

## Facebook Policy

1. Facebook group SaltMarshCottages was created by the SMC Board of Directors. It is managed by appointed members of the Board and the Webmaster. It is at the sole discretion of the administrators as to what constitutes an appropriate post. Inappropriate posts are deleted and repeat (two or more) violaters will be removed. Owners may appeal to the Board who has final authority.
2. Content: Sharing photos, offering free items, asking about missing pets are examples of how the group fosters a sense of community.
3. The Facebook page is accessible to anyone via the home page, but only members can view posts. Visitors have the option to ask to join. In general this will be approved. This provides prospective buyers a look into our community.
4. Administrators receive an email whenever there is a new post. They are reviewed immediately to make sure they are appropriate.
