Grounded Design Studio

ABOUT GROUNDED DESIGN STUDIO

Grounded Design Studio creates intentional residential spaces through thoughtful design, realistic visualization, and practical technical expertise.

Founded by Nina Henning, Grounded Design Studio combines formal education in Interior Design and Architectural Technology with real-world residential design experience. The studio helps homeowners, builders, and design professionals confidently move from ideas to implementation.

Through clear communication, realistic visualizations, and well-developed design solutions, we create spaces that are beautiful, functional, and designed for real life.

Areas of Expertise

- Residential Design
- Kitchen & Bath Design
- Space Planning
- 3D Visualization & Rendering
- Drafting & Documentation

Human-centered spaces. Thoughtfully designed.

WHAT WE OFFER

Design Services

Grounded Design Studio offers residential design support for homeowners, builders, and design professionals who need clear, realistic, and well-developed design direction.

From space planning and kitchen and bath layouts to 3D visualization and drafting documentation, each service helps clients see the design clearly before moving forward.

Design support that brings ideas into focus.

Residential Design Support

Interior layouts, finish direction, furniture placement, and space planning for real homes and real lifestyles.

Kitchen & Bath Design

Functional cabinet layouts, material coordination, fixture planning, and design concepts tailored to the way each space is used.

3D Visualization & Rendering

Realistic images that help homeowners and professionals understand scale, layout, finishes, lighting, and overall design direction.

Drafting & Documentation

Clear technical drawings, elevations, floor plans, and presentation documents that support communication and project execution.

OUR PROCESS

A clear path from idea to implementation.

Grounded Design Studio uses a thoughtful, organized process to help each project move forward with clarity. From the first conversation to the final visuals and documentation, each step supports confident decisions and practical execution.

Thoughtful process. Clear communication.
Confident design decisions.

01. Discover

We begin by understanding the project goals, existing conditions, design needs, lifestyle, timeline, and overall direction.

02. Plan

Layouts, space planning, cabinet concepts, finishes, and design details are developed with function, flow, and real-life use in mind.

03. Visualize

Realistic 3D renderings and presentation visuals help bring the design direction into focus before decisions are finalized.

04. Document

Clear drawings, elevations, notes, and design documents support communication between homeowners, builders, contractors, and design professionals.

KITCHEN DESIGN & RENDERING

A collection of residential design concepts, renderings, and planning work created to support clear design decisions.

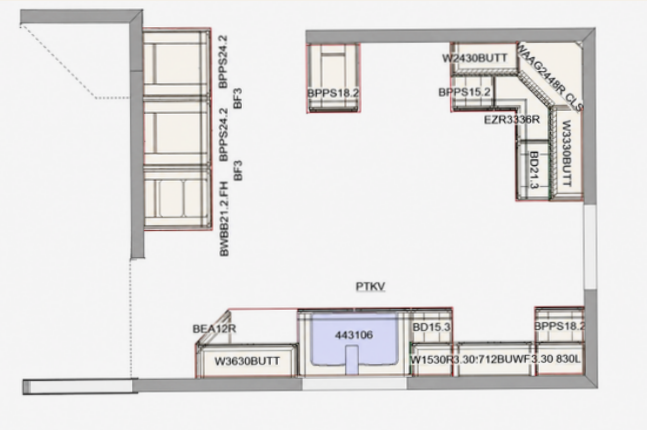

Modern Rustic Kitchen Remodel

Software: 2020 Design Live

Designed in 2020 Design Live, this residential kitchen renovation focused on improving functionality, maximizing storage, and creating a warm modern-rustic aesthetic through custom cabinetry, thoughtful space planning, and coordinated finish selections.

Scope of Work

Space Planning, Cabinet Design, Material Selection, 3D Rendering

TRANSITIONAL KITCHEN DESIGN

A collection of residential design concepts, renderings, and planning work created to support clear design decisions.

Residential Kitchen Concept

Kitchen Design · Space Planning · Rendering

Timeless Transitional

Design is meant to remain beautiful and functional for many years rather than following current trends. It also aligns well with the goals she expressed throughout the design process: a brighter kitchen, simpler details, and improved functionality.

Transitional Contemporary with Organic Modern Influences

A warm transitional kitchen featuring timeless Shaker cabinetry, nature-inspired finishes, contemporary lighting, and clean architectural details designed for everyday living.

BATHROOM RENDERINGS

A collection of residential design concepts, renderings, and planning work created to support clear design decisions.

Updated Classic Bungalow Bath

Software: 2020 Design Live

This bungalow-inspired bathroom blends classic Craftsman simplicity with soft contemporary finishes, using clean-lined cabinetry, light neutral tile, and subtle blue-gray accents to create a fresh, timeless bathroom that still suits the home’s character.

Scope of Work

Space Planning, Cabinet Design, Material Selection, 3D Rendering

BATHROOM MATERIALS + DESIGN DETAILS

A collection of residential design concepts, renderings, and planning work created to support clear design decisions.

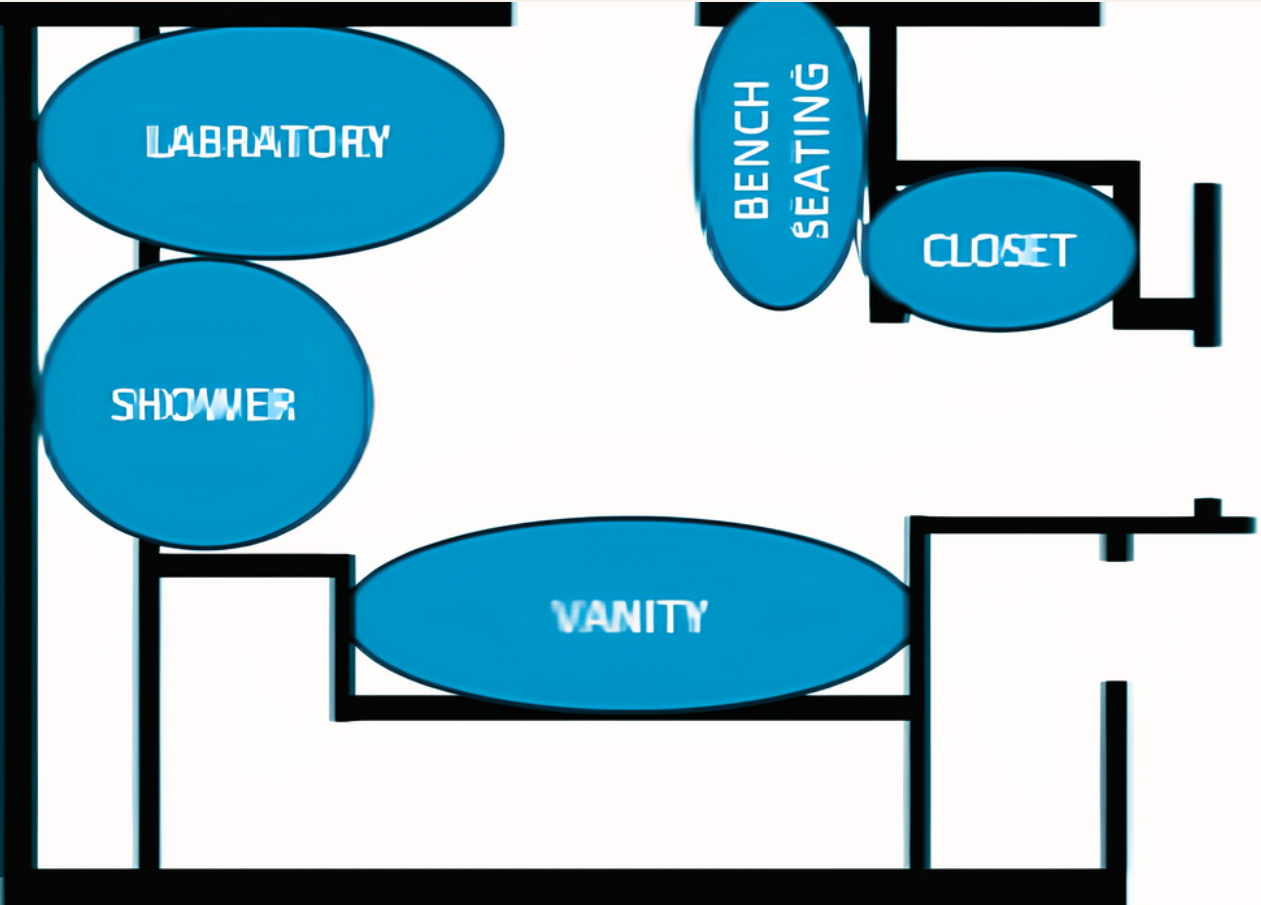

Residential Bath Concept
Bath Design · Space Planning · Rendering

Contemporary Organic Bathroom Design
A clean, modern bathroom with warm brass accents, bold contrast, and textured green-gray shower walls that add an earthy, natural feel.

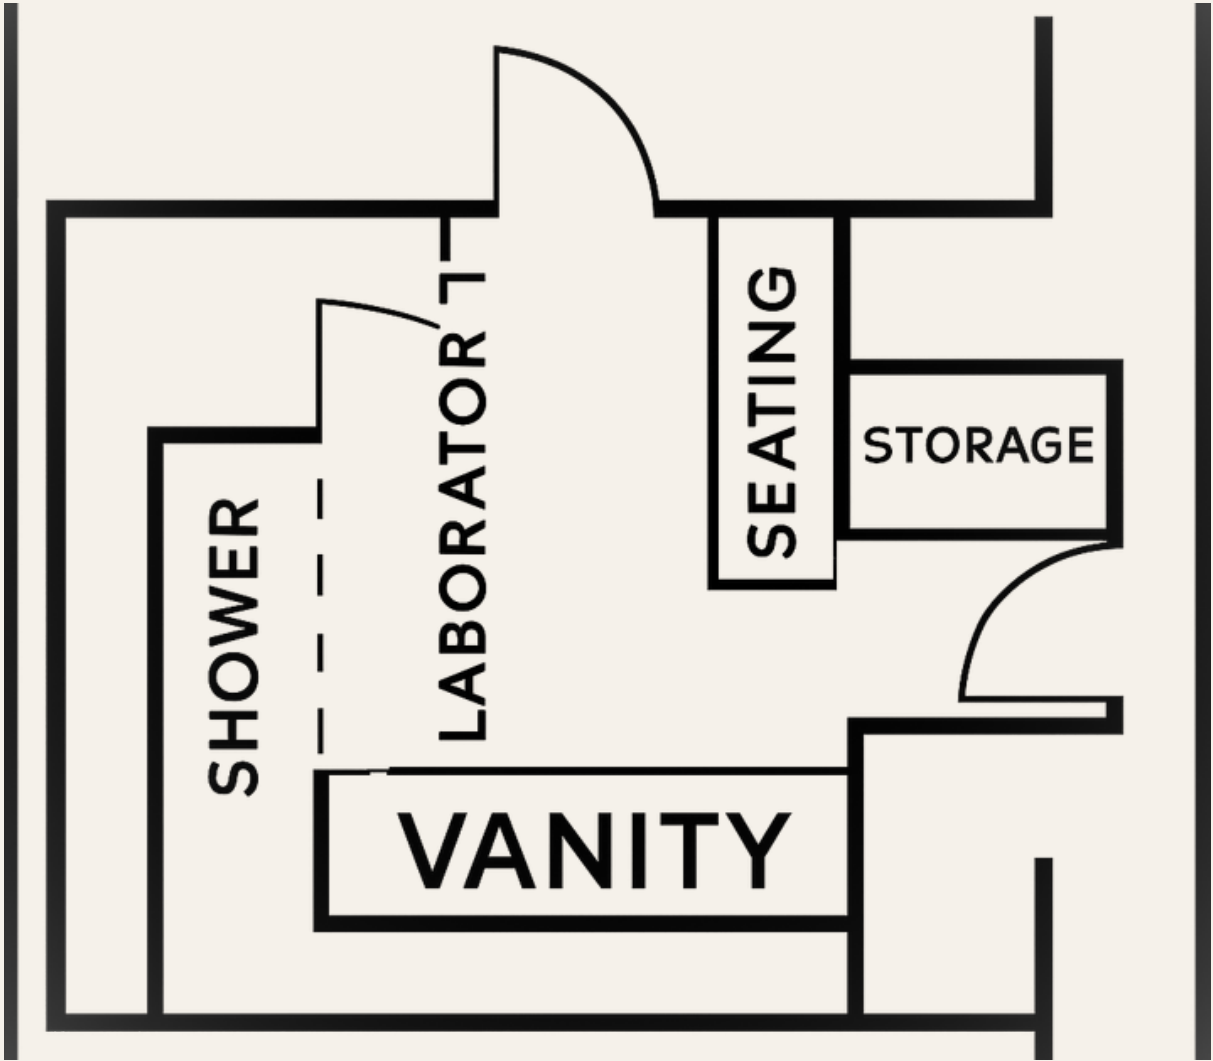

PLANNING PROCESS

Residential Concept
Space Planning Process

Bubble Diagram

This bubble diagram was used to map key zones, circulation, and relationships between the vanity, shower, lavatory, bench seating, and closet.

Plan Diagram

The finalized bathroom layout identifies key areas, including the shower, lavatory, vanity, seating, and storage. It clarifies circulation, fixture placement, and how each zone functions within the overall space.

LET'S WORK TOGETHER

Ready to bring your project into focus?

Grounded Design Studio provides residential design support, realistic visualization, and clear documentation to help homeowners, builders, and design professionals move forward with confidence

Whether you need help developing a layout, visualizing a design direction, or preparing presentation-ready drawings, we can help clarify the next step.
