

ASP Winter 2026 Student Interest/Signup Survey-----FINAL-----1-7-26

Please read the following information carefully. ASP Winter 2026 will have sessions for grades PK-8 on Monday, Tuesday, Wednesdays and Thursday with none on Holidays or school closings. The Winter 2026 ASP will run from Monday January 26th through Thursday March 12th: (6 Weeks)

The sessions are listed below in order, by day.

Please choose from the activities in numbered order **for each day separately** by putting in a “1” for your 1st choice (I like this one the most) then if any other topics interest you on that day put a “2” by your second choice and a “3” by your third. Make sure you only choose ones you are interested in and fit your grade level, **if You Are Not Interested, please leave it blank. Please do not put in “ALL” 1’s either.** We need to know what your top choices are so that we can create the fairest grouping based on each students’ input. Remember to choose carefully because there are many students looking at these activities and making choices too. Students will be notified of the groupings once we get these surveys back and form the groups. Make your selections carefully based on your grade level and do not pick activities that you have no interest in.

The sign-up survey will close on Thursday, January 15th at 2PM.

Mondays:

26WINM1 -----Kendra MacDonald & Maureen Hopkins -----Grades PK-1 -(Limit 8)

STEM Stations --- Session 1

Come and learn through exploration, hands on discovery, and experimenting with water, building blocks, making volcanoes, or creating slime to start the journey.

26WINM2 -----Erin Guire & Jodi Calder -----Grades K-3

Arts & Crafts

Get ready to imagine, create, and explore! During arts and crafts kids in grades K-3 will have a blast making colorful projects using paint, paper, clay, beads, and more. Each week brings a new hands-on activity — from designing your own masterpieces to creating fun seasonal crafts.

26WINM3 ----- Amy & Angela Francis-----Grades 1-4

Cozy Coloring and Relaxation – Group #1

Cozy coloring is a special, relaxing way to color. It's like cuddling up with a soft blanket and your favorite markers. Instead of coloring tricky, busy pictures, we pick pictures of happy, comfy things like fluffy animals, hot cocoa, or cozy houses. You get to choose the colors that make you feel peaceful and calm, and there's no pressure to make it perfect. It's just a time to relax and have fun with your colors.

26WINM4 -----Sunshine Lola -----Grades 1-8 – (Limit 10)

Traditional and Contemporary Beading Group #1

Students will learn the importance of Beading to the Passamaquoddy Culture while making Keychains, Lanyards, Earrings and other beaded items.

26WINM5 -----Monica Francis & Charla Morrison -----Grades 3-5- (Limit 10)

Messy Science --- Group #1

Mix, pour, squish and discover! Come have fun, learn and explore Science through fun, safe and sometimes messy experiments.

26WINM6 ----- Seana Mackeldey and Airyn Kenney-----Grades 4-8---(Limit 10)

Cooking Class

Students will learn how to prepare, cook and bake chosen recipes for that week

26WINM7 ----- Ann Cannizzaro & Stephanie Francis -----Grades 5-8 -(Limit 8)

Needle Felting

Students will learn the basics of needle felting while they complete a landscape scene. Using their newly developed finishing skills, they will create a final piece they can frame for all to admire.

26WINM8 ----- Jodi Cox-----Grades 7&8—(Limit 12)**Yearbook Creation**

Students will use their laptops and classroom supplies to design and produce the SES 25-26 Yearbook. This is your chance to have input on how this year's book will look.

Tuesdays:**26WINT1 ----- Kendra MacDonald & Maureen Hopkins -----Grades PK-1 -(Limit 8)****STEM Stations --- Session 2**

Come and learn through exploration, hands on discovery, and experimenting with water, building blocks, making volcanoes, or creating slime to start the journey.

26WINT2 -----Judy Suddy & Jenna Cushing-----Grades PK-1**Pee-Wee Basketball --- Group #1**

Boys and Girls will learn the basic skills of basketball through practice skills and interaction.

26WINT3 -----Monica Francis & Charla Morrison -----Grades K-2- (Limit 10)**Messy Science --- Group #2**

Mix, pour, squish and discover! Come have fun, learn and explore Science through fun, safe and sometimes messy experiments.

26WINT4 -----Sunshine Lola & Annalisa Driskel -----Grades 1-8 – (Limit 10)**Traditional and Contemporary Beading Group # 2**

Students will learn the importance of Beading to the Passamaquoddy Culture while making Keychains, Lanyards, Earrings and other beaded items.

26WINT5 ----- Diana Mahar, Erin Guire, and Jodi Calder -----Grades 3-8**3 Station Maker Space-Including 3D Printing**

Come join a collaborative work space for making, learning, exploring, and sharing that uses tech to no tech tools. Students will gather to create, invent, tinker, explore, and discover using a variety of tools and materials. We will have 3 separate work areas each week where you will choose what you want to do. We will be using items like clay, fabric, micro: bits mini-computers, Makey-Makey boards, Merge Cubes, cardboard, Legos, art supplies, and recycled materials to design one-of-a-kind creations.

26WINT6 ---Airyn Kenney & Alexis Moore -----Grades 4-8**Girls Club**

Girls will have a fun and safe space to ask questions, learn new skills, support one another, learn self-care tips, while participating in fun activities and crafting that will help you grow, learn, and feel more positive about being you.

26WINT7 ----- Amy & Angela Francis-----Grades 5-8**Cozy Coloring and Relaxation – Group #2**

Cozy coloring is a special, relaxing way to color. It's like cuddling up with a soft blanket and your favorite markers. Instead of coloring tricky, busy pictures, we pick pictures of happy, comfy things like fluffy animals, hot cocoa, or cozy houses. You get to choose the colors that make you feel peaceful and calm, and there's no pressure to make it perfect. It's just a time to relax and have fun with your colors.

26WINT8 ----- Dennis Nicholas -----Grades 5-8**Board and Card Games**

Want some fun while improving your cooperation and sportsmanship? Come join us in playing some of the best classic board games and card games. Sharpen your skills, the challenge is on....

Wednesdays:

26WINW1 ----- Kendra MacDonald & Maureen Hopkins -----Grades PK-1 -(Limit 8)

STEM Stations --- Session 3

Come and learn through exploration, hands on discovery, and experimenting with water, building blocks, making volcanoes, or creating slime to start the journey.

26WINW2 -----Amy Francis & Annalisa Driskel -----Grades PK-2

Exploring the Bear's Den

We will play games, work on puzzles and learn about the different things available in the Bear's Den. Help the children understand what the Bear's Den is and what I have available in the Bear's Den

26WINW3 ----- Diana Mahar and Airyn Kenney-----Grades 1-3---(Limit 10)

Baking Class

Come have some fun learning how to bake! We'll mix, stir, and decorate simple treats while learning kitchen safety and teamwork. Each baker will even get to taste their creation!

26WINW4 -----Sunshine Lola & Angela Francis -----Grades 1-8 – (Limit 10)

Traditional and Contemporary Beading Group # 3

Students will learn the importance of Beading to the Passamaquoddy Culture while making Keychains, Lanyards, Earrings and other beaded items.

26WINW5 -----Judy Suddy & Jenna Cushing-----Grades 2-4

Pee-Wee Basketball --- Group #2

Boys and Girls will learn the basic skills of basketball through practice skills and interaction.

26WINW6 -----Erin Guire and Jodi Calder-----Grades 2-5

LEGO Challenge

Calling all builders and creators! In *Lego Challenge*, students in grades 2–5 will put their imagination and engineering skills to the test. Each week brings a brand-new **building challenge** — from designing towers and vehicles to creating fun themed builds. After the challenge, there's time for **free building**, where you can design anything, you dream up!

26WINW7 ----- Ann Cannizzaro-----Grades 4-8

WRITE Brain Books—Publish your “OWN” Book

We have had several students complete the process **to become published authors**. Students will work through the storytelling process to write a story that accompanies real artists' illustrations. The work involves imagination and creativity, as the writer develops ideas about the illustrations, and writes the story that goes with them.

26WINW8 -----Stephanie Francis-Soctomah -----Grades 5-8 (LIMIT-12)

Open Art Studio

Want some extra time exploring your own interests and creative adventures in all thing's art and creative. You may even want to think about putting up some of your creations for potential inclusion in the ABBE Museum exhibits. Explore your artistic side

26WINW9 -----Rhonda Stevens -----Grades 7-8 (SESSION FULL)

Destination Imagination Technical Challenge-Session-1

Students will create a game show that includes a host and contestants. They will build a set that includes a gimmick, razzle dazzle and raising the stakes component. The group has until March to work out the show and the build that must include technical and mechanical components with a budget under \$225.

Thursdays:

26WINTH1 ---- Kendra MacDonald & Maureen Hopkins -----Grades PK-1 -(Limit 8)

STEM Stations --- Session 4

Come and learn through exploration, hands on discovery, and experimenting with water, building blocks, making volcanoes, or creating slime to start the journey.

26WINTH2 ----Monica Francis & Charla Morrison -----Grades PK-2--(12 Max)

Busy Hands Sand Art

Do you like to play in the sand? If you do then come join us and have fun exploring, mixing, and being imaginative while you create cool and unique sand projects.

26WINTH3 ----Erin Guire and Jodi Calder-----Grades K-3

Fun & Games

Students will play all kinds of classic games like **Candy Land**, **Chutes and Ladders**, and **Go Fish** — plus exciting dice and card games that help us think, count, and take turns. Each week, we'll practice good sportsmanship, teamwork, and problem-solving while learning new games and making new friends.

26WINTH4 ----Sunshine Lola & Angela Francis ----Grades 1-8 – (Limit 10)

Traditional and Contemporary Beading Group # 4

Students will learn the importance of Beading to the Passamaquoddy Culture while making Keychains, Lanyards, Earrings and other beaded items.

26WINTH5 ----Amy Francis & Annalisa Driskel -----Grades 3-8

Diamond Art in the Bears Den

Diamond art is a fun craft where kids place colorful, sparkly "diamonds" onto a sticky canvas to create a picture, much like a paint-by-numbers but with shiny gems instead of paint. A color-coded color chart tells you which diamond color goes on each symbol, and you use a special pen with wax to pick up the diamonds and stick them on the canvas to reveal a beautiful, glittering design.

26WINTH6 ----Nancy Curtis & Sarah Donahe -----Grades 3-8 -(Limit 15)

Drums Alive & Boom Whackers

Student will have their own "Drums Alive" device and learn routines to many different songs, drumming games, setting up and creating rhythms and patterns. Then to pump up the fun we will explore using Boom Whackers to create some energetic music.

26WINTH7 ---- Airyn Kenney & Alexis Moore-----Grades 4-8 –(Limit 8)

3D Candy Printing

Take 3D printing to a whole new level. Use Candy Doodler Pens to print with a candy substance and make all kinds of creative 3D items that you can actually eat in the end. How cool is that????

26WINTH8 ----Rhonda Stevens -----Grades 7-8 (SESSION FULL)

Destination Imagination Technical Challenge-Session-2

Students will create a game show that includes a host and contestants. They will build a set that includes a gimmick, razzle dazzle and raising the stakes component. The group has until March to work out the show and the build that must include technical and mechanical components with a budget under \$225.
