

The Wisdom of Age
Archival pigment ink on Elegance Velvet
250mm x 170mm
\$280 framed

Rich, vibrant, musically-themed pieces reflect the way Tracey synesthetically interprets colours of the sounds of music and musical instruments and our emotional reactions to music, both figuratively and in abstracted form. Tracey explores music and its relationship to natural landscapes and how music affects us all.

All works exhibited are framed artists' signed limited edition prints of original digitally created artworks printed on archival canvas or papers. All prints are available in different sizes to order through the gallery.
