

German Cyber Security Chief Fired?

Arne Schoenbohm could be fired from his role after links to an ex-KGB member. However, due to certain laws it may be difficult to fire him so they are aiming to move Arne to a new role.

How Bosch is Revolutionising How Business Choose Their Cyber Security Products

Bosch has recently announced the expansion in the UK of it's procurement platform called CyberCompare. CyberCompare is used to help to remove the difficulty for businesses picking Cyber Security solutions.

It will feature more than 7000 vendors.
