

## Our Mission

Pensacola Learning Academy seeks to create a challenging learning environment that encourages high expectations for success through development-appropriate instruction that allows for individual differences and learning styles. Our school promotes a safe, orderly, caring, and supportive environment. Each student's self-esteem is fostered by positive relationships with students and staff. We strive to have our parents, teachers, and community members actively involved on our students' learning.

## Our Key Verse

Trust in the Lord with all thine heart; and lean not unto thine own understanding. In all thy ways acknowledge him, and shall direct thy paths.

Proverbs 3:5-6

## Fees

- Annual Registration Fee \$175.00
  - Testing Fees \$200.00
- Book/Media/Supply Fees \$1,500.00
  - Centers/Labs Fees \$325.00
- Tuition (August-May) \$19,800

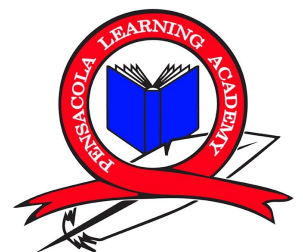

## Program Assistance

- **We accept Step Up for Students Scholarships**  
Apply online at [www.StepUpForStudents.org](http://www.StepUpForStudents.org)

Do not be alarmed by the tuition fees above! We understand that our tuition fees are higher than the Step Up for Students scholarship award amounts, but you will not owe any difference as long as you fill out and turn in the short PLA in-house scholarship form found in the registration packet. This form will cover the balance on your account under our in-house scholarship. We would like to emphasize that our fees have remained the same since we opened our school in 2014. Our priority has always been to ensure that parents minimally come out of pocket to pay for school. There is a \$75 pre-registration fee due with your application to hold your spot, this fee is not included in any of the scholarships (Step Up or our in house). Please do not hesitate to contact us if you have any questions. We are here to support you through this process!

## Science Workshops

We transform laboratory science into fun, interactive learning experiences for our students; whether it be an off site field trip or an on site experiment our students love our science workshops!

### What you can expect from Pensacola Learning Academy

Pensacola Learning Academy was developed with the student-athlete in mind. A rigorous academic atmosphere along with a dedicated faculty and staff create a supportive community in which students can grow into independent learners. We integrate an international student body, teaching tolerance and empathy, molding leaders for the global environment of the twenty-first century. We install a balance between academics and athletics that teach students

time management, endurance, self-confidence, diligence, and commitment to achievement in all arenas that help a student grow in mind and body. The faculty provokes curiosity to maintain students' interest, provides multiple methods of information delivery to individualize the learning process, and contextualizes the knowledge for practical applications, as well as, further education in college. The hallmark of PLA education is the ability to analyze information, applying critical-thinking skills to information in order to learn in a way that suits the individual student's needs.
