## The DuPage County Sheriff's Office Presents

### S.P.A.R.R.

Sheriff John E. Zaruba is proud to announce a voluntary program designed to assist residents of DuPage County who may be at greater risk of becoming confused, lost, disoriented or missing.

This program provides the Sheriff's Office with the at risk resident's relevant information prior to an emergency.

The S.P.A.R.R. program is designed to increase public awareness to help us find those missing children or adults who may have wandered off or have become confused.

## How It Works

Simply contact the DuPage County Sheriff's Office to register your loved one. You or your loved one will be asked a series of important questions that you will need to answer. You will be asked to supply a current photo of the participant.

The key to the program is the use of information you provide regarding your loved one. The information is stored in a database that is maintained and accessed in case of an emergency.

Registering your information with the Sheriff's Office allows us to quickly dispatch your valuable information in the event of an emergency.
