

Meet Xavier

As a kid my father had a kings-wood, fully restored and with a thumping V8 under the bonnet. When he wasn't home mum and I used to take her out with me driving as a learner. People knew we were coming. He sold that car any years ago, and ever since I have wanted an old school car, with a V8 and total class. A car people saw and stared at.

Along came Xavier!

If you are looking for a point of difference and a lot of fun you cant go past this young at heart 1977 Jaguar XJ6.

Dressed in sky blue, he turns heads and makes an entrance to any event.

He loves a stunning bridal party, we have fun with School formals but honestly any reason to start that V8 under the bonnet is good enough for us.

He may be from the 70's but everything is new, from the paint, engine, interior and a fun sound system. With enough grumble to give you a smile that just wont leave your face.

We have left Xaviers windows un-tinted so you are seen & so the paparazzi can capture all of those amazing photos for you.

Available for hire with private driver.
