ENCHANTED DESOLATION

EXHIBITION CATALOGUE
OCTOBER 24 - NOV 4 2024

This exhibition explores a curious alchemy of fairytale whimsy and dark dystopia as we attempt to make creative and poetic sense of this chaotic, absurd world we all now stumble through. As we weave a story with images and objects, expect to see some hybrid animals, childlike explorers, archetypal heroes and villains, totem symbols, and a little dose of nature as we apply some 'spiritual kintsugi' to the graceful degradation. Through our art, we attempt to connect with our audience via universal themes of hope, grief, loss, re-wilding and discovery.
