

Duran's

2024

Duran's Greenhouse

15591 N. 107th Street Longmont, Colorado 80504
Adam's Cell: 303-507-7741

In the following pages you will find our 2024 Catalog. This is a great starting guide demonstrating the staple products we will have available in 2024. This includes guides to our best sellers, combo pots, hanging baskets, geraniums, vegetables, herbs, and new varieties available for 2024. However, make sure to check the availability list each week for our weekly variety selections just coming into color!

Duran's offers custom orders to help accommodate large quantities, special varieties, and specific delivery dates. All custom orders must be received by December 1, 2023 to ensure the order has enough time grow and finish on time. Duran's also has a full retail section of pottery, gift items, fertilizers, soil enhancements, and a wide variety of house plants available at a discounted rate to wholesale customers.

Pick up is always best whenever specific ready dates are requested, however we do ship across Colorado on a weekly basis. Make sure to specify your preferred delivery date. If orders are less than a full truck load your order date may fluctuate during the requested week. Always place orders at least 48 hours before the requested delivery day.

Colorado grown, Colorado proud for over 35 years! We are still family owned and operated. Duran's has been providing elegant premium flowers and a wide variety of organically grown, vegetables and herbs in a nemonic-free environment. We deliver across Colorado and are continuing to expand our business every year.

Duran's is continuously improving in quality, variety, and customer experience. In our 2024 Spring season, we will be discontinuing our 2.5" size to expand our 4.5" selection, however, these sizes will be available for custom ordering upon request. Looking forward, Duran's will be moving towards replacing our 3.5" vegetables and herbs with a larger 4.5" size by 2030.

- If your order is less than 1/2 truckload, your desired delivery day may change to coordinate with other deliveries to your area.
- Updated Availability lists will be sent out weekly every Sunday. Please email, call or text orders to Adam; 303-507-7741 awalker.dhagc@gmail.com
- Duran's reserves the right to add a fuel surcharge if fuel prices increase

Custom Growing

Seeded 324 Germination Trays

What We Do:

- We grow custom plants in flats
- We grow in customer provided containers and planters
- We grow in containers for you to drop the already established combinations into your planters

Deadlines & Minimums:

- Custom growing space is limited. Custom orders must be received by December 1, 2023 to assure space allocation and proper grow times
- Custom Order minimum: \$3000

Custom Designed Combination Planter During Delivery

Early Stage Transplanted 4.5"

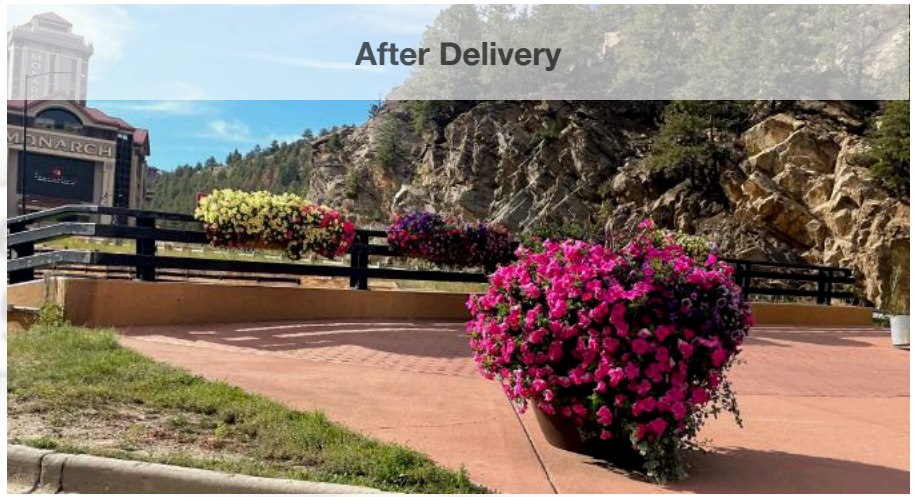

What We Can Grow:

- **Trays:**
 - 324
 - 200
 - 100
- **Flats**
 - 1204
 - 3201
 - 4.5": 1001, 1501
- **Planters**
 - Terra Pots: 10", 12", 14", 20", 24"
 - Color Bowls: 10", 12", 14"
 - Fiber Pots: 12", 15", 24"
 - Window Boxes: 18", 24", 30", 36"
 - Customer Provided Containers

Weeks Before Delivery

After Delivery

Growing in your containers:

We can grow in your own containers if they are mobile and can be dropped off at our growing facilities.

Drop-In-Planting:

Growing in our containers and drop-in transplanting is great for immobile containers.

Custom Designed Combination Planters After Drop Planting

Special Requested Seeded 4-Packs Established

Growing in flats and trays:

Custom growing in flats is perfect for landscaping and exterior design.

Custom grown orders can assure delivery dates and growing space as well as specialty plants and specific quantities.
