Powered by Service™

CRITICAL EQUIPMENT. ZERO COMPROMISES.

Wake Scientific is a North American service company delivering expert services for equipment and environments surrounding science, medical, research, storage, and manufacturing. We help organizations, laboratories, and environments support solutions that protect what matters most; you work, your samples, and your reputation.

Responsive. Reliable. Accountable.
That's the WakeSci Difference.

PROTECT WHAT MATTERS

Minimize risk.
Protect samples.
Ensure compliance.

MAXIMIZE UPTIME

Fast response.
Expert diagnostics.
Rapid resolution.

TRUE PARTNERSHIP

We care about
your mission as
much as you do.

- ✓ Transparent pricing and flexible service support
- ✓ Fully insured and credentialed for on-site support

OUR MISSION

At Wake Scientific, we are Powered by Service.

Our mission is to provide expert laboratory equipment service, repair, validation, temperature mapping, and remote monitoring with a relentless commitment to excellence.

We believe that trust is earned by focusing on customer experience through reliability, precision, and unwavering support. By fostering strong relationships and delivering top-tier service, we help our customers operate at peak performance with minimal downtime.

LET'S WORK TOGETHER

Whether you need reliable service for a single piece of equipment or scalable support across multiple areas, Wake Scientific is your trusted partner for uptime, compliance, and piece of mind.

**One call. Real people.
Real solutions.
Powered by Service™.**
