THE PAST INFLUENCES THE PRESENT

The encounters, stresses and emotions of my past lives causes me to reflect on my life in the moment of "the now". My painting can give you a glimpse into a chaotic mind as I embark on a journey of self expression and discovery thru my artistic endeavour. My goal is to capture feelings and emotions of highs and lows thru colours, shapes and textures so that the artwork is alive, strong and powerful. Life is a journey of self-discovery.
