

NURTURE POTENTIAL. EMPOWER FAMILIES. STRENGTHEN COMMUNITY.

At Teaching Tree, we believe every child deserves a strong start, and together, we can make it happen. When you support Teaching Tree, you're fueling classrooms full of curiosity, confidence, and opportunity — and helping local families access the resources they need to thrive.

This Colorado Gives Season, your gift goes even further! Thanks to Colorado's Child Care Contribution Tax Credit, **half your donation comes back to you at tax time** — while 100% of it supports local children and families.

With demand for quality early education growing rapidly, your support ensures we can continue delivering the care and learning families count on. Together, let's invest in our kids, lift up working families, and build a stronger community — one bright beginning at a time.
