

Oodles West Puppy Application Form

Oodles West puppies are generally pre-sold and a confirmed booking is a must. Filling out our puppy application form with as much information as possible about you, your family and lifestyle is the first step to an Oodles West puppy becoming part of your life.

We do not have kennels, our dogs live as part of our families in our home, and those of our guardians. Our puppies are born and raised in the house, where they grow up as part of the family, surrounded by other dogs and visitors.

We do not have a year round supply of puppies as we do selectively breed our dogs.

All our breeding stock is thoroughly vet checked for all possible issues and all breed and health DNA tests are undertaken prior to breeding.

Before going ahead and deciding you would like to apply for an Oodles West puppy we ask that you read the documents attached to this application thoroughly before going ahead. These are provided so you know, from the outset, what we expect from you and what you can expect from us as your breeders.

Application Questions

ORDER & SALES PROCEDURES

- When you decided you would like to purchase an Oodles West puppy, you will be required to complete our puppy application form above.
- Once the litter is born and we know how many puppies are for sale; then we will be in touch with you and would require a deposit as a show of your commitment. This deposit is refundable only if we are unable to supply you with a puppy. You will have a choice of a refund or hold for our next litter.
- Puppy buyers are invited to visit the puppies at any time, however will only be permitted to hold them after the puppies are vaccinated at 6 weeks of age, this is for health reasons. We will be in constant contact with photos of the pups and prior to the date the puppies leave home, will forward our Information Book via email.
- Puppies go to their new homes with a Vaccination Certificate, Microchip papers, and a complementary Puppy Pack. Payment of the balance of the purchase price is due on pick up.
- In the case of interstate/overseas sales, the freight cost and organisation will be the responsibility of the new owner, and the full purchase price will be required prior to shipment.
- Should any of our puppies/dogs require re-homing due to a change in circumstances, we expect to be made aware of this immediately, as this is a stipulation of our sales contract, and will assist in rehoming them in to suitable new homes. A part refund will be made depending on age of dog, price paid by new owners minus any food, board, travel and advertising costs to the breeder.

PUPPY AGREEMENT

- This page outlines the terms and processes for purchasing a puppy from us. Please read over this page carefully. If you have any questions please let us know so that we can respond.
- Terms: The goal of Oodles West is to place our puppies in a home where they will be loved and cared for the whole of their life. We do not view dogs as dispensable possessions, but rather as members of the family. Therefore, we make every effort to find the best possible homes for our puppies. Our Puppy Sales Agreement is necessary to help firstly to ensure the welfare of the puppy and also to provide protection for the buyer and ourselves.
- All our puppies come with hip, health and genetic recommendations. Our recommendations warrant that either both or one of the parents have been hip scored. We test all our breeding stock for over 350 possible health issues. We do not have any affected breeding stock. To the best of our knowledge we will not breed any groodle who will produce any genetic problems which would compromise the life of a puppy bred by us, however we cannot guarantee 100% that an anomaly may occur on rare occasions.
- Initial vaccinations are administered at 6 weeks of age, and puppies will be wormed as necessary.

- We request that each puppy owner have his/her puppy examined by their vet within 72 hours of collection. Should you have any question as to the health or well being of your puppy .
- Our puppies are only given the C3 vaccination. If traveling overseas, please check vaccination requirements with your vet.
- In the event that the new owner finds it necessary to place his/her dog in another home, we request that we be contacted immediately with first option to reclaim the dog or to assist in locating another suitable home. Any potential new owner of one of our pups will be required to submit the same application as the original buyer.
- Companion puppies are sold with the understanding that the dog will never be bred and this is noted on the Puppy Sales Agreement.
- We expect new owners to maintain preventative health care of the puppy including, but not limited to vaccinations, internal as well as external parasites, proper nutrition, mental health, grooming, training, proper exercise, and prevention of stress injuries.
- We expect new owners to provide a loving home environment where the dog will live as a member of the family. The dog will not reside outside exclusively, but will live as an indoor dog when the family is home. The buyers agree to care for the dog humanely (including providing food, water and all necessary veterinary care).
- Our dogs are not available for sale in order that they be used for medical or any experimental purposes whatsoever, shall NOT be kept chained or tied up, and shall NOT be attack trained, or used for fighting purposes. In addition, buyer agrees NOT to allow the dog to be free to roam the streets or to transport it in the back of an open truck.
- We will NOT sell any of our puppies to an agent or anyone acting as an agent.
- In addition we will NOT sell any of our puppies to a pet store, guard dog business or medical facility.
- A reservation deposit is required to secure a puppy once you have been approved for a puppy and pregnancy is confirmed. If you are successful we will forward our Puppy Sales Agreement to you, which you will be required to fill out and return to confirm your purchase.
- The balance of the purchase price is required at time of collection of your puppy at 8 weeks or prior to any interstate or overseas shipping. All transportation expenses are the responsibility of the new owner and need to be paid prior to us boarding any puppy on a plane. A puppy WILL NOT leave Oodles West without confirmation of final payment.
- Oodles West will provide each buyer with an "ebooklet" (electronic booklet) of information which includes feeding, health care, training, and grooming information. We will also be available for any concerns or questions you may have for the lifetime of your puppy.
- Process: If you find all these terms agreeable submit your Puppy Application Form to oodleswest@gmail.com. We will respond to all applications. We will inform you if you are approved. Once we have a litter due we will keep you informed via our Facebook page and we also hold a puppy day at approximately 6 weeks of age.

- We do try to post pictures and updates of the puppies as often as possible. Over the first 7 weeks we evaluate the litter for temperament and conformation. Then with your input we choose which puppy will best suit you and your family. Puppies go home when they are 8 weeks old. Your puppy will also come with a helpline as well as lots of tips and tricks via our page. We do ask that you keep in touch to let us know about your puppies progress and send lots of pictures so we can see how they grow and develop.

We thank you for your interest in our puppies. We love each and every one of them and strive to produce the best quality goodles available.
