His Constant Presence

We live in a world that is constantly fighting for our attention. Silicon Valley is all about keeping tabs on what grabs our attention online. I recently read the book "The Practice of the Presence of God" by Brother Lawrence.

This 17th-century classic revolves around the simple yet profound concept of finding God in the everyday moments of life. Brother Lawrence, a humble monk, teaches us that spirituality isn't confined to churches or prayer rooms; it's about maintaining a conversation with God amidst our daily chores and routines.

"The most holy and necessary practice in our spiritual life is the presence of God. That means finding constant pleasure in His divine company, speaking humbly and lovingly with him in all seasons, at every moment, without limiting the conversation in any way." - Brother Lawrence

In our fast paced world this book beckons us to slow down and be with Jesus. His wisdom calls us to not separate spirituality and daily life. Instead, we should see them as parts of the same thing, encouraging us to bring God into every part of our day.

Challenge for you: Over the next few weeks, look for God in the ordinary moments. While you're jogging in the park, tidying up your space, or even waiting in line, pause for a bit to explore if you can share a quiet moment with the divine.

1 Thessalonians 5:16-18: "Rejoice always, pray continually, give thanks in all circumstances; for this is God's will for you in Christ Jesus."
