October 13<sup>th</sup>, 2015

Dear Mr. Keith LePard,

Turner Construction thanks you and your team at S.S. Gill for a successful installation here on the CHoP BCC project in Philadelphia. The CHoP ACC project had a tight schedule with close coordination requirements with other trades. Your team was able to hit deadlines with exceptional care and communication.

Your staff was both professional and enjoyable to work with and did not hesitate to ask questions when necessary. Because of this, the project was able to progress forward seamlessly. The quality of the flooring application is apparent and we are pleased with the final product.

Overall we would gladly have S.S. Gill complete the job again if given the chance.

Sincerely,

A handwritten signature in blue ink that reads "Chris Auer".

**Chris Auer** | Senior Project Manager
