## 5 OF OUR SAFE HAVEN BABIES ADOPTIVE FAMILIES WITH MONICA

### BANQUET IN HOBART, INDIANA

We were blessed to celebrate five of our Safe Haven Babies at our banquet on March 12th. These children are so loved by their adoptive families, and we are delighted to celebrate the families made from a brave mother's decision to surrender her infant. These children are the proof of our mission succeeding in protecting infants from abandonment.

Our supporters are key to us educating citizens on Safe Haven Laws and placing more Safe Haven Baby Boxes. Pam Stenzel, as our keynote speaker shared the journey of our organization, an inspiring truth of how we fought to protect vulnerable women and their infants.

We honored a few key supporters who dedicated themselves to our cause and helped us get where we are today due to their unwavering support. We hope that you may be able to join us one day at a banquet to see our babies and hear how we are dedicated to ending infant abandonment!
