CASE STUDY

TRANSFORMING PRODUCE OPERATIONS WITH SAFEPOD PROOF OF DELIVERY

INTRODUCTION

A wholesale fresh produce and meat supplier in Austin, TX, faced challenges with manual processes, tracking payments, and timely deliveries. To address these, they implemented SafePOD by SafeSfir.ai, digitizing invoicing, payment collection, and proof of delivery.

CHALLENGES

MANUAL PROCESSES

Drivers faced delays with manual paper based invoicing.

LIMITED VISIBILITY

Lack of real-time visibility for managers caused inefficiencies.

CUSTOMER FRICTION

Payment tracking and customer disputes were difficult to manage.

SOLUTION

Digital Invoicing

Real-TIme Payment Tracking

Quickbooks Integration

Automated Dispute Resolution

RESULTS
