Great Northern Popcorn Polar Blast Snow Cone Maker

Shave up to 500lbs of crushed ice per hour to make mouth-watering slushies, snow cones, and other shaved ice treats with the Polar Blast Snow Cone Machine by Great Northern Popcorn. This shaved ice machine boasts a powerful motor that operates at 1420 RPMs to shave fine ice with ease while offering a compact design that fits perfectly on your countertop without taking up too much space.

Compact, Countertop Size

At only 16.5-inches-long, this slushie maker features a compact design that fits conveniently on your countertop, bar top, or kitchen table without taking up too much room. However, the small size of these slushy machines does not hinder their output as they feature a powerful motor that cuts through crushed ice with ease for fast and delicious shaved ice treats for the whole family.

Stainless-Steel Hopper

Made of durable stainless steel, the hopper and the blades on the ice shaver are ideal for preparing large quantities of desserts, snow cones, and frozen drinks at your next birthday party, family gathering, or BBQ, fun for kids and adults alike. This slushy maker is equipped with a powerful 1/4 HP motor that operates at 1420 RPMs to crush up to 500-pounds of ice per hour.

Safe to Use

This shaved ice maker has a motor reset button in case any ice gets jammed as well as a safety switch that will not allow the motor to run if the plunger is out of the hopper, providing an extra layer of protection around children. The high impact construction of the snowcone machines ensures the acrylic side panels will not shatter for long-lasting use.
