The International Conference on *Computer and Applications* IEEE-ICCA26 (EIGHTH EDITION, IEEE REFERENCE: 70833X) is an annual event focusing on state of the art technologies pertaining to digital information, communications and multimedia. It is the biggest IT conference in the region with over 600 papers from 50 countries by 1500 authors. The conference is an opportunity for researchers and practitioners to meet and discuss the recent trends in computer applications. It opens a new horizon for research collaboration locally and internationally. The three-day conference will consist of oral and poster presentations with plenary sessions. All submitted papers will be peer-reviewed by two reviewers applying the single blind process. Accepted papers will be published as a collective work in an electronic format and will be submitted for indexing in different databases including: ([IEEEExplore.ieee.org](https://ieeexplore.ieee.org), SCOPUS, [WEB OF SCIENCE](https://www.dblp.org/), DBLP). The proceedings of [IEEE/ICCA'17](https://ieeexplore.ieee.org) [IEEE/ICCA'18](https://ieeexplore.ieee.org) [IEEE/ICCA'22](https://ieeexplore.ieee.org) and [IEEE/ICCA'23](https://ieeexplore.ieee.org) ([IEEE/ICCA'24](https://ieeexplore.ieee.org) and [IEEE/ICCA'25](https://ieeexplore.ieee.org)) are indexed in SCOPUS, IEEE, [DBLP](https://www.dblp.org/) and WoS.

Submission Types

IEEE-ICCA2026 accepts full submission of papers in different applications of computing. Young researchers are highly encouraged to participate in this conference and submit their work and establish a strong network.
