

A Musical Excursion in Europe

Begin the new CMC year with Janice Flinte on a fast-paced journey to distant lands where much of our beloved teaching, listening, and performance music originated.

You will enjoy sights and musical samplings from Medieval towns, modern-day cities, in the breathtaking mountains of Bavaria, and the bustling metropolis of Rome.

Janice taught piano in schools and has also maintained a private piano studio for nearly 40 years. She has been a choir (or orchestra) accompanist for much of that time, and taught piano, woodwind, and brass students and led choirs at Hosanna Ministries in the country of Haiti until recently.
