Promised Arrival Time:	06/29/2022 12:00 AM

Work Done

Equipment: SR - Whisper Creek Pond 4 (Service Report)

Description: 06/30/2022

Today, I thoroughly inspected the pond and took water parameter readings.

During my inspection of the pond, I detected a healthy amount of vegetation growth.

No treatment is recommended for today.

The cattails are showing signs dying off, consistent with someone treating the cattails with herbicide.
The treatment was not performed by McCloud.

Have a great day,
Billy G.
