

## CYF Teacher Assistant Volunteer

Since January 2025, the Clemence Youth Foundation's "Volunteer TA Program" has provided a unique volunteer opportunity for high school students to serve as teaching assistants at an after-school program for elementary students. Every week, volunteers have assisted teachers by grading homework, supporting class activities, and interacting with younger students during lessons and enrichment time.

Be kind and respectful to everyone, and always uphold courteous behavior.

Do your best to assist the teachers and follow all directions promptly.

If you have any questions, text Olivia Zhang anytime.  
And of course, thank you for your time and effort! Good luck!

This hands-on experience has allowed high school students to build confidence in mentorship roles while forming meaningful connections with the children they support. In turn, Talent Academy teachers have expressed their appreciation for the extra help, noting that the volunteers' presence has made a noticeable difference in classroom energy and daily productivity.

The program has not only lightened the load for teachers but also given high school volunteers the chance to gain real-world experience in education, communication, and leadership. The elementary students, in particular, have responded with enthusiasm, with many looking up to the volunteers as positive role models.
