Subject: Dur-A-Flex epoxy flooring installation

Dear, Mr. Keith R. LePard,

I want to thank you, Keith and your team at S.S.Gill Co. with my experience during my restroom renovation project here at Delaware Valley Friends School. I had a very tight schedule to complete my project and working with S.S.Gill I received outstanding support and communication from you and your staff. Your staff was both prompt and professional. As a result my project was completed on time.

I am most pleased with using the Dur-A-Flex product for our flooring solution. This was an excellent choice for us; the product brought a quality look that we were looking for. My Faculty and Staff complement about how wonderful the restrooms look with the new floors.

I will gladly recommend S.S.Gill Company to anyone looking for a quality epoxy flooring solution.

Sincerely,

A handwritten signature in black ink that reads "Shawn Jordan". The signature is written in a cursive, flowing style.
