROCKET' RED ROCKET MAPLE

Narrow upright Maple.  
Tight as Bowhall but slower  
growing.

Height: 35-40', Foliage: Green,  
Spread: 15', Fall Foliage: Orange-red,  
Zone: 3-8

## *ACER RUBRUM* 'RED SUNSET' RED SUNSET MAPLE

Fantastic selection for  
urban environments due to  
high ascending branching.  
Exceptional Fall color.

## *ACER SACCHARUM* 'ENDOWMENT' ENDOWMENT SUGAR MAPLE

The symmetrically upright  
branching allows for  
specimen or highway  
plantings.  
This selection has  
increased drought  
resistance and fantastic  
Fall color.

## *ACER SACCHARUM* 'FALL FIESTA' FALL FIESTA SUGAR MAPLE

A fast growing upright  
cultivar with thick rich green  
leaves. Beautiful Fall colors  
vary from yellow, orange  
and red.

Height: 50 - 70', Foliage: Green,  
Spread: 40 - 50", Fall Foliage: Yellow,  
Orange, Red, Zone: 4 - 7,  
Shape: Upright, round

## *ACER SACCHARUM* 'LEGACY' LEGACY SUGAR MAPLE

Legacy is perhaps the  
hardiest of the Sugar  
Maples. Thick cuticle on  
leaf surface,  
pronounced leader and  
uniform leaf distribution  
make this a superior variety.

## *AMELANCHIER HYBRID* 'CUMULUS' CUMULUS SERVICEBERRY TREE FORM

Produces early white flowers and has a smooth gray  
bark. Branching structure  
deems this plant suitable as  
a street tree

For Current Availability go to:  
[www.tuckahoenurseries.com](http://www.tuckahoenurseries.com)

# TREES

## *AMELANCHIER LAEVIS* ALLEGHENY SERVICEBERRY

Red new growth followed by early white flowers. Stunning orange-red Fall color makes this a desirable selection.

Height: 25', Foliage: Bronze-green, Spread: 15', Fall Foliage: Orange-red, Zone: 4 - 8, Shape: Upright

## *AMELANCHIER X* *GRANDIFLORA* *'AUTUMN BRILLIANCE'* AUTUMN BRILLIANCE SERVICEBERRY

The name says it all. Fall color is spectacular. Large edible black fruit in June. Strong branching resists winter damage.

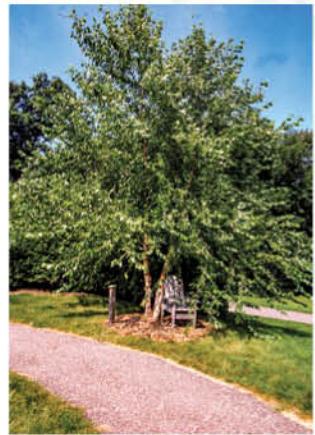

Height: 20 - 25', Foliage: Glabrous green, Spread: 15', Fall Foliage: Orange-red, Zone: 3 - 8, Shape: Upright, round

## *AMELANCHIER X* *GRANDIFLORA* *'PRINCESS DIANA'* PRINCESS DIANA SERVICEBERRY TREE FORM

Produces white flowers bearing red fruit with great red Fall color. Extremely hardy.

Height: 15 - 25', Foliage: Glabrous green, Spread: 15', Fall Foliage: Red, Zone: 3 - 8, Shape: Round

## *BETULA NIGRA CLUMPS* CLUMP RIVER BIRCH

Broad, pyramidal multi-stem tree with characteristic exfoliating bark. Borer resistant.

\*FALL DIGGING/  
TRANSPLANTING  
HAZARD - SEE PAGE 51

Height: 40 - 70', Foliage: Green, Spread: 40 - 60', Fall Foliage: Yellow, Zone: 4 - 9, Shape: Pyramidal

## *BETULA NIGRA* *'HERITAGE'* HERITAGE RIVER BIRCH

Less prone to leaf spot. Heritage stems are more creamy-brown colored than the species.

\*FALL DIGGING/  
TRANSPLANTING  
HAZARD - SEE PAGE 51

Height: 40 - 70', Foliage: Glossy green, Spread: 40 - 60', Fall Foliage: Yellow, Zone: 3 - 8, Shape: Oval headed / multi-stem

## *CARPINUS BETULUS* *'FASTIGIATA'* PYRAMIDAL EUROPEAN HORNBEAM

A slow growing upright habit which is well suited as a specimen or street tree.

Compact ascending branches creates an effective screen.

Height: 30 - 35', Foliage: Green, Spread: 20 - 25', Fall Foliage: Yellow, Zone: 5 - 7, Shape: Columnar

For Current Availability go to:  
[www.tuckahoenurseries.com](http://www.tuckahoenurseries.com)

# TREES

## *CARPINUS BETULUS* 'FRANZ FONTAINE'

### FRANZ FONTAINE EUROPEAN HORNBEAM

A slow growing upright habit which is well suited as a specimen or street tree. Compact ascending branches creates an effective screen.

Height: 30 - 35', Foliage: Textured green, Spread: 20 - 25', Fall Foliage: Yellow, Zone: 4 - 7, Shape: Columnar

## *CARPINUS CAROLINIANA*

### AMERICAN HORNBEAM

A great native tree ideal for naturalizing. Performs best when transplanted late Fall in shady areas.

The persistent leaves through the Winter makes this an interesting addition to the landscape.

Height: 20 - 30', Foliage: Green, Spread: 20 - 30', Fall Foliage: Yellow, Zone: 3 - 9, Shape: Irregular

## *CELTIS OCCIDENTALIS*

### COMMON HACKBERRY

A great native tree known for its disease resistance and transplantability.

A good Elm substitution.

## *CERCIS CANADENSIS*

### EASTERN REDBUD SINGLE STEM

Performs well in moist locations. Contains beautifully ascending branches covered with flowers in March.

\*FALL DIGGING/  
TRANSPLANTING  
HAZARD - SEE PAGE 51

Height: 20 - 30', Foliage: Deep green, Spread: 20 - 25', Fall Foliage: Bright yellow, Zone: 4 - 9, Shape: Round

## *CERCIS CANADENSIS*

### 'FOREST PANSY'

### FOREST PANSY REDBUD

Similar growth habit as species with the exception of the rose-purple blossoms followed by magnificent red-purple leaves.

\*FALL DIGGING/  
TRANSPLANTING  
HAZARD - SEE PAGE 51

Height: 20 - 30', Foliage: Deep green - purple-red, Spread: 20 - 30', Fall Foliage: Light purple, Zone: 4 - 9, Shape: Upright

## *CHIONANTHUS RETUSUS*

### CHINESE FRINGETREE

Flowering more heavily than its native counterpart and with more of a rounded shape.

Height: 15 - 25', Foliage: Green, Spread: 15 - 20', Fall Foliage: Yellow, Zone: 5 - 9, Shape: Upright, round

For Current Availability go to:  
[www.tuckahoenurseries.com](http://www.tuckahoenurseries.com)

# TREES

## *CHIONANTHUS VIRGINICUS* WHITE FRINGE TREE

A fantastic selection for specimen or mass plantings. Produces white flowers in May followed by blue berries.

Height: 15 - 20', Foliage: Green, Spread: 15 - 20', Fall Foliage: Yellow, Zone: 3 - 9, Shape: Round

## *CORNUS FLORIDA* WHITE DOGWOOD

A wide spreading small tree with showy white flowers in late Spring.

Height: 15 - 25', Foliage: Dark green, Spread: 15 - 25', Fall Foliage: Red-purple, Zone: 5 - 7, Shape: Round

## *CORNUS FLORIDA RUBRA* 'CHEROKEE BRAVE' CHEROKEE BRAVE DOGWOOD

A vigorous growing cultivar exhibiting burgundy flowers with white centers. Disease resistant.

Height: 15 - 25', Foliage: Green, Spread: 15 - 25', Fall Foliage: Red-purple, Zone: 5 - 7, Shape: Round

## *CORNUS FLORIDA 'CHEROKEE PRINCESS'* CHEROKEE PRINCESS DOGWOOD

An early white blooming, disease resistant variety. Great red Fall color.

Height: 10 - 25', Foliage: Green, Spread: 10 - 25', Fall Foliage: Red, Zone: 5 - 9, Shape: Round

## *CORNUS KOUSA* KOUSA DOGWOOD TREE FORM

Boasts yellow-white flowers in late Spring providing edible red fruit in Fall. Limited insect and disease occurrence.

Height: 20 - 25', Foliage: Green, Spread: 20 - 25', Fall Foliage: Red, Zone: 5 - 8, Shape: Round, vase

## *CORNUS X RUTCAN CONSTELLATION* CONSTELLATION DOGWOOD

The constellation is a hybrid cultivar, that has an increased disease resistance. Showy white flower clusters of white flowers appearing late Spring. Branching structure appears to have almost a tiered effect, dense low canopy.

Height 25', Foliage Green, Spread 25', Fall Foliage Purple, Zone 5 Shape Round

For Current Availability go to:  
[www.tuckahoenurseries.com](http://www.tuckahoenurseries.com)

# TREES

**CORNUS MAS  
'GOLDEN GLORY'**  
GOLDEN GLORY  
CORNELIAN DOGWOOD

A truly hardy grower producing massive flowers on an upright growth habit.

Height: 20', Foliage: Green,  
Spread: 10 - 15', Fall Foliage: Purple,  
Zone: 4 - 7, Shape: Upright

**CORNUS 'RUTGAN'**  
STELLAR PINK  
DOGWOOD

This is a rapid grower producing abundant soft pink blooms. Predominantly low branched with a strong vase shape habit. Great for mass plantings or specimen gardens.

**CRATAEGUS VIRIDIS  
'WINTER KING'**  
WINTER KING  
HAWTHORN

This variety has dark green leaves with white flower clusters in Spring, followed by red fruit with a yellow, red-purple Fall color.

\*FALL DIGGING/  
TRANSPLANTING  
HAZARD - SEE PAGE 51

**GLEDTISIA  
TRIACANTHOS INERMIS  
'HALKA'**  
HALKA LOCUST

A thornless Honeylocust with a wide, oval crown.

Height: 30 - 40', Foliage: Green,  
Spread: 30 - 40', Fall Foliage: Yellow,  
Zone: 4 - 9, Shape: Round

**GLEDTISIA  
TRIACANTHOS INERMIS  
'SKYLINE'**  
SKYLINE LOCUST

This variety has a broad, pyramidal growth habit with a strong central leader. Dark green foliage turns bright yellow in Fall and is more cold weather tolerant.

Height: 45', Foliage: Green,  
Spread: 30', Fall Foliage: Yellow,  
Zone: 4 - 9, Shape: Ascending,  
pyramidal

**GLEDTISIA  
TRIACANTHOS INERMIS  
STREET KEEPER**  
LOCUST

Ideal street tree with a tight, narrow form.

Height: 40-45', Foliage: Green,  
Spread: 20', Fall Foliage: Yellow,  
Zone: 4 - 9, Shape: Upright, pyramidal

For Current Availability go to:  
[www.tuckahoenurseries.com](http://www.tuckahoenurseries.com)

# TREES

**GYMNOCLADUS DIOCUS  
KENTUCKY  
COFFEETREE**

A drought tolerant tree, with a compound leaf and textured bark.

Height: 60 - 70', Foliage: Green, Spread: 40 - 50', Fall Foliage: Yellow, Zone: 3 - 8, Shape: Upright, round

**GYMNOCLADUS DIOCUS  
ESPRESSO  
ESPRESSO KENTUCKY  
COFFEETREE**

A seedless cultivar.

Height: 60 - 70', Foliage: Green, Spread: 40 - 50', Fall Foliage: Yellow, Zone: 3 - 8, Shape: Upright, oval

**LAGERSTROEMIA X  
CRAPE MYRTLE  
VARIETIES**

**NORTHERN GROWN.**

A great choice for any landscape. Ideal for hedges or as a specimen. A great Summer flowering plant with unusual exfoliating bark.

**Varieties include:** Dynamite, Muskogee, Natchez White, Pink Velour, Tonto and Tuscarora

\*FALL DIGGING/  
TRANSPLANTING  
HAZARD - SEE PAGE 51

**LIQUIDAMBAR  
STYRACIFLUA  
AMERICAN SWEETGUM**

A great native shade tree which produces unique seeds. Textured bark allows for great Winter.

\*FALL DIGGING/  
TRANSPLANTING  
HAZARD - SEE PAGE 51

Height: 60 - 70', Foliage: Deep green, Spread: 30 - 40', Fall Foliage: Yellow, red and purple, Zone: 4 - 9, Shape: Pyramidal, round

**LIQUIDAMBAR  
STYRACIFLUA  
'HAPPIDAZE'  
HAPPIDAZE SWEETGUM**

A nearly seedless selection, with dark green star-like leaves.

\*FALL DIGGING/  
TRANSPLANTING  
HAZARD - SEE PAGE 51

Height: 50 - 60', Foliage: Green, Spread: 30 - 40', Fall Foliage: Maroon, Zone: 5 - 9, Shape: Round

**LIRIODENDRON  
'TULIPIFERA'  
TULIP POPLAR**

A Northeast native with a tulip like flower in early Summer. This tree can reach over 98' at maturity.

\*FALL DIGGING/  
TRANSPLANTING  
HAZARD - SEE PAGE 51

Height: 60 - 90', Foliage: Green, Spread: 30 - 50', Fall Foliage: Golden-yellow, Zone: 4 - 9, Shape: Oval

For Current Availability go to:  
[www.tuckahoenurseries.com](http://www.tuckahoenurseries.com)

# TREES

## *LIRIODENDRON* *'TULIPIFERA'* **EMERALD CITY**

Similar to the native tulip tree, this cultivar grows straighter and more upright, with glossy foliage.

\*FALL DIGGING/  
TRANSPLANTING  
HAZARD - SEE PAGE 51

Height: 45 - 55', Foliage: Deep Green,  
Spread: 20 - 25', Fall Foliage: Yellow,  
Zone: 4B - 8, Shape: Upright, Oval

## *MAACKIA AMURENSIS* **AMUR MAACKIA**

An attractive tree, with white fragrant flower spikes in mid Summer. Also has golden bark giving it Winter interest.

## *MAGNOLIA LILLIFLORA* *'JANE'* **JANE MAGNOLIA**

Blooms attractive flowers in April with a red-purple outside and a white inside.

## *MAGNOLIA STELLATA* *'ROYAL STAR'* **ROYAL STAR MAGNOLIA**

Blooms a little later than Magnolia Lilliflora with more upright branching and a larger bloom.

Height: 10 - 12', Foliage: Green,  
Spread: 10 - 12', Fall Foliage: Yellow,  
Zone: 4 - 8, Shape: Round

## *MAGNOLIA VIRGINIANA* *GLAUCA* **SWEETBAY MAGNOLIA**

A multi-stemmed shrubby Magnolia with creamy-white lemon scented flowers in late Spring. Good wetlands plant.

## *MALUS 'GOLDEN* *RAINDROPS'* **GOLDEN RAINDROPS** **CRABAPPLE**

This white flowering Crabapple has golden-yellow fruit and is very disease resistant to the Japanese Beetle.

For Current Availability go to:  
[www.tuckahoenurseries.com](http://www.tuckahoenurseries.com)

# TREES

## *MALUS 'PRAIRIFIRE'* PRAIRIFIRE CRABAPPLE

Flowers slightly later than others, excellent leaf retention. Red flowers, maroon fruit. Disease resistant.

Height: 15 - 20', Foliage: Bronze-green, Spread: 15 - 20', Fall Foliage: Yellow, Zone: 4 - 7, Shape: Round

## *MALUS 'ROBINSON'* ROBINSON CRABAPPLE

Fantastic pink flowers and red fruit set. Good disease resistance.

## *MALUS ROYAL RAINDROP* ROYAL RAINDROP CRABAPPLE

This disease-resistant cultivar has beautiful cut-leaf purple foliage with incredible magenta flowers. In Spring, late summer it will begin to produce bright red fruit lasting into Fall while changing into its showy Fall color of yellow and reds. A great tree with appeal for ever season.

## *MALUS SARGENTII* SARGENT CRABAPPLE

Dwarf, spreading Crabapple with pink buds opening to white flowers and small scarlet fruit.

Height: 6 - 8', Foliage: Green, Spread: 10 - 12', Fall Foliage: Yellow, Zone: 4 - 7, Shape: Upright, spreading

## *MALUS 'SUGARTYME'* SUGARTYME CRABAPPLE

Upright, spreading Crabapple with white flowers and small orange-red fruit.

Height: 15 - 18', Foliage: Glossy green, Spread: 10 - 15', Fall Foliage: Yellow, Zone: 4 - 8, Shape: Oval

## *METASEQUOIA GLYPTOSTROBOIDES* DAWN REDWOOD

Fast growing pyramidal deciduous conifer effective as a specimen, in groups, or screen plantings.

Height: 70 - 98', Foliage: Green, Spread: 25 - 40', Fall Foliage: Rust, Zone: 4 - 7, Shape: Conical

For Current Availability go to:  
[www.tuckahoenurseries.com](http://www.tuckahoenurseries.com)

# TREES

## *NYSSA SYLVATICA* SOURGUM

Medium growing specimen or shade tree with consistent long lasting Fall colors of yellow, orange, scarlet and purple. Excellent for naturalizing.

\*FALL DIGGING/  
TRANSPLANTING  
HAZARD - SEE PAGE 51

Height: 30 - 50', Foliage: Green,  
Spread: 20 - 30', Fall Foliage: Orange-scarlet, Zone: 4 - 9, Shape: Pyramidal, broad

## *NYSSA SYLVATICA* 'WILDFIRE' SOURGUM

Cultivar with incredible red foliage.

\*FALL DIGGING/  
TRANSPLANTING  
HAZARD - SEE PAGE 51

Height: 30 - 50', Foliage: Green,  
Spread: 20 - 30', Fall Foliage: Orange-scarlet, Zone: 4 - 9, Shape: Pyramidal, broad

## *OSTRYA VIRGINIANA* IRONWOOD OR HOP HORNBEAM

Slow growing, low maintenance tree producing hop-like seeds in late Summer.

\*FALL DIGGING/  
TRANSPLANTING  
HAZARD - SEE PAGE 51

Height: 25 - 40', Foliage: Green,  
Spread: 20 - 30', Fall Foliage: Orange to yellow, Zone: 3 - 9, Shape: Upright, round

## *PLATANUS X ACERIFOLIA* 'BLOODGOOD' BLOODGOOD LONDON PLANETREE

A fantastic urban tree with interesting exfoliating bark. Salt tolerant. Resistant to Anthracnose.

Height: 80 - 90', Foliage: Green,  
Spread: 60 - 70', Fall Foliage: Yellow,  
Zone: 4 - 5, Shape: Pyramidal, oval

## *PLATANUS X ACERIFOLIA* 'EXCLAMATION' EXCLAMATION LONDON PLANETREE

A hybrid selection with an upright pyramidal habit and strong straight central leader.

Height: 60 - 70', Foliage: Green,  
Spread: 40 - 50', Fall Foliage: Yellow,  
Zone: 4 - 8, Shape: Pyramidal

## *PRUNUS X 'OKAME'* OKAME CHERRY

Mildly fragrant pink blooms on striking red-brown bark. A hybrid of *P. Campanulata* and *P. Incisa*. Blooms slightly longer than most Cherries.

Height: 15 - 30', Foliage: Green,  
Spread: 20 - 30', Fall Foliage: Yellow,  
Zone: 6 - 8, Shape: Vase

For Current Availability go to:  
[www.tuckahoenurseries.com](http://www.tuckahoenurseries.com)

# TREES

**PRUNUS PISNOSHZAM**  
**'PINK SNOW SHOWERS'**  
**PINK SNOW SHOWERS**  
**WEEPING CHERRY**

Graceful weeping branches covered in pink flowers in Spring.

Height: 20 - 25', Foliage: Green, Spread: 15 - 20', Fall Foliage: Yellow, Zone: 4 - 8, Shape: Weeping

**PRUNUS SEROTINA**  
**BLACK CHERRY**

The largest of the Eastern native Cherries, producing long clusters of white flowers, followed by dark purple edible fruit.

**PRUNUS SERRULATA**  
**'KWANZAN'**  
**KWANZAN CHERRY**

One of the most prolific flowering Cherries. Boasts large clusters of double pink flowers in early Spring.

Height: 50 - 80', Foliage: Green, Spread: 15 - 20', Fall Foliage: Yellow to red, Zone: 4 - 8, Shape: Upright, round

**PRUNUS SUBHIRTILLA**  
**'AUTUMNALIS'**  
**AUTUMN FLOWERING**  
**CHERRY**

Blooms double pink flowers in March. Warm late season temperatures will generate a second bloom in the Fall.

Height: 20 - 35', Foliage: Green, Spread: 15 - 30', Fall Foliage: Yellow, Zone: 5 - 8, Shape: Upright

Height: 25 - 30', Foliage: Green, Spread: 20 - 25', Fall Foliage: Maroon, Zone: 2 - 7, Shape: Round

**PRUNUS VIRGINIANA**  
**'CANADA RED'**  
**CANADA RED**  
**CHOKECHERRY**

New foliage is green, finally changing to red-purple. White flowers late April to early May. A very hardy species.

**PRUNUS X 'SNOW**  
**FOUNTAINS'**  
**SNOW FOUNTAINS**  
**CHERRY**

A white flowering weeping hybrid, symmetrical in shape with dense branching. Uniformly spaced from graft, great specimen plant.

Height: 6 - 12', Foliage: Green, Spread: 6 - 12', Fall Foliage: Yellow, Zone: 5 - 8, Shape: Pendulous

For Current Availability go to:  
[www.tuckahoenurseries.com](http://www.tuckahoenurseries.com)

# TREES

## *PRUNUS X YEDOENSIS* YOSHINO CHERRY

Early large white flowers on vase shaped branches. A wonderful addition to the landscape.

Height: 30 - 40', Foliage: Green, Spread: 25 - 30', Fall Foliage: Yellow, Zone: 5 - 7, Shape: Upright

## *PYRUS CALLERYANA* 'CHANTICLEER' CHANTICLEER PEAR

Upright pyramidal with early Spring blooms. This variety blooms later than Bradford. Also known as Cleveland Select.

Height: 25 - 30', Foliage: Glossy green, Spread: 15 - 20', Fall Foliage: Red-scarlet, Zone: 5 - 7, Shape: Pyramidal

## *QUERCUS ACUTISSIMA* SAWTOOTH OAK

A pyramidal shaped shade tree with slender serrated leaves. Develops interesting bark with age.

\*FALL DIGGING/  
TRANSPLANTING  
HAZARD - SEE PAGE 51

## *QUERCUS BICOLOR* SWAMP WHITE OAK

Good native Oak with great drought resistance.

\*FALL DIGGING/  
TRANSPLANTING  
HAZARD - SEE PAGE 51

Height: 50 - 60', Foliage: Green, Spread: 40 - 50', Fall Foliage: Bronze, Zone: 4 - 8, Shape: Round

## *QUERCUS IMBRICARIA* SHINGLE OAK

Large elongated leaves, remaining on until early Winter. Nearly round acorns are a food source for wildlife.

\*FALL DIGGING/  
TRANSPLANTING  
HAZARD - SEE PAGE 51

Height: 40 - 60', Foliage: Green, Spread: 40 - 60', Fall Foliage: Yellow, Zone: 5 - 8, Shape: Upright, round

## *QUERCUS PALUSTRIS* PIN OAK

A fast growing pyramidal shade tree with descending branches which is readily transplanted and tolerant to different site conditions.

\*FALL DIGGING/  
TRANSPLANTING  
HAZARD - SEE PAGE 51

Height: 60 - 70', Foliage: Green, Spread: 35 - 40', Fall Foliage: Bronze, Zone: 4 - 8, Shape: Pyramidal

[www.tuckahoenurseries.com](http://www.tuckahoenurseries.com)

# TREES

## *QUERCUS PHELLOS* WILLOW OAK

A medium growing shade tree with long, slender leaves. Good as specimen or street tree.

\*FALL DIGGING/  
TRANSPLANTING  
HAZARD - SEE PAGE 51

Height: 40 - 60', Foliage: Green,  
Spread: 30 - 40', Fall Foliage: Yellow,  
Zone: 5 - 9, Shape: Pyramidal

## *QUERCUS ROBUR* 'REGAL PRINCE' REGAL PRINCE ENGLISH OAK

Rich green leaves adorn this profoundly upright oval branching. A great choice for tight landscapes.

\*FALL DIGGING/  
TRANSPLANTING  
HAZARD - SEE PAGE 51

Height: 40 - 50', Foliage: Green,  
Spread: 20 - 30', Fall Foliage: Rust,  
Zone: 4 - 8, Shape: Columnar

## *QUERCUS RUBRA* RED OAK

Rich, glossy green leaves turn maroon-red in Fall on a rounded, pyramidal growth habit. A good choice for urban conditions.

\*FALL DIGGING/  
TRANSPLANTING  
HAZARD - SEE PAGE 51

Height: 60 - 70', Foliage: Green,  
Spread: 60 - 70', Fall Foliage: Red,  
Zone: 4 - 8, Shape: Pyramidal

## *SYRINGA RETICULATA* 'IVORY SILK' IVORY SILK JAPANESE TREE LILAC

Effective specimen plant with cherry like bark and large, white fragrant flowers in mid-Summer.

Height: 20 - 30', Foliage: Green,  
Spread: 15 - 20', Fall Foliage: Yellow,  
Zone: 3 - 7, Shape: Upright

## *TAXODIUM DISTICHUM* BALD CYPRESS

Attractive red-brown bark with fern like foliage which is suitable for wet sites.

Height: 50 - 75', Foliage: Green,  
Spread: 20 - 30', Fall Foliage: Bronze,  
Zone: 4 - 9, Shape: Pyramidal

## *TAXODIUM DISTICHUM* SHAWNEE BRAVE

A narrower form of Bald Cypress.

Height: 60 - 70', Foliage: Green,  
Spread: 20', Fall Foliage: Bronze,  
Zone: 5 - 10, Shape: Pyramidal

For Current Availability go to:  
[www.tuckahoenurseries.com](http://www.tuckahoenurseries.com)

# TREES

***TILIA AMERICANA*  
'AMERICAN SENTRY'  
AMERICAN SENTRY  
LINDEN**

A more symmetrical cultivar with slightly smaller spread.

Height: 40 - 60', Foliage: Glossy green, Spread: 20 - 30', Fall Foliage: Yellow, Zone: 3 - 7, Shape: Pyramidal

***TILIA CORDATA*  
'GREENSPIRE'  
GREENSPIRE LINDEN**

Widely used street tree which withstands difficult soil conditions. Fragrant yellow flowers.

***TILIA TOMENTOSA*  
'GREEN MOUNTAIN'  
GREEN MOUNTAIN  
SILVER LINDEN**

Fast growing, dense canopy with heat and drought tolerance. Rich green leaves with silver underside.

***TILIA TOMENTOSA*  
'STERLING SILVER'  
STERLING SILVER  
LINDEN**

Fast growing pyramidal shade tree with a lustrous dark green leaf and a silver underside.

Height: 40 - 50', Foliage: Silver-green, Spread: 20 - 30', Fall Foliage: Yellow, Zone: 4 - 7, Shape: Pyramidal

***ULMUS AMERICANA*  
'JEFFERSON'  
JEFFERSON ELM**

Smaller in height and with less of a spread than most of the American varieties, but with the same growing habit.

***ULMUS AMERICANA*  
'PRINCETON'  
PRINCETON AMERICAN  
ELM**

Introduced by Princeton Nursery, this cultivar exhibits large thick leaves and superior resistance to insect and disease.

For Current Availability go to:  
[www.tuckahoenurseries.com](http://www.tuckahoenurseries.com)

# TREES

***ULMUS AMERICANA***  
**'VALLEY FORGE'**  
**VALLEY FORGE ELM**

The ultimate American Elm canopy. This US Arboretum introduction offers a broad, dense canopy while exhibiting excellent disease resistance.

Height: 60 - 80', Foliage: Green,  
Spread: 30 - 60', Fall Foliage: Yellow,  
Zone: 3 - 9, Shape: Vase

***ULMUS CARPINIFOLIA***  
**'ACCOLADE'**  
**ACCOLADE**  
**SMOOTHLEAF ELM**

A great substitution to the American Elm. Rich green leaves with profound disease and insect resistance.

Height: 60 - 80', Foliage: Green,  
Spread: 50 - 60', Fall Foliage: Yellow,  
Zone: 4 - 9, Shape: Upright

***ULMUS WILSONIANA***  
**'PROSPECTOR'**  
**PROSPECTOR ELM**

Vase shaped habit with deep green leaves. Disease tolerant to Dutch Elm Disease and Phloem Necrosis.

Height: 30 - 40', Foliage: Green,  
Spread: 20 - 30', Fall Foliage: Yellow  
Zone: 4 - 9, Shape: Vase

***ZELKOVA SERRATA***  
**'GREEN VASE'**  
**GREEN VASE ZELKOVA**

Fast growing, vase shaped tree with dark green foliage. Good street tree and tolerant of urban conditions.

\*FALL DIGGING/  
TRANSPLANTING  
HAZARD - SEE PAGE 51

Height: 50 - 60', Foliage: Green,

Height: 30 - 40', Foliage: Glossy green,  
Spread: 15 - 25', Fall Foliage: Green,  
Zone: 6 - 9, Shape: Pyramidal

# EVERGREENS

**ILEX OPACA**  
**AMERICAN HOLLY**

A native evergreen with stiff branches and spiny, leathery leaves, produces bright red berries in the Winter.

\*FALL DIGGING/  
TRANSPLANTING  
HAZARD - SEE PAGE 51

Height: 30 - 60', Foliage: Green,  
Spread: 15 - 25', Fall Foliage: Green,  
Zone: 5 - 9, Shape: Pyramidal

Height: 10 - 14', Foliage: Blue-green,  
Spread: 4 - 8', Fall Foliage: Blue-green,  
Zone: 4 - 9, Shape: Upright, pyramidal

**JUNIPERUS**  
**CHINENSIS 'BLUE**  
**POINT'**  
**BLUE POINT**  
**JUNIPER**

A great selection for small areas or planters. Dense branching makes for a great screen as well.

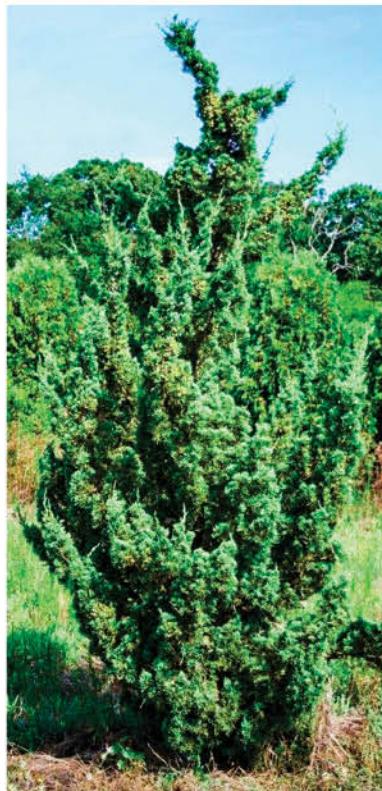

Height: 10 - 15', Foliage: Green,  
Spread: 4 - 6', Fall Foliage: Green,  
Zone: 4 - 9, Shape: Upright

**JUNIPERUS**  
**CHINENSIS 'HETZI**  
**COLUMNARIS'**  
**HETZI**  
**COLUMNARIS**  
**CHINESE**  
**JUNIPER**

Strong pyramidal habit with bright green scale and awl-shaped leaves. A good fast growing, drought tolerant cultivar.

For Current Availability go to:  
[www.tuckahoenurseries.com](http://www.tuckahoenurseries.com)

# EVERGREENS

*JUNIPERUS  
CHINENSIS  
'ROBUSTA GREEN'*  
ROBUSTA GREEN  
JUNIPER

Irregular form with rich green foliage and abundant cones.

*JUNIPERUS  
CHINENSIS  
'SPARTAN'*  
SPARTAN  
JUNIPER

Rapid growing upright evergreen shrub. Dense pyramid of dark green foliage. Ideal for creating a living screen.

*JUNIPERUS  
CHINENSIS  
'TORULOSA'*  
HOLLYWOOD  
JUNIPER

A good selection for creating a colorful hedge or foundation planting. Holds color well during the Winter months.

Height: 12 - 15', Foliage: Green w/ Yellow,  
Spread: 6 - 8', Fall Foliage: N/A,  
Zone: 4 - 9, Shape: Irregular

Height: 15 - 20', Foliage: Green,  
Spread: 6 - 8', Fall Foliage: Green,  
Zone: 3 - 9, Shape: Pyramidal

Height: 20 - 25', Foliage: Green w/ Yellow,  
Spread: 6 - 8', Fall Foliage: N/A,  
Zone: 4 - 9, Shape: Spreading

# EVERGREENS

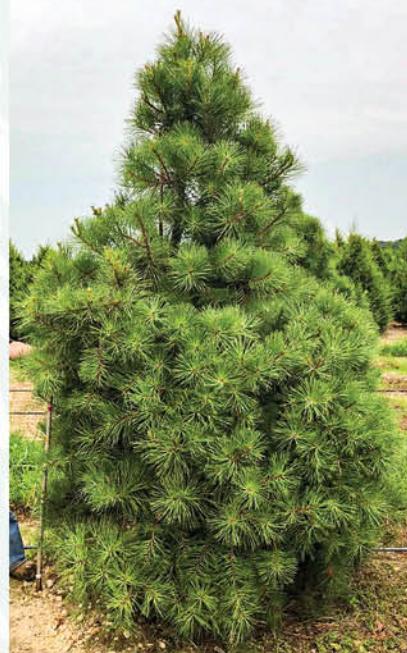

***JUNIPERUS*  
*VIRGINIANA*  
*EASTERN RED*  
*CEDAR***

Native evergreen ideal for naturalizing and environmentally tolerant.

\*FALL DIGGING/  
TRANSPLANTING  
HAZARD - SEE PAGE 51

Height: 30 - 50', Foliage: Green,  
Spread: 8 - 10', Fall Foliage: Bronze,  
Zone: 2 - 9, Shape: Pyramidal

Height: 40 - 60', Foliage: Green,  
Spread: 30 - 50', Fall Foliage: N/A,  
Zone: 4 - 7, Shape: Irregular

***PINUS RIGIDA*  
*PITCH PINE***

Native long needled Pine. Tolerates salt and poor soil conditions.

Height: 50 - 80', Foliage: Green,  
Spread: 20 - 40', Fall Foliage: N/A,  
Zone: 3 - 7, Shape: Pyramidal

***PINUS STROBUS*  
*EASTERN*  
*WHITE PINE*  
*SEMI-SHEARED***

Soft needled Pine reaching heights over 50'. Good for windbreaks and screens.

# EVERGREENS

**PINUS THUNBERGIANA**  
JAPANESE BLACK PINE

A salt tolerant, long needled Pine which grows somewhat irregularly, but makes a nice specimen.

**THUJA OCCIDENTALIS**  
**'EMERALD'**  
EMERALD  
ARBORVITAE

A narrow, dense pyramidal evergreen with bright green foliage.

Height: 10 - 15', Foliage: Rich green, Spread: 3 - 4', Fall Foliage: N/A, Zone: 2 - 8, Shape: Upright

**THUJA OCCIDENTALIS**  
**'NIGRA'**  
DARK AMERICAN  
ARBORVITAE

An excellent choice for screen or wind breaks. Rich dark green foliage with Winter bronzing.

**THUJA PLICATA**  
**'GREEN GIANT'**  
GREEN GIANT  
ARBORVITAE

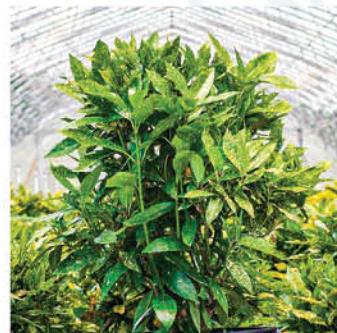

An excellent grower with broad pyramidal habit. A great choice for privacy screens.

Height: 30 - 40', Foliage: Green, Spread: 15 - 20', Fall Foliage: Bronze-green, Zone: 5 - 7, Shape: Upright

# SHRUBS

Height: 6 - 9', Foliage: Rich green, Spread: 3 - 4', Fall Foliage: Red, Zone: 5 - 8, Shape: Upright

Height: 6 - 8', Foliage: Variegated, Spread: 6 - 8', Fall Foliage: Variegated, Zone: 7 - 10, Shape: Round

## **ARONIA ARBUTIFOLIA 'BRILLIANTISSIMA' BRILLIANT RED CHOKEBERRY**

This readily transplanted native provides beautiful white flowers in May. A fantastic selection for mass plantings. Fall color exceeds Euonymus Alatus.

Height: 3 - 5', Foliage: Glossy green, Spread: 4 - 6', Fall Foliage: Yellow-red, Zone: 5 - 8, Shape: Upright

## **ARONIA MELANOCARPA BLACK CHOKEBERRY**

Similar to Aronia Arbutifolia except the fruit is blackish-purple. Environmentally adaptable.

Height: 3 - 5', Foliage: Dark green, Spread: 2 - 4', Fall Foliage: Red-purple, Zone: 3 - 8, Shape: Round, upright

## **ARONIA MELANOCARPA VIKING BLACK CHOKEBERRY**

A cultivar, noted by having better plant form, larger fruit, and outstanding Fall color.

Height: 3 - 4', Foliage: Green, Spread: 3 - 4', Fall Foliage: Bronze, Zone: 6 - 8, Shape: Round

## **BERBERIS X GLADWYNENSIS 'WILLIAM PENN' WILLIAM PENN BARBERRY**

Lustrous green foliage on this mounding plant. Beautiful yellow flowers adorn.

Height: 6 - 8', Foliage: Green, Spread: 6 - 8', Fall Foliage: Bronze, Zone: 6 - 8, Shape: Round

## **BERBERIS JULIANAE WINTERGREEN BARBERRY**

A fantastic choice for creating an impenetrable hedge. Extremely hardy dark green foliage with wonderful yellow blossoms followed by black fruit.

# SHRUBS

**BERBERIS THUNBERGII  
ATROPURPUREA  
'CRIMSON PYGMY'  
CRIMSON PYGMY  
BARBERRY**

A fantastic selection to create a low growing, colorful hedge.

Height: 2', Foliage: Burgundy, Spread: 2 - 3', Fall Foliage: Purple-red, Zone: 4 - 7, Shape: Compact, round

Height: 3 - 6', Foliage: Burgundy, Spread: 4 - 7', Fall Foliage: Purple-red, Zone: 4 - 7, Shape: Upright

**BERBERIS THUNBERGII  
ATROPURPUREA  
'MARSHALL'S UPRIGHT'  
MARSHALL'S UPRIGHT  
BARBERRY**

Upright in form with bright red leaves.

Height: 3 - 4', Foliage: Rosy red, Spread: 2 - 3', Fall Foliage: Maroon, Zone: 4 - 7, Shape: Round, open

**BERBERIS THUNBERGII  
ATROPURPUREA  
'ROSE GLOW'  
ROSY GLOW BARBERRY**

Boasts red/white new growth which turns to a rosy red. This variety provides yellow flowers bearing beautiful red berries in Fall.

**BUTTERFLY BUSH**

An easy deciduous grower boasting prolific flowers throughout the Summer.

- 'BLACK KNIGHT'**  
Dark violet purple flowers.
- 'NANHO BLUE'**  
Mauve blue flowers
- 'PINK DELIGHT'**  
Fragrant rich pink flowers 6-12" long
- 'WHITE PROFUSION'**  
Slightly fragrant white flowers

Height: 10 - 15', Foliage: Green, Spread: 2 - 10', Fall Foliage: Green, Zone: 5 - 9, Shape: Spreading

**BUXUS X 'GREEN  
MOUNTAIN'  
GREEN MOUNTAIN  
BOXWOOD**

A superior selection for leaf color retention. Great for creating a hedge or as a specimen. Slightly more upright than other hybrids.

Height: 3 - 4', Foliage: Green, Spread: 3 - 4', Fall Foliage: Green, Zone: 3 - 9, Shape: Round

**BUXUS 'GREEN VELVET'  
GREEN VELVET  
BOXWOOD**

An extremely hardy, full-bodied Boxwood ideal for hedges. Fantastic color retention in the Winter along with being deer resistant makes this an ideal selection.

For Current Availability go to:  
[www.tuckahoenurseries.com](http://www.tuckahoenurseries.com)

# SHRUBS

**BUXUS MICROPHYLLA  
'WINTER GEM'**  
WINTER GEM BOXWOOD

Similar to 'Wintergreen' although may have a slightly richer color.

Height: 2', Foliage: Green,  
Spread: 2', Fall Foliage: Green,  
Zone: 6 - 9, Shape: Round

Height: 3 - 5', Foliage: Green,  
Spread: 3 - 5', Fall Foliage: Green-bronze,  
Zone: 6 - 9, Shape: Round

**BUXUS MICROPHYLLA  
'WINTERGREEN'**  
WINTER GREEN  
BOXWOOD

A small leafed uniform habit with good Winter hardiness.

**CARYOPTERIS X  
CLANDONENSIS**  
BLUE MIST SPIREA

A fantastic blue flowering herbaceous shrub ideal for accents or for borders.

Height: 2 - 3', Foliage: Silver,  
Spread: 2 - 3', Fall Foliage: Brown,  
Zone: 6 - 9, Shape: Round

**CLETHRA ALNIFOLIA**  
SUMMERSWEET

Extremely fragrant, white blooming shrub in Summer. Will tolerate shade and wet locations.

Height: 4 - 8', Foliage: Green,  
Spread: 4 - 6', Fall Foliage: Yellow,  
Zone: 4 - 9, Shape: Upright

Height: 3 - 4', Foliage: Green,  
Spread: 6 - 8', Fall Foliage: Yellow,  
Zone: 4 - 9, Shape: Spreading

**CLETHRA ALNIFOLIA  
'HUMMINGBIRD'**  
HUMMINGBIRD  
SUMMERSWEET

Low, spreading form with 6-7" long flowers. Excellent Fall color.

**CLETHRA ALNIFOLIA  
'RUBY SPICE'**  
RUBY SPICE PINK  
SUMMERSWEET

A great strain of the native species with persistent non-fading, pink flowers through mid Summer. Prefers partial sun, but will perform well in full sun.

Height: 3 - 6', Foliage: Green,  
Spread: 3 - 4', Fall Foliage: Yellow,  
Zone: 3 - 8, Shape: Upright

For Current Availability go to:  
[www.tuckahoenurseries.com](http://www.tuckahoenurseries.com)

# SHRUBS

**CLETHRA ALNIFOLIA  
'SIXTEEN CANDLES'  
SIXTEEN CANDLES  
CLETHRA**

A vigorous cultivar boasting large 4-6" persistent fragrant white flowers.

Height: 3 - 4', Foliage: Green,  
Spread: 3 - 4', Fall Foliage: Yellow,  
Zone: 3 - 7, Shape: Upright

Height: 6 - 8', Foliage: Variegated cream and green, Spread: 4 - 5', Fall Foliage: Red-purple, Zone: 2 - 7, Shape: Erect, round

**CORNUS ALBA  
'ARGENTEO-MARGINATA'  
VARIEGATED DOGWOOD**

Variegated leaves are effective when used in mass plantings and light shade. Deep red stems add Winter interest.

**CORNUS AMOMUM  
SILKY DOGWOOD**

Multi-stemmed shrub with red-purple branches. Useful for naturalizing in moist and wet soils, yet will tolerate full sun quite well.

**CORNUS RACEMOSA  
GRAY DOGWOOD**

Great for screening, this native Dogwood will produce white flowers, followed by white berries on red stems.

Height: 10 - 15', Foliage: Green,  
Spread: 10 - 15', Fall Foliage: Purple,  
Zone: 4 - 8, Shape: Upright, round

Height: 6 - 9', Foliage: Green,  
Spread: 6 - 9', Fall Foliage: Red-purple,  
Zone: 2 - 6, Shape: Spreading, round

**CORNUS SERICEA  
BAILEYII  
BAILEY RED TWIG  
DOGWOOD**

White flowers atop intense red stems. Fantastic in mass plantings.

**CORNUS SERICEA  
'BUD'S YELLOW'  
BUD'S YELLOW TWIG  
DOGWOOD**

Yellow stems with white flowers in Spring. Effective in mass plantings and for bank retention.

For Current Availability go to:  
[www.tuckahoenurseries.com](http://www.tuckahoenurseries.com)

# SHRUBS

**CORNUS SERICEA**  
**'KELSEY'S DWARF'**  
**KELSEY'S DWARF RED**  
**TWIG DOGWOOD**

Bright red stems in the Winter and abundant white flowers in the Spring.

Height: 2 - 3', Foliage: Green,  
Spread: 2 - 3', Fall Foliage: Yellow,  
Zone: 5 - 7, Shape: Compact

**COTONEASTER**  
**DAMMERI**  
**'CORAL BEAUTY'**  
**CORAL BEAUTY**  
**COTONEASTER**

Excellent groundcover with  
glossy foliage and showy  
coral-red fruit.

Height: 1 - 2', Foliage: Rich green,  
Spread: 4 - 6', Fall Foliage: Red-purple,  
Zone: 5 - 7, Shape: Prostrate

**COTONEASTER**  
**SALICIFOLIUS**  
**'REPANDENS'**  
**WILLOWLEAF**  
**COTONEASTER**

Low growing semi-  
evergreen shrub with small,  
bright red fruit.

Height: 4 - 5', Foliage: Dark green,  
Spread: 6 - 8', Fall Foliage: Red-purple,  
Zone: 6 - 8, Shape: Spreading, pendulous

**DEUTZIA GRACILIS**  
**'NIKKO'**  
**NIKKO DEUTZIA**

Profuse double white  
flowers make this plant  
useful for mass plantings.

Height: 1 - 2', Foliage: Green,  
Spread: 2 - 5', Fall Foliage: Yellow,  
Zone: 5 - 8, Shape: Round

**EUONYMUS ALATUS**  
**COMPACTUS**  
**DWARF BURNING BUSH**

A dense growing deciduous  
shrub with brilliant crimson  
Fall color and interesting  
winged bark. A great  
selection for creating a  
natural hedge.

Height: 6 - 8', Foliage: Green,  
Spread: 6 - 8', Fall Foliage: Crimson,  
Zone: 5 - 8, Shape: Round

**EUONYMUS**  
**KIAUTSCHOVICUS**  
**'MANHATTAN'**  
**MANHATTAN**  
**EUONYMUS**

A spreading semi-  
evergreen shrub with dark  
green glossy foliage.

Height: 4 - 6', Foliage: Glossy green,  
Spread: 4 - 6', Fall Foliage: N/A,  
Zone: 5 - 8, Shape: Irregular

For Current Availability go to:

# SHRUBS

**FORSYTHIA INTERMEDIA  
'LYNWOOD GOLD'**  
LYNWOOD GOLD  
FORSYTHIA

Brilliant yellow flowers in early April make this a favorite for borders or mass plantings.

Height: 8 - 10', Foliage: Glossy green, Spread: 6 - 8', Fall Foliage: Yellow, Zone: 6 - 8, Shape: Upright, spreading

Height: 5 - 6', Foliage: Textured rich blue-green, Spread: 5 - 6', Fall Foliage: Yellow-orange, Zone: 5 - 8, Shape: Upright

**FOTHERGILLA  
GARDENII 'MOUNT AIRY'**  
MOUNT AIRY DWARF  
FOTHERGILLA

Fragrant white flowers are present mid April. Shade tolerant. Leaves add a good texture to the landscape.

Height: 10 - 15', Foliage: Textured green, Spread: 10 - 12', Fall Foliage: Gold, Zone: 4 - 8, Shape: Round

**HAMAMELIS VERNALIS  
VERNAL WITCHHAZEL**

A rounded, spreading deciduous shrub which blooms yellow in February.

**HAMAMELIS VIRGINIANA  
COMMON WITCHHAZEL**

An ideal selection for a naturalized landscape. Clean fragrant flowers borne in late October.

Height: 20 - 30', Foliage: Green, Spread: 20 - 25', Fall Foliage: Yellow, Zone: 3 - 8, Shape: Round

Height: 4', Foliage: Smooth with silvery undersides, Spread: 8', Fall Foliage: Yellow, Zone: 4 - 8, Shape: Spreading

**HYDRANGEA  
ARBORESCENS  
'ANNABELLE'**  
ANNABELLE  
HYDRANGEA

Bears abundant 10" white mushroom cap flowers in June, tolerates shade.

Height: 3 - 4', Foliage: Green, Spread: 3 - 4', Fall Foliage: Yellow, Zone: 5 - 9, Shape: Round

**HYDRANGEA  
MACROPHYLLA  
'ALL SUMMER BEAUTY'**  
ALL SUMMER BEAUTY  
HYDRANGEA

A prolific flowering cultivar with a compact growth habit. Shown to bloom on the new wood of the season.

# SHRUBS

**HYDRANGEA  
MACROPHYLLA  
'ENDLESS SUMMER'  
ENDLESS SUMMER  
HYDRANGEA**

Blooming off new and old wood, this Hydrangea will give you large blooms all season long.

Height: 3 - 5', Foliage: Green,  
Spread: 3 - 5', Fall Foliage: Bronze,  
Zone: 4 - 9, Shape: Round

Height: 4 - 5', Foliage: Glossy green,  
Spread: 4 - 5', Fall Foliage: Yellow,  
Zone: 5 - 9, Shape: Round

**HYDRANGEA  
MACROPHYLLA  
'NIKKO BLUE'  
NIKKO BLUE  
HYDRANGEA**

A mounding, vigorous growing deciduous shrub with large round, blue flowers in Summer. Acidic soil promotes a more blue tone to flowers.

Height: 4 - 6', Foliage: Green,  
Spread: 4 - 5', Fall Foliage: Burgundy,  
Zone: 5 - 9, Shape: Upright, round

**HYDRANGEA  
MACROPHYLLA  
'PENNY MAC'  
PENNY MAC  
HYDRANGEA**

Blooming off new wood, this Hydrangea will give you large blue mop head flowers from Summer to Fall.

**HYDRANGEA  
MACROPHYLLA  
'TWIST-N-SHOUT'  
TWIST-N-SHOUT  
HYDRANGEA**

Blooming off new and old wood, this selection will give you pink to blue flowers all season long. Lace Cap Hydrangea.

Height: 3 - 5', Foliage: Green,  
Spread: 3 - 5', Fall Foliage: Burgundy,  
Zone: 4 - 9, Shape: Upright, round

Height: 6', Foliage: Glossy green,  
Spread: 6', Fall Foliage: Orange-scarlet, Zone: 3 - 8, Shape: Round

**HYDRANGEA  
PANICULATA  
'COMPACT'  
COMPACT PEE GEE  
HYDRANGEA**

A more compact plant with smaller leaves. A good choice for limited space.

Height: 4 - 6', Foliage: Coarse green,  
Spread: 3 - 5', Fall Foliage: Red-purple,  
Zone: 5 - 9, Shape: Upright, round

**HYDRANGEA  
QUERCIFOLIA 'ALICE'  
ALICE HYDRANGEA**

A dark green Oak shaped leaf shrub with large, white flowers, turning maroon in Fall. Larger growing than straight species.

For Current Availability go to:  
[www.tuckahoenurseries.com](http://www.tuckahoenurseries.com)

# SHRUBS

## *HYDRANGEA QUERCIFOLIA OAKLEAF HYDRANGEA*

Dark green shaped leaf shrub with large, white flowers turning pink in Fall.

Height: 4 - 6', Foliage: Coarse green, Spread: 3 - 5', Fall Foliage: Red-orange, Zone: 5 - 9, Shape: Upright

Height: 4 - 6', Foliage: Coarse green, Spread: 3 - 5', Fall Foliage: Red-bronze, Zone: 5 - 9, Shape: Upright

## *HYDRANGEA QUERCIFOLIA 'SNOW QUEEN' SNOW QUEEN HYDRANGEA*

Deep green shaped leaf shrub with large, white flowers turning purple-pink in Fall.

## *ILEX CRENATA 'COMPACTA' COMPACT JAPANESE HOLLY*

A compact, rounded evergreen shrub with small, black berrylike fruit.

Height: 6 - 7', Foliage: Glossy green, Spread: 6 - 8', Fall Foliage: N/A, Zone: 6 - 8, Shape: Compact, spreading

## *ILEX CRENATA 'GREEN LUSTRE' GREEN LUSTER JAPANESE HOLLY*

This variety grows somewhat wider than 'Compacta' and has dark green lustrous leaves.

Height: 2 - 3', Foliage: Glossy green, Spread: 4 - 6', Fall Foliage: N/A, Zone: 5 - 8, Shape: Spreading

Height: 3', Foliage: Dull green, Spread: 4', Fall Foliage: N/A, Zone: 5 - 8, Shape: Mound

## *ILEX CRENATA 'HELLERI' HELLERI DWARF JAPANESE HOLLY*

A low growing, mounded form of Japanese Holly. Good for low hedge or border planting.

## *ILEX CRENATA 'HOOGENDORN' HOOGENDORN JAPANESE HOLLY*

This low-growing compact grower is ideal for hedging.

Height: 2', Foliage: Green, Spread: 2', Fall Foliage: Green, Zone: 5 - 6, Shape: Round

For Current Availability go to:  
[www.tuckahoenurseries.com](http://www.tuckahoenurseries.com)

# SHRUBS

***ILEX CRENATA*  
'SKY PENCIL'  
SKY PENCIL HOLLY**

Dense upright habit covered with dark green leaves. Will create a nice hedge.

Height: 6 - 8', Foliage: Glossy green, Spread: 12', Fall Foliage: N/A, Zone: 5 - 8, Shape: Extremely fastigiate

***ILEX CRENATA*  
'STEED'S'  
STEED'S UPRIGHT HOLLY**

A small leafed, narrow upright selection of Japanese Holly with dark green foliage.

Height: 6 - 8', Foliage: Glossy green, Spread: 4 - 6', Fall Foliage: N/A, Zone: 5 - 8, Shape: Pyramidal

***ILEX GLABRA COMPACTA*  
COMPACT INKBERRY**

Becomes more dense and rounded with age. White flowers are followed by black berries.

Height: 4 - 6', Foliage: Glossy green, Spread: 6 - 8', Fall Foliage: Green Zone: 4 - 9, Shape: Round

***ILEX GLABRA 'DENSA'*  
DENSA INKBERRY**

A premier selection with a defined oval round outline.

Height: 8 - 10', Foliage: Green, Spread: 6 - 8', Fall Foliage: Green, Zone: 4 - 9, Shape: Oval, round

***ILEX GLABRA*  
'SHAMROCK'  
SHAMROCK COMPACT INKBERRY**

A more upright compact Inkberry with broad, dark green foliage.

Height: 3 - 4', Foliage: Green, Spread: 3 - 4', Fall Foliage: Green, Zone: 4 - 9, Shape: Round, upright

***ILEX MESOG*  
'CHINA BOY'  
CHINA BOY HOLLY**

Glossy green foliage with exceptional cold hardiness. This is the male pollinator for *Ilex Mesog 'China Girl'*.

Height: 8 - 10', Foliage: Glossy Green, Spread: 6 - 8', Fall Foliage: Green, Zone: 5 - 8, Shape: Compact, mound

For Current Availability go to:  
[www.tuckahoenurseries.com](http://www.tuckahoenurseries.com)

# SHRUBS

**ILEX MESOG 'CHINA GIRL'**  
CHINA GIRL HOLLY

The female form with abundant red berries. More heat tolerant than other species.

Height: 3 - 5', Foliage: Glossy green, Spread: 3 - 5', Fall Foliage: Green, Zone: 5 - 8, Shape: Compact, round

Height: 10 - 12', Foliage: Blue-green, Spread: 6 - 8', Fall Foliage: Green, Zone: 5 - 9, Shape: Pyramidal

**ILEX X MESERVEAE**  
'BLUE MAID'  
BLUE MAID HOLLY

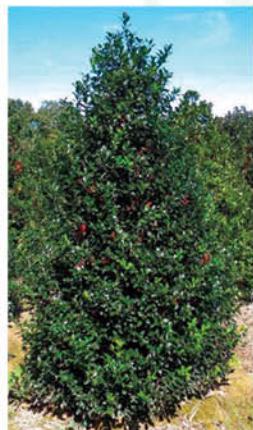

This female hybrid has a broad pyramidal habit and bright red berries. One of the more hardy varieties of the Meserveae.

Height: 10 - 12', Foliage: Blue-green, Spread: 6 - 8', Fall Foliage: Green, Zone: 5 - 9, Shape: Round

**ILEX X MESERVEAE**  
'BLUE PRINCE'  
BLUE PRINCE HOLLY

An evergreen shrub with dark green foliage. This slow grower is the pollinator for Ilex x Meserveae 'Blue Princess'.

**ILEX X MESERVEAE**  
'BLUE PRINCESS'  
BLUE PRINCESS HOLLY

A female hybrid bearing bright, red berries. This Meserveae displays a slower growth habit.

Height: 10 - 12', Foliage: Blue-green, Spread: 7 - 9', Fall Foliage: Green, Zone: 5 - 9, Shape: Round

Height: 10 - 12', Foliage: Blue-green, Spread: 7 - 9', Fall Foliage: Green, Zone: 5 - 9, Shape: Round

**ILEX X MESERVEAE 'BLUE STALLION'**  
BLUE STALLION HOLLY

A male hybrid with rich foliage. A good male pollinator for all female Meserveae Hollies.

Height: 6 - 8', Foliage: Green, Spread: 6 - 8', Fall Foliage: Yellow, Zone: 4, Shape: Upright

**ILEX VERTICILLATA**  
'JIM DANDY'  
JIM DANDY  
WINTERBERRY

A great compact early flowering male pollinator. Pollinator for Red Sprite and Winter Red.

For Current Availability go to:  
[www.tuckahoenurseries.com](http://www.tuckahoenurseries.com)

# SHRUBS

***ILEX VERTICILLATA*  
'RED SPRITE'  
RED SPRITE  
WINTERBERRY**

This slow growing, large persistent berried dwarf Holly is great in mass plantings and moist soils.

Height: 3 - 5', Foliage: Green,  
Spread: 3 - 5', Fall Foliage: Yellow,  
Zone: 3 - 9, Shape: Round

***ILEX VERTICILLATA*  
'SOUTHERN  
GENTLEMAN'  
SOUTHERN GENTLEMAN  
WINTERBERRY**

A male pollinator for Sparkleberry and Winter Red.

Height: 6 - 10', Foliage: Green,  
Spread: 6 - 10', Fall Foliage: Yellow,  
Zone: 3 - 9, Shape: Oval

***ILEX VERTICILLATA*  
'SPARKLEBERRY'  
SPARKLEBERRY  
WINTERBERRY**

This deciduous shrub is an excellent choice for mass plantings. Large red berries persist through Winter.

Height: 10 - 12', Foliage: Dark green,  
Spread: 8 - 10', Fall Foliage: Yellow,  
Zone: 4 - 9, Shape: Upright, round

***ILEX VERTICILLATA*  
'WINTER GOLD'  
WINTER GOLD  
WINTERBERRY**

Berries starting at pinkish-orange in Fall, changing to a golden yellow in Winter.

Height: 5 - 8', Foliage: Dark green,  
Spread: 5 - 8', Fall Foliage: Yellow,  
Zone: 3 - 9, Shape: Upright, round

***ILEX VERTICILLATA*  
'WINTER RED'  
WINTER RED  
WINTERBERRY**

A deciduous shrub with rich textured leaves. Profuse, bright red berries persist through Winter. Good selection for shade plantings as well as sunny locations.

Height: 6 - 9', Foliage: Dark green,  
Spread: 6 - 8', Fall Foliage: Rich  
orange, Zone: 4 - 9, Shape: Upright,  
round

***ITEA VIRGINICA*  
'HENRY'S GARNET'  
HENRY'S GARNET  
VIRGINIA SWEETSPIRE**

Small spreading mounded shrub with large 3" fragrant flowers in late Spring through Summer. A vigorous grower.

For Current Availability go to:  
[www.tuckahoenurseries.com](http://www.tuckahoenurseries.com)

# SHRUBS

*ITEA VIRGINICA*  
**'MERLOT'**  
**MERLOT VIRGINIA**  
**SWEETSPIRE**

Introduced for a more compact, more intense red Fall color. Ideal replacement for Little Henry Itea.

Height: 3', Foliage: Green,  
Spread: 3', Fall Foliage: Red,  
Zone: 5 - 9, Shape: Round

Height: 3 - 4', Foliage: Green w/ Yellow,  
Spread: 3 - 5', Fall Foliage: N/A,  
Zone: 4 - 9, Shape: Spreading

*JUNIPERUS CHINENSIS*  
**'OLD GOLD'**  
**OLD GOLD JUNIPER**

A good selection for creating a colorful hedge or foundation planting. Holds color well during the Winter months.

Height: 2 - 3', Foliage: Gray green,  
Spread: 4 - 6', Fall Foliage: N/A,  
Zone: 3 - 9, Shape: Spreading

*JUNIPERUS CHINENSIS*  
**'PFITZERIANA**  
**COMPACTA'**  
**COMPACT PFITZER**  
**JUNIPER**

A compact, dwarf spreading form of Pfitzer. Ideal for tight locations. Turns purplish-blue in Winter.

*JUNIPERUS CHINENSIS*  
**SARGENTII 'VIRIDIS'**  
**SARGENT GREEN**  
**JUNIPER**

Graceful branching creates a soft appearance to the landscape. Also provides thick coverage.

Height: 2 - 4', Foliage: Rich green,  
Spread: 5 - 8', Fall Foliage: Green,  
Zone: 4 - 9, Shape: Spreading

Height: 4 - 6', Foliage: Green,  
Spread: 4 - 6', Fall Foliage: Green,  
Zone: 4 - 8, Shape: Spreading

*JUNIPERUS CHINENSIS*  
**'SEA GREEN'**  
**SEA GREEN JUNIPER**

A low spreading Juniper with dark green foliage. Pendulous branching with age.

Height: 15 - 18", Foliage: Blue-green,  
Spread: 3 - 6', Fall Foliage: Green,  
Zone: 5 - 9, Shape: Spreading

*JUNIPERUS CONFERTA*  
**'BLUE PACIFIC'**  
**BLUE PACIFIC JUNIPER**

A fast growing evergreen groundcover with attractive blue-green foliage. Perhaps the hardiest of the shore Junipers, exhibits salt tolerance.

For Current Availability go to:  
[www.tuckahoenurseries.com](http://www.tuckahoenurseries.com)

# SHRUBS

Height: 12 - 15", Foliage: Blue-gray, Spread: 6 - 8', Fall Foliage: Purple, Zone: 3 - 9, Shape: Spreading

**JUNIPERUS  
HORIZONTALIS  
'BAR HARBOR'**  
BAR HARBOR JUNIPER

This prostrate evergreen groundcover adds interesting texture to the landscape while tolerating salty conditions.

Height: 15 - 18", Foliage: Green, Spread: 4 - 6', Fall Foliage: Bronze, Zone: 3 - 9, Shape: Spreading

**JUNIPERUS  
HORIZONTALIS  
PLUMOSA  
'YOUNGSTOWN'  
COMPACT ANDORRA**  
JUNIPER

Dense, compact spreading Juniper with bright green foliage. One of the few with good Winter color.

Height: 4 - 8", Foliage: Blue-green, Spread: 6 - 8', Fall Foliage: Purple, Zone: 3 - 9, Shape: Spreading

**JUNIPERUS  
HORIZONTALIS 'WILTONI'**  
BLUE RUG JUNIPER

Prostrate evergreen groundcover tolerant to environmental conditions.

Height: 15 - 18", Foliage: Lime-green, Spread: 8 - 10', Fall Foliage: Purple, Zone: 3 - 9, Shape: Spreading

**JUNIPERUS  
PROCUMBENS 'NANA'**  
DWARF JAPANESE  
GARDEN JUNIPER

Mounded spreading evergreen groundcover with dense lime-green foliage. Creates an interesting effect when planted in mass.

Height: 10 - 15', Foliage: Green, Spread: 8 - 10', Fall Foliage: N/A, Zone: 5 - 7, Shape: Upright

**LIGUSTRUM OVALIFOLIUM  
'CALIFORNIA PRIVET'**  
CALIFORNIA PRIVET

Fragrant white flowers on this vigorous shrub. A great choice for a rapid screen.

Height: 6 - 12', Foliage: Pale green, Spread: 6 - 12', Fall Foliage: Yellow, Zone: 5 - 9, Shape: Open, round

**LINDERA BENZOIN**  
SPICEBUSH

Early yellow flowers, glossy red fruit, and fragrant foliage make this an interesting selection. Great for naturalizing a shady or partially sunny location.

For Current Availability go to:  
[www.tuckahoenurseries.com](http://www.tuckahoenurseries.com)

# SHRUBS

## *MYRICA PENNSYLVANICA* NORTHERN BAYBERRY

Salt tolerant, semi-evergreen shrub with fragrant berries.

Height: 5 - 10', Foliage: Green, Spread: 5 - 10', Fall Foliage: Brown, Zone: 2 - 6, Shape: Round

## *PHOTINIA X FRASERI* FRASER PHOTINIA

The red new growth and the fast growth habit make this plant ideal for hedges.

Height: 10 - 15', Foliage: Green-red, Spread: 2 - 10', Fall Foliage: N/A, Zone: 7 - 9, Round

## *PRUNUS LAUROCERASUS* 'SCHIPKAENSIS' SCHIPKA CHERRY LAUREL

Evergreen shrub useful for hedges and borders. White flowers, narrow glossy green leaves. Hardest of Cherrylaurels.

Height: 6 - 10', Foliage: Dark green, Spread: 4 - 5', Fall Foliage: N/A, Zone: 5 - 8, Shape: Upright

## *PRUNUS MARITIMA* BEACH PLUM

A salt tolerant, dense shrub which flowers in May, followed by purple fruit.

Height: 4 - 6', Foliage: Green, Spread: 4 - 6', Fall Foliage: Yellow, Zone: 3 - 6, Shape: Round

Height: 2 - 3', Foliage: Green, Spread: 5 - 6', Fall Foliage: Orange-red, Zone: 4 - 9, Shape: Low, spreading

## *RHUS AROMATICA* 'GRO-LOW' GRO-LOW SUMAC

Low growing form that is excellent for bank stabilization. Tolerates dry conditions.

## *RHUS GLABRA* SMOOTH SUMAC

A great choice for mass planting in woods line. Very showy Fall color, with cone like clusters of berries all Winter long.

Height: 10 - 15', Foliage: Green, Spread: 10 - 15', Fall Foliage: Scarlet, Zone: 3 - 9, Shape: Round

For Current Availability go to:  
[www.tuckahoenurseries.com](http://www.tuckahoenurseries.com)

# SHRUBS

## *RHUS TYPHINA* STAGHORN SUMAC

Similar to Smooth Sumac, Staghorn has a velvety coat of short brown hairs like the antlers of a deer.

Height: 15 - 25', Foliage: Green, Spread: 15 - 25', Fall Foliage: Yellow to Red, Zone: 4 - 8, Shape: Round

## *ROSA RUGOSA* RUGOSA ROSE

An aggressive groundcover shrub producing red-pink flowers. Salt tolerant.

Height: 4 - 6', Foliage: Green, Spread: 4 - 6', Fall Foliage: Orange-red, Zone: 2 - 7, Shape: Upright

## *ROSA RUGOSA 'ALBA'* WHITE RUGOSA ROSE

An aggressive, low growing groundcover shrub producing double white flowers. Beautiful seed pods persist through Fall. Salt tolerant.

Height: 4 - 6', Foliage: Green, Spread: 4 - 6', Fall Foliage: Orange-scarlet, Zone: 2 - 7, Shape: Upright

## *ROSA VIRGINIANA* VIRGINIA ROSE

A great native Rose. The persistant fruit through the Winter adds a great landscape value. Pink flower.

Height: 4 - 6', Foliage: Green, Spread: 4 - 6', Fall Foliage: Red-purple, Zone: 3 - 7, Shape: Round

Height: 30', Foliage: Green, Spread: 20', Fall Foliage: Yellow, Zone: 5 - 9, Shape: Upright

## *SALIX DISCOLOR* PUSSY WILLOW

A fantastic native choice for wet areas. The blue-green foliage with the wonderful soft catkins is a great accent to the landscape.

## *SPIRAEA X BUMALDA 'ANTHONY WATERER'* ANTHONY WATERER SPIREA

Mounding deciduous shrub with rose-pink flowers throughout the Summer.

Height: 3 - 5', Foliage: Green, Spread: 4 - 5', Fall Foliage: Bronze, Zone: 3 - 8, Shape: Round

For Current Availability go to:  
[www.tuckahoenurseries.com](http://www.tuckahoenurseries.com)

# SHRUBS

Height: 3 - 4', Foliage: Yellow,  
Spread: 3 - 4', Fall Foliage: Yellow,  
Zone: 3 - 8, Shape: Round

## *SPIRAEA X BUMALDA* **'GOLDFLAME'** GOLDFLAME SPIREA

Beautiful bronze-red foliage turning soft yellow. Wonderful pink flowers, good heat tolerance and leaf color make this an ideal selection.

Height: 2 - 3', Foliage: Orange-yellow,  
Spread: 2 - 3', Fall Foliage: Orange-red,  
Zone: 3 - 8, Shape: Round

## *SPIRAEA JAPONICA* **'FIRELIGHT'** FIRELIGHT SPIREA

An improved variety with deeper orange new growth and beautiful red Fall color. A great compact grower with pink flowers.

Height: 2 - 3', Foliage: Gold-green,  
Spread: 2 - 3', Fall Foliage: Bronze,  
Zone: 3 - 8, Shape: Round

## *SPIRAEA JAPONICA* **'GOLDMOUND'** GOLDMOUND SPIREA

Gold leaves throughout the growing season make this a welcomed addition to the landscape. Pink flowers are present May through June.

Height: 2 - 3', Foliage: Green,  
Spread: 2 - 3', Fall Foliage: Yellow-brown,  
Zone: 4 - 8, Shape: Round

## *SPIRAEA JAPONICA* **'LITTLE PRINCESS'** LITTLE PRINCESS SPIREA

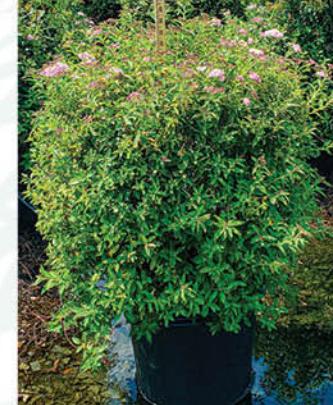

Large leaves with deep pink flowers.

Height: 3 - 4', Foliage: Green,  
Spread: 3 - 4', Fall Foliage: Yellow,  
Zone: 4 - 8, Shape: Round

## *SPIRAEA JAPONICA* **'NEON FLASH'** NEON FLASH SPIREA

Red new growth with abundant red flowers. Great for mass plantings.

Height: 2 - 3', Foliage: Green,  
Spread: 3 - 4', Fall Foliage: Yellow,  
Zone: 4 - 8, Shape: Round

## *SPIRAEA JAPONICA* **'SHIROBANA'** SHIROBANA SPIREA

Pink, white and rose flowers throughout the Summer.

For Current Availability go to:  
[www.tuckahoenurseries.com](http://www.tuckahoenurseries.com)

# SHRUBS

**SPIRAEA JAPONICA  
'WALBUMA'  
MAGIC CARPET SPIREA**

A compact grower with brilliant red foliage with beautiful pink flowers.

Height: 18", Foliage: Green-red,  
Spread: 24", Fall Foliage: Red-orange,  
Zone: 2 - 10, Shape: Round

**SPIRAEA NIPPONICA  
'SNOWMOUND'  
SNOWMOUND SPIREA**

A dwarf deciduous shrub with masses of white flowers in May and June.

Height: 3 - 5', Foliage: Blue-green,  
Spread: 3 - 4', Fall Foliage: Yellow,  
Zone: 3 - 8, Shape: Compact upright

Height: 6 - 8', Foliage: Blue-green,  
Spread: 10 - 12', Fall Foliage: Yellow,  
Zone: 3 - 8, Shape: Mound,  
descending

**SYRINGA MEYERI  
DWARF KOREAN LILAC**

One of the most compact Lilacs. Makes a great choice for small areas. Lavender flowers.

Height: 4 - 5', Foliage: Dark green,  
Spread: 5 - 7', Fall Foliage: Yellow,  
Zone: 3 - 7, Shape: Broad, round

Height: 6 - 7', Foliage: Blue-green,  
Spread: 5 - 6', Fall Foliage: Red,  
Zone: 3 - 7, Shape: Upright

**SYRINGA PATULA  
'MISS KIM'  
MISS KIM LILAC**

This species has large blue-green leaves with lilac colored flowers which open later than other varieties.

Height: 10 - 15', Foliage: Blue-green,  
Spread: 8 - 15', Fall Foliage: Green,  
Zone: 2 - 7, Shape: Upright

**SPIRAEA X VANHOUTTEI  
VANHOUTTE SPIREA**

Pure white flowers in late Spring. Tolerant to heavy pruning.

**SYRINGA VULGARIS  
COMMON LILAC**

A vigorous grower with fragrant purple flowers in early Spring. Ideal for border or mass planting.

# SHRUBS

## *VACCINIUM AUGUSTIFOLIUM* LOWBUSH BLUEBERRY

Grows well in acidic, poor soils. Edible berries.

A deciduous shrub with  
white flowers and heavily  
fruited with edible bright  
red berries.

Height: 5 - 6', Foliage: Green,  
Spread: 5 - 6', Fall Foliage: Green,  
Zone: 4 - 8, Shape: Upright

**WEIGELA FLORIDA  
'RED PRINCE'**  
RED PRINCE WEIGELA

A hardy grower with  
recurring, crimson-red  
flowers. Ideal in mass  
plantings.

Height: 4 - 6', Foliage: Green and  
Cream, Spread: 4 - 6', Fall Foliage:  
Yellow, Zone: 4 - 9, Shape: Round

**WEIGELA FLORIDA  
'VARIEGATA'**  
VARIEGATED WEIGELA

A variegated Weigela, with  
pink flowers starting late  
Spring.

# Planting Guide

## Fall Digging/Transplanting High Risk Advisory

Tuckahoe Nurseries Inc. recognizes the potential risks involved with the Fall digging of some plant varieties. Each genus and species have distinctly different timing and other factors involved in regards to when they are deemed to be dormant.

Numerous risk factors related to the success and potential failure of specific plants to survive the transplanting process in the Fall season abound.

Some of these factors include, but in no way are limited to the following:

- The ability of these plants to establish new root systems
- The timing of the planting (e.g. September vs. November)
- Extended or extreme drought conditions
- Geographic areas and / or microclimates
- Irrigation of plants after installation
- Extreme weather changes at the onset of winter

Excellent cultural practices and maintenance by the purchaser can reduce these risks significantly and result in successful Fall transplanting.

## Fall Digging High Risk Plants

The following varieties are considered by Tuckahoe Nurseries Inc. to be “Fall Digging High Risk” plants, and as such assumes no responsibility for the survival of these items when dug during the Fall season.

Betula Selections	Ilex Opaca Greenleaf
Cedrus Deodara	Juniperus Virginiana
Cercis Canadensis	Lagerstroemia Indica
Crataegus Selections	Liquidambar Styraciflua
Cryptomeria Japonica	Liriodendron Tulipifera
Cupressocyparis leylandii	Nyssa Sylvatica
Ilex X Fosterii	Ostrya
Ilex Nellie Stevens	Quercus
Ilex Opaca	Zelkova
