Called to Confessing

Last month, I introduced the Key of Praying in Tongues. These Keys—Praying in tongues, confessing, individual worship, meditating the Word, and fasting will bring you closer to the Father. This is not a religion—this is a relationship between us and the Father, therefore as the body of Christ, we are described as a family.

This month, I want to introduce the Key of Confessing. In my understanding, confessing the Word of God into our lives will, will, will change a natural, physical event by divine, spiritual means.

A very dear pastor friend of mine and to everyone involved with Eternal Harvest Ministries, once said, “The Word tells us to talk to our mountains, but what happens when the mountain talks back to you?” When Pastor Charlie Rogers said this, he meant to say it comically, and we took it at such, however, after all these years and having to depend on speaking to the mountain of a terminal disease to save my life, I finally understood what he was talking about. Believe me when I say, confessing the Word saves lives, rids us of deadly diseases, helps us in financial difficulties, gets our loved ones saved, healed, and anything the world this side of Genesis can put on us.

Getting serious about confessing will change your life. I was confronted with deadly conditions at different times in my life. A shadow was found on my right kidney during a CAT scan which caused a few weeks of anxiety, however through confessing the Word continually that I was healed, I was healed. Praise God! I knew exactly when I received my healing on the kidney. It was when I BELIEVED and didn't DOUBT that the Lord healed me. A second time confessing the Word worked for me was when I was diagnosed with Idiopathic Pulmonary Fibrosis. I

remember coming home from work and my whole family was there. The look on their faces, made me know the outcome of my recent doctor appointment. I remember my daughter, Lindsay, told me not to Google Idiopathic Pulmonary Fibroses. Just like any kid who is told not to do something, I did, and I found out that this condition in my lungs was terminal. I had only two choices. One, I could “get my house in order” and start saying my goodbyes to everyone I loved and cared about, or two, I could start confessing the Word of God that said I was healed. Yes, I chose the second option. I called Pastor Charlie and he and his wife, Shelly started praying and he sent me a book that helped me speak to this mountain. Oh, yes, the mountain started speaking back, telling me I was going to die, telling me I would never see my grandchildren grow up, telling me I should go get my funeral arrangements made. Satan, the voice of the mountain, even used my dear mother to encourage me to get my house in order. She told me over the phone that she just couldn't believe I was going to die before she was. That wasn't supposed to happen, she was supposed to die first. (actual conversation) Oh yes, that mountain spoke back, which brings to remembrance the story of Jesus and his disciples where Jesus cursed a fig tree and told it that it would never produce fruit again. Here it is in Mark 11.

²⁰ Now in the morning, as they passed by, they saw the fig tree dried up from the roots. ²¹ And Peter, remembering, said to Him, “Rabbi, look! The fig tree which You cursed has withered away.” ²² So Jesus answered and said to them, “Have faith in God. ²³ For assuredly, I say to you, whoever **SAYS to this mountain, ‘Be removed and be cast into the sea,’ and **does not doubt in his heart, but believes** that those things he **SAYS** will be done, he will have whatever he **SAYS**. ²⁴ Therefore I say to you, whatever things you **ask** when you pray, **believe** that you receive them, and **YOU WILL HAVE THEM.**”**

I have highlighted and emphasized words which, in my understanding, pinpoints the whole purpose to realizing the Key of Confessing.

I started confessing, I am healed, I am healed, I am healed. By His stripes I was healed! I was determined to stop the fruit being produced by this deadly disease just like Jesus stopped the fruit of the cursed fig tree. (through studying and meditating this passage of scripture I know that the fig tree represents the religious establishment of Israel, but here, I was taking the fig tree literally as a fig tree) I quoted the last portion of Luke 5:17 –

-Now it happened on a certain day, as He was teaching, that there were Pharisees and teachers of the law sitting by, who had come out of every town of Galilee, Judea, and Jerusalem. **And the power of the Lord was present to heal them.**

I would quote that over and over and over until I was realizing I was in the presence of God and He was healing me. I started confessing this prayer over and over and over: Father I thank You that Your divine healing power is flowing through me, driving out all affliction in Jesus's Name. All affliction is gone forever.

I didn't doubt, I believed, and I was healed. Getting to that point is why faith in His Word is so important. You might as well plan your demise if you don't take His Word seriously. His Word and confessing His Word will save your life.

I guarantee that if you confessed like your life depended on it, you would, too, be successful in changing the natural, physical aspects that would have been tremendously detrimental to a saved soul, a healed body, a financial victory or whatever the situation was. The facts that cancer is present is negated by the truth of God's Word which says, "You are Healed"

In our blueprint for 2020, which can be found on our website, Dave Robinson's website, Gary Carpenter's Website, Bronc Flint's website and maybe more, a portion of it says, "YOUR FACTS ARE NOT MY TRUTH, says the Spirit of Grace.

I challenge each and everyone of us to confess His Word and move mountains. Don't think you can't, you can. If I can, you can. God is no respecter of persons. Remember, the keys to this Key is SAYING, BELIEVING, AND NOT DOUBTING.
