UNFRAMED

On beautiful archival paper, three printmakers represent part of what is a vast field of fine art printmaking. They work in screen printing, solar plate etching, and lino cutting. Each is willing to take the time, and learn the complex techniques required in their chosen field for love of their process, and to produce fine works on paper in editions that can be a low as one, and are rarely more than 20.

ANYWAY YOU LOOK AT IT
Screen print
1450 x 1150mm
(all five prints laid out as shown)
\$1200
