

Happy Monday!

Welcome to the 55th issue of CSW.

In this issue:

Brazilian Escort Service has Data Exposed

Data of 2.6 Million Duolingo Users Scraped

North Korean Hacking Group Behind Crypto Hacks

And much more...

Brazilian Escort Service has Data Exposed

The exposed data totaled 19gb and contained over 14 million records. In the folder there was around 35,000 escort accounts, which included: images, login credentials and more.

Why did the hacker get a ticket?

They didn't have a phishing license.

Data of 2.6 Million Duolingo Users Scraped

One of the largest online learning platforms, Duolingo, had 2.6 million user info sold on an online hacking forum for \$1500. The data included things such as names and email addresses.

An advertisement for NordVPN. The background is light blue. In the top left, there is the NordVPN logo (a blue mountain peak) and the text "NordVPN®". Below the logo, the text "Faster than ever" is written in large, bold, black font. In the bottom left, there is a red rounded rectangle with the text "Get VPN now" in white. On the right side, there is an illustration of a man in a blue t-shirt and black shorts running, holding a smartphone to his ear. The background behind the runner is a light blue circle.

North Korean Hacking Group Behind Crypto Hacks

The FBI has attributed three recent cyberattacks on cryptocurrency platforms to the North Korean government's APT38 hacking group — known by many researchers as Lazarus or TraderTraitor.
