EXHIBITION CATALOGUE
SEPTEMBER 19 - SEPT 30

"The Road Back Home" is based on the extensive travels I have taken throughout country New South Wales, Victoria and finally finding my place in the world in the Dandenong Ranges. It's an expression of the emotion the landscape evokes, the gratitude for the ancient and endless abundance it gives, and the journey I've taken to find my place in it. My artwork has a whimsical and irreverent perspective to convey how I traverse and experience the landscape, and how it unfolds and reveals itself to me.
