THE PEOPLE AND THEIR SCHOOL DISTRICT

In providing for the education of Maine Indian Education students, the Joint School Committee is conscious that the schools belong to the people of the Penobscot Nation and Passamaquoddy Tribe. The people exercise their proprietorship through the elective process. They elect state and federal representatives who establish the framework of law within which the schools operate. The people elect their Tribal Governor and Tribal Council, and they elect two Passamaquoddy School Committees and a Penobscot School Committee to represent them and determine local educational policy.

The Maine Indian Education Joint School Committee is mindful that the people are the ultimate governors of Maine Indian Education and that its members are directly accountable to the people. The School Committee also believes that accountability is a shared responsibility involving students, teachers, administrators, including the Superintendent, and the people themselves.

EDUCATIONAL PHILOSOPHY/MISSION

As advocates for children, the Maine Indian Education Joint School Committee recognizes that the thorough and efficient education of children is its primary statutory-based responsibility. To this end, the Joint School Committee considers proper and adequate support of schools to be a civic responsibility shared by all citizens.

The school unit will provide an educational environment designed to encourage each student to acquire the necessary skills and perspectives needed for a meaningful life and career. All schools will strive to encourage students to form desirable habits that are necessary for them to become responsible, informed citizens. In general, we aim to have students develop attitudes and practices necessary for satisfying, worthwhile lives.

We believe that all children must be provided equal but not identical opportunities to allow them to achieve at levels commensurate with their abilities. We believe that all students must learn in an environment which allows them to develop positive attitudes toward themselves and genuine respect for others.

A rigorous core curriculum designed to achieve specific learning outcomes will be provided. It will be planned with the goal of creating and maintaining standards which will furnish students with the skills necessary for success in a global society while giving them a broad educational foundation compatible with their interests, aptitudes and aims. The curriculum and graduation requirements will be regularly evaluated to ensure their continued appropriateness.

In order to achieve our goals and to implement this philosophy, we believe that all schools must secure the involvement of the community, students, staff, parents and citizens. Educational responsibility must be shared with important community institutions. We strongly believe that our school system's success depends on good rapport and cooperation with our communities and its institutions.

Recognizing the distinctive and special heritage of Passamaquoddy Tribe and Penobscot Nation, the Joint School Committee and the Beatrice Rafferty School, Indian Island School, and Indian Township School support the preservation of tribal culture. With this in mind, the schools value the dignity and worth of each child and respect individual freedom, the democratic process and the need to be prudent with natural resources.

The Joint School Committee recognizes the professional staff as the body that is legally charged with the responsibility of providing education to all children. In fulfilling this responsibility, the staff will seek to ensure the following:

- A. All children will master basic skills in the areas of language arts, mathematics, science, history, and technology;
- B. Instruction will be provided which is appropriate to each individual with respect to goals, methodology and evaluation;
- C. Students will be seen in their totality as physical, mental, social, and aesthetic beings, which requires a knowledge of child growth and development;

- D. Staff members, in order to effectively execute their responsibilities, will establish goals for themselves consistent with the philosophy of the Joint School Committee and individual schools. Staff members will engage in a self-evaluation process for the purpose of self-improvement--the ultimate objective being an improved instructional program for all students; and
- E. The Joint School Committee recognizes that this highly technological society demands that students learn how to cope with change and learn to accept that "learning" is a continuous process.

The Joint School Committee fully accepts the responsibility of formulating policies and allocating adequate funding to support the education process. The Joint School Committee will always consider the welfare of students as the single most important factor in making decisions relative to educational policy. It will be the responsibility of the Joint School Committee and administrators to promote sound educational practices and professional development.

COMMITMENT TO LEARNING RESULTS

The Maine Indian Education School Committee hereby adopts the system of Learning Results and the Maine Department of Education's applicable rules. The Learning Results System is intended to serve as a foundation for education reform and to promote and provide assessment of student learning, accountability and equity. The Joint School Committee recognizes that the legislative intent of the Learning Results System is to provide children with schools that reflect high expectations and create conditions where these expectations can be met.

The Joint School Committee understands that implementation of the learning results system has broad implications for the school system, including curriculum, budget, professional development, student assessment, professional evaluation, and graduation requirements.

The Committee is committed to examining its policies to ensure that they are consistent with the intent and goals of the Learning Results System. This will require a concerted and coordinated effort involving the Joint School Committee, the Superintendent, administrators, teachers, parents, students and the community.

The Committee directs the Curriculum Coordinator to report to the Committee on a regular basis on progress of implementing the Learning Results System.

Students are to leave the school grounds upon dismissal unless involved in extra-curricula activities. Students in grades PK – 4 who return to the school grounds to watch athletic activities or evening programs must be accompanied by an adult and must stay with that adult at all times or will be asked to leave the premises.

AFTER-SCHOOL PROGRAM

The After-School Program, is available to students throughout the year at the end of the school day. As information becomes available for the various grades, it will be sent home. Watch for After-School Program information.

If a child participates in the After-School Program the parent will need to:

- Complete a permission slip
- Provide release instructions
- Update the permission slip as necessary

Students are expected to conduct themselves with respect for others and in accordance with School Committee policies, school rules, and applicable state and federal laws. Disciplinary action may be taken against students who violate policies, rules, or laws, and/or whose conduct directly interferes with the operations, discipline, or general welfare of the school.

General Guidelines:

1. If a problem arises, the teacher will handle the situation. If a more serious situation exists, the student may be referred to the After-school Coordinator or Principal and/or sent home for the day.
2. If a major offense (hitting, yelling, etc.) occurs, parents will be notified and the student may be suspended from the program for 3 days.
3. If a major offense occurs a second time, parents will be notified and the student will face a one-week (5-day) suspension from the program.
4. If the above procedures fail to improve student conduct, the student could face suspension from the program for the rest of the academic year.

ARRIVAL PROCEDURE

1. Students in grades PreK-8 should not arrive at school before 7:30 AM. Students arriving between 7:30 and 8:00 must report to the morning program.

ATHLETICS/ACTIVITIES/SPORTSMANSHIP

Policies: JJB	School-sponsored Social Activities/Events Policy
JJI	Athletic Policy – Philosophy & Beliefs
JJIBB	Sportsmanship Policy

The sports program at Sipayik Elementary School is intended to be an extension of the classroom. Sipayik Elementary School supplements the school's academic programming and provides students with important life skills and memorable experiences, as well as fostering health and well-being. **Within this framework, it is important to keep in mind that participation in athletics is a privilege and should be treated as such. In order to participate, students must be enrolled in and attending Sipayik Elementary School, or be homeschooled but otherwise eligible to enroll in and attend Sipayik Elementary.**

PLEASE REFERENCE THE SIPAYIK ELEMENTARY SCHOOL ATHLETIC HANDBOOK FOR ATHLETIC PROCEDURES AND POLICIES

ATTENDANCE

Attendance and punctuality in arriving at school are essential for students to make continuous progress in school. **Frequent absence is the single most important cause of academic difficulty.** Prompt and regular attendance is an excellent habit to establish now. If your child will not be attending school on any given day, please contact the school to let us know by 9:00 AM. This saves us a phone call as we regularly try to contact parents regarding the causes of the absences.

Notes: Any student who is absent must present a **DATED NOTE WRITTEN** by his/her parent or guardian to the homeroom teacher upon readmission to school even if the parent has called the school previously. The note should state the reason(s) for the absence(s). No note will be recorded as an unexcused absence, requiring the time to be made up. Students may not attend evening or after-school functions on a day that they have been absent.

Excused Absences – A person's absence is excused when the absence is for the following reasons:

1. Personal illness;
2. An appointment with a health professional that must be made during the regular school day;
3. Observance of a recognized religious holiday when the observance is required during the regular school day;
4. A family emergency; or
5. A planned absence for a personal or educational purpose, which has been approved.

Unexcused Absences – All other absences will be considered unexcused. A student is habitually truant if the student has attained the equivalent of 10 full days of non-excused absences or 7 consecutive school days of non-excused absences during a school year.

Tardy - Students who are tardy will be required to make up the time after school. A student will remain after school for a minimum of 30 minutes. Tardy students may attend but may not participate in extra-curricular activities scheduled for that day. ***Students in grades PreK-8 will be considered tardy if they are not in their homeroom and ready for their first class at 8:30 A.M. Tardy students must report to the office before being admitted to their classroom.***

Make-Up Work

When students are absent, an opportunity to make up work will be provided. Make-up work is encouraged so that students will profit from future instruction. Work (including test) missed due to an absence may be made up and credit given for such work. Upon the students return to school, he/she must make up the work within five school days. Additional time may be granted by the principal due to extenuating circumstances. A student will not be penalized for a teacher's absence.

Students are encouraged to get make-up work assignments before returning to school. They may do this by:
Absence of one or two days: Contact a friend in class to obtain information on work missed.

- Absence of three or more days: Call the school office requesting assignments remembering that teachers need 24 hours to prepare assignments.

Dismissals

- Parents are strongly urged not to dismiss students from school unless there is a family emergency or an appointment that cannot be made at another time. This includes study halls and lunch.
- Students may be dismissed for personal illness, observance of religious holidays, family emergencies, planned absences for personal or education purposes, which have prior approval by school administrators and appointments with a health professional that CANNOT be scheduled outside of the regular school day. FAILURE TO GET DISMISSED BY THE OFFICE WILL RESULT IN DISCIPLINARY ACTIONS FOR LEAVING THE SCHOOL BUILDING WITHOUT PERMISSION.
- Schoolwork missed because of early dismissal must be made up within 24 hours unless special arrangements have been made.
- Students requesting dismissal from school on a given day must present the office with a note from their parent/guardian prior to 8:30 A.M. for the elementary schools. The note must have Student's full name, date, time of dismissal, and be signed by the student's parent/guardian.
- Students missing classes due to any school events must get assignments ahead of time to avoid late work. This is the student's responsibility.

Parent Guardian Attendance Notification

- The office will attempt to call, on a daily basis, to verify the absence of any student whose absence has not already been verified.
- For each ranking period, if a student accumulates six (6) absences (excused or unexcused) in any class, the parent/guardian will be notified through the mail. At this time the parent/guardian may be asked to meet with the teacher(s), Guidance Counselor and the Administration.
- For unexcused absences, as outlined previously, letters will be sent home for accumulation of:
 - 3 unexcused absences (letter)
 - 6 unexcused absences (letter requiring parent/guardian meeting)
 - 10 unexcused absences (certified letter requiring parent/guardian meeting)

BICYCLES, SCOOTERS, IN-LINE SKATES, & SKATEBOARDS

All bicycles and scooters that are brought to school must be placed in the bike rack during the school day. Skateboards and skates may be left in the school office.

CELL PHONES

See Policy, Pg. 47

The use of cell phones by students during school hours is inconsistent with the educational goals of Sipayik Elementary School and can be distracting for staff and other students. Students are not to send or receive outgoing calls, text messages, or voice messages. Cell phones must be turned off, and placed in backpacks or on the teacher's desk during school. Cell phones cannot be used during any part of the school day including but not limited to classrooms, cafeteria, recess or buses. Students who cannot abide by these basic expectations will have their phones taken away from them. These phones will be left in the office, where students may pick them up at the end of the day.

CHAIN OF COMMAND

Parents are urged to communicate often with their child's teacher. This communication can be initiated by either party. Parents should not assume that no news is good news. Check periodically on child's progress. If a problem arises, please contact your child's teacher first. If it is not resolved, then contact the Principal, the Superintendent, and the school committee in that order. This will ensure the quickest solution to your concern.

COMPUTERS

See Policy, Pg. 41

Students are responsible for good behavior on school computer networks just as they are in a classroom or a school hallway. Communications on the network are often public in nature. General rules for behavior and communications apply.

The Network, computers, and associated devices are provided for students to conduct research, complete assignments, and experience education in a technology-focused world.

Individual users of the computer networks are responsible for their behavior and communications over those networks. It is expected that users will comply with district and local school standards.

Network storage areas, laptops, electronic media such as CD's, DVD's, and portable drives, may be treated like school lockers. Network administrators, et al., may review files, connections, and monitor

communications to maintain system integrity and insure that users are using the system responsibly. Users should not expect that files stored on the school servers, electronic media, computers, or network communication within the school will be private.

Within reason, freedom of speech and access to information will be honored. During school, teachers will guide them toward appropriate materials. As outlined in School Committee policy and procedures on student rights and responsibilities, copies of which are available in the school office, the following are not permitted:

- Sending or displaying offensive messages or pictures
- Using obscene language
- Cyber-bullying, harassing, insulting or attacking others
- Damaging computers, computer systems or computer networks
- Violating copyright laws
- Using another's password
- Trespassing in another's folders, work or file
- Intentionally wasting limited resources
- Employing the network for commercial purposes

Violations may result in loss of access. Additional disciplinary action may be determined regarding inappropriate language or behavior. When applicable, law enforcement agencies may be involved.

The State of Maine's current laptop program provides Apple iBook computers to all 7th and 8th grade students and their teachers. Sipayik Elementary School provides laptops to as many other students as possible. All laptops, whether provided by the State or Maine or Sipayik Elementary School, are the property of the school and are not permitted to leave the building unless approved by the Principal.

CRISIS RESPONSE PROCEDURE

The School Committee recognizes that bomb threats are a significant concern to the school unit. Whether real and carried out or intended as a prank or for some other purpose, a bomb threat represents a potential danger to the safety and welfare of students and staff and to the integrity of school property. Bomb threats disrupt the instructional program and learning environment and also place significant demands on school financial resources and public safety services. The effects occur even when such threats prove to be false.

Any bomb threat will be regarded as an extremely serious matter and treated accordingly. The School Committee directs the Superintendent to react promptly and appropriately to information concerning bomb threats and to initiate or recommend suitable disciplinary action.

A. Reporting of Bomb Threats. A student who learns of a bomb threat or the existence of a bomb on school premises must immediately report such information to the building principal, teacher, other employee in a position of authority.

An employee of the school unit who learns of a bomb threat shall immediately inform the building administrator. The building administrator shall immediately take appropriate steps to protect the safety of students and staff in accordance with the school unit's bomb threat procedure, as developed under Section C, and inform the Superintendent of the threat.

All bomb threats shall be reported immediately to the local law enforcement authority, as provided in the bomb threat procedures.

The Superintendent shall be responsible for reporting any bomb threat to the Department of Education within two business days of the incident. Reports will include the name of the school, the date and time of the threat, the medium used to communicate the threat, and whether or not the perpetrators have been apprehended.

B. Student Disciplinary Consequences. Making a bomb threat is a crime under Maine law. Any student suspected of making a bomb threat shall be reported to law enforcement authorities for investigation and possible prosecution. Apart from any penalty imposed by law, and without regard to the existence of status of criminal charges, a student who makes a bomb threat shall be subject to disciplinary action by the school.

The administration may suspend and/or recommend for expulsion any student who makes a bomb threat. The making of a bomb threat will be considered deliberately disobedient and deliberately disorderly within the meaning of 20-A M.R.S.A. § 1001(9) and will be grounds for expulsion if found necessary for the peace and usefulness of the school.

DISCIPLINE

It is essential for schools to maintain a safe and orderly environment, which supports student learning and achievement. Good discipline allows the schools to discharge their primary responsibilities to educate students and promote good citizenship. All students are expected to conduct themselves with respect for others and in accordance with School Committee policies, school rules, and applicable state and federal laws. Disciplinary action may be taken against students who violate policies, rules, or laws, and/or whose conduct directly interferes with the operations, discipline, or general welfare of the school.

General Guidelines. If a problem arises, the classroom teacher will handle the situation. If a more serious situation exists, the student may be referred to the office and/or sent home for the day. If a situation arises in which there is suspicion of illegal items on the premises, the building administrator has the right to search the building and its contents and take the necessary action.

Detention. Any staff member may give detention to a student. Detention will be assigned for misconduct. A student may also be required to stay after school to complete schoolwork.

Expulsion. Behavior resulting in expulsion includes but is not limited to: Bringing a firearm to school, possession of a firearm, bomb threats.

Suspension. Suspensions or expulsions will be handled on a case-by-case basis. Behavior resulting in suspension includes but is not limited to: Assaultive behavior, serious disruptive classroom behavior, use/possession of drugs, tobacco, or alcohol on school property, destruction and/or theft of private or school property, blatant insubordination to school officials, and obscene and/or profane language directed at a school official. A fourth suspension will result in a referral to the School Committee, which may result in expulsion from school.

Detention Procedure

1. A student must serve detention on the assigned day or receive a one day suspension for that day. If absent, student will serve detention on the first day after returning.

2. All detentions will be served after-school or during lunch

3. If a student fails to take his/her detention slip home, have it signed, and bring it back, he/she will receive an additional detention.

*A student being sent to the office twice in one day may result in the student staying in the office or designated area until school dismissal. A parent conference may then be requested. The student will be responsible to complete all schoolwork and to serve the detentions earned that day.

HAZING POLICY

Maine statute defines injurious hazing as “any action or situation, including harassing behavior that recklessly or intentionally endangers the mental or physical health of any school personnel or a student enrolled in a public school.”

It is the policy of the Maine Indian Education Joint School Committee that injurious hazing activities of any type, either on or off school property, by any student, staff member, group or organization affiliated with this school unit, are inconsistent with the educational process and shall be prohibited at all times.

No administrator, faculty member, or other employee of the school unit shall encourage, permit, condone, or tolerate injurious hazing activities. No student, including leaders of student organizations, shall plan, encourage, or engage in injurious hazing activities.

TOBACCO USE AND POSSESSION

The Maine Indian Joint School Committee believes that commercial tobacco use is the most preventable behavior factor contributing to illness, disability, and death.

In order to promote the health and safety of all students and staff and to promote the cleanliness of all facilities, the Maine Indian Joint School Committee prohibits smoking and the use of all other commercial tobacco products (including all smoked and smokeless tobacco products, Electronic Nicotine Delivery Systems, e-cigarettes, vaporizers, etc.) in school buildings, facilities and on school grounds and is in effect 24 hours per day, 365 days per year. Each individual school committee will designate parameters for the “no smoking zone.” Smoking is also prohibited on school buses during school-sponsored events by all persons, including students and employees. The only exception to this rule would be for cultural activities and Native American ceremonies. The principal must be notified in advance by the teacher who is supervising the use of tobacco for cultural activities or Native American ceremonies. Aside from this exception, no commercial tobacco use is permitted at any time while school is in session or at any school-sponsored functions. At school-sponsored activities or functions, a verbal announcement will be made to remind attendees of the commercial tobacco-free policy.

The Maine Indian Education Joint School Committee prohibits advertising tobacco products in school buildings, on school property, and at school functions, and in all school publications. This includes advertising on clothing, such as T-shirts or hats, worn to school or to school-sponsored activities.

In addition, students and any person under the age of 21 years old are further prohibited from possessing, selling, distributing or dispensing tobacco products in school buildings, facilities and on school grounds and buses during school-sponsored events and at all other times.

Employees and all other persons are also strictly prohibited, under law and Maine Indian Education’s Joint School Committee policy, from selling, distributing or in any way dispensing tobacco products to students.

Because commercial tobacco use leads to dependency, the Joint School Committee is committed to implementing comprehensive school health education programs. Age-appropriate commercial tobacco prevention education has been incorporated into Maine Indian Education’s comprehensive health education curriculum in alignment with the Parameters for Essential Instruction’s Health and Physical Education Standards and will include awareness of school policy.

Maine Indian Education will provide evidence-based commercial tobacco treatment information (such as the Maine Tobacco HelpLine 1-800-207-1230) on how to access cessation programs for students and staff.

This commercial tobacco policy will be printed in employee and student handbooks on a yearly basis. Parents/guardians will be sent notification in writing of this commercial

tobacco policy in the student handbooks. Tobacco-free school signs will be posted in highly visible places both inside and outside school buildings including Central Office. Signs will be posted at all entrances of school buildings. The local media will be asked to communicate this commercial tobacco free policy community wide.

VIDEO SURVEILLANCE

The Maine Indian Education Joint School Committee authorizes the use of video surveillance cameras on school buses, in District facilities, and on school grounds to promote the safety of students, staff and visitors; to reduce vandalism and theft; and as documentation for disciplinary purposes. The Superintendent/designee shall be responsible for the placement of video cameras in locations deemed appropriate, except that video cameras will not be used in locations where there is a reasonable expectation of privacy.

Notice of the use of video cameras for disciplinary purposes will be provided to students, parents and employees through handbooks, Maine Indian Education's website, or by other appropriate means on an annual basis. Moreover, notice that video surveillance may take place will be posted on school buses, in District facilities, and on school grounds in a manner that will provide notice to visitors.

Students or employees who are observed to be in violation of Joint School Committee policies, school rules or law shall be subject to disciplinary action in accordance with Joint School Committee policy, administrative procedures and District practices. Illegal activities will be reported to tribal law enforcement authorities.

When video recordings are used as a basis for student discipline, parents/guardians will be notified and given the opportunity to view the portion of the tape pertaining to the alleged violation. Any recording used in a disciplinary proceeding will be retained as part of a student's disciplinary record, being disposed of as other such documentation except when special circumstances warrant longer retention. In regard to such video recordings, the school system will comply with all applicable provisions of state and federal law concerning student records. All viewing will take place in a District school building or at the Central Office and will include the building principal or his/her designee.

Video recordings that are used as a basis for employee discipline may become part of a staff member's personnel file. The District will comply with all applicable state and federal laws related to employee records.

The Superintendent will be responsible for the development of administrative procedures regarding review of video recordings. Such procedures will provide a process for review when significant violations of Joint School Committee policy, conduct codes, administrative regulations or directives, or school rules occur. Procedures will also address the retention of video tapes; the security of video cameras and recordings; specification of District personnel responsible for purchase, installation, maintenance, and replacement of equipment, the placement of cameras; responses to requests for viewing; viewing of video tapes; record-keeping; and any necessary follow-up.

Audio shall not be part of the video recordings made, reviewed or stored by the District.

Students or employees who vandalize, damage or disable video surveillance cameras shall be responsible for damages and costs and shall be subject to disciplinary action. Any person who vandalizes, damages or disables video surveillance cameras will be reported to local law enforcement authorities.

PEST MANAGEMENT IN SCHOOL FACILITIES AND ON SCHOOL GROUNDS

The Maine Indian Education Joint School Committee recognizes that structural and landscape pests can pose significant problems for Maine Indian Education (MIE) employees, students and property, but the Maine Indian Education Joint School Committee also realizes that use of some pesticides may themselves pose health and safety risks to visitors, employees, students, property and the environment.

It is therefore the policy of the MIE to incorporate Integrated Pest Management (IPM) principles and procedures for the control of structural and landscape pests. A copy of this policy shall be kept in each MIE school and made available upon request to staff, parents, students and the public.

IPM is a systematic approach to pest management that combines a variety of methods for managing pests, including monitoring; improved horticultural, sanitation and food storage practices; pest exclusion and removal; biological control; and pesticides.

For the purpose of this policy, “pests” are populations of living organisms (animals, plants or microorganisms) that interfere with use of MIE facilities and grounds or those of its schools. “Pesticide” is defined as any substance or mixture of substances intended for preventing, destroying, repelling or mitigating any pests and any substance and/or mixture of substances intended for use as a plant regulator, defoliant or desiccant.

The objective of the MIE’s IPM program is to provide effective pest control while minimizing pesticide use. The goals of the IPM program include managing pests to reduce any potential hazards to human health; preventing loss or damage to MIE’s or its schools’ structures or property; preventing pests from spreading beyond the site of infestation to other property; and enhancing the quality of life for students, staff and others. These goals will be addressed by the establishment of a Pest Management Plan (PMP).

The Superintendent and/or his/her designee shall develop and implement a PMP consistent with the following IPM principles and procedures.

A. Appointment of an IPM Coordinator

The Facilities Manager will serve as the IPM Coordinator for Maine Indian Education. The IPM Coordinator will be the primary contact for pest control matters and will be responsible for overseeing the implementation of the IPM plan, including making pest control decisions.

B. The IPM Coordinator will:

Consult with the building principals and/or Superintendent before a decision is made to do a pesticide application (for which notice is required) before providing notification of the planned application.

C. The IPM Coordinator’s responsibilities will include:

1. Recording and monitoring data and pest sightings by MIE staff and students;
2. Coordinating pest management with pest control contractors;

3. Meeting with pesticide applicators to share information about pest problems in MIE property, its schools' buildings and grounds;
4. Recording and ensuring that maintenance and sanitation recommendations are carried out where feasible;
5. Ensuring that any pesticide use is done according to MIE's Pest Management Plan and Chapter 27 Me. Dept. of Agriculture Board of Pesticides Control Rules ("Standards for Pesticide Applications and Public Notification in Schools");
6. Making MIE's pest management policy available in District buildings;
7. Making a copy of the Maine regulation pertaining to pesticide applications in schools (Chapter 27 Me. Dept. of Agriculture Board of pesticides Control "Standards for Pesticide Applications and Public Notification in Maine Schools") available for parents/guardians, staff, and community members. A record of prior pesticide applications and information about the pesticides used will also be made available.
8. Evaluating MIE's progress in implementing the IPM plan in each MIE school;
9. Initiating and coordinating notification of parents and staff of pesticide applications according to MIE's notification procedure; and posting notification signs as appropriate; and
10. Recording all pesticides used by either a professional applicator or MIE staff and/or maintaining all other pest control data.

D. Identification of Specific Pest Thresholds

Routine inspection and accurate identification of pests are needed to recognize potential problems and determine when action should be taken. An "action threshold" for specific sites should be determined on a case-by-case basis by the IPM Coordinator in consultation with the building principal and/or Superintendent, and if necessary, with the advice of a professional pest control expert.

As pest management objectives will differ from site to site (e.g. maintaining healthy turf and specific playing surfaces on athletic fields, carpenter ant control in buildings, maintenance of ornamental plants, etc.), differences should be considered before setting an action threshold.

E. Pesticide Applicators

Any person who applies pesticides in any school buildings and/or on school grounds must possess a Maine pesticide applicators license and should be trained in the principles and practices of IPM. All pesticide use must be approved by MIE's IPM Coordinator. Applicators must follow state regulations, pesticide label precautions and must comply with the IPM policy and pest management plan.

F. Selection and Use of Pesticides

Pesticides should be used only when needed. Non-chemical pest management methods will be implemented whenever possible to provide the desired control. The choice of using a pesticide will be based on a review of other available options (sanitation, exclusion, mechanical means, trapping, biological control) and a determination that these options have not worked or are not feasible. When it has been determined that a pesticide must be used to achieve pest management goals, the least hazardous effective pesticide should be selected. Application should be conducted in a manner that, to the extent practicable using currently available technology, minimizes human risk. Decisions concerning the particular pesticide to be used and the timing of pesticide application should take into consideration the use of the buildings or grounds to be treated. No pesticides will be stored in school facilities or on school grounds. In the cases of eminent danger, when the safety of students and staff may be at risk, whatever means necessary will be taken to secure the site and restore a safe, healthy learning environment.

G. Notification of Students, Staff and Parents of use of pesticides

A notice will be provided to MIE staff, students and parents/guardians within the first two (2) weeks of each school year briefly explaining MIE's IPM/pesticide use policy and indicating that pesticides may be used indoors and/or outdoors, as needed. When appropriate, the building principal will notify staff, students and parents/guardians at least five (5) days in advance of planned pesticide treatments in the school or on school grounds including playgrounds and playing fields.

When required by regulations, signs will be posted at each point of access to the treated area and in a common area of the school at least two (2) working days prior to the application and for at least 48 hours following the application in accordance with applicable Maine Board of Pesticides Control regulations.

H. Recordkeeping

When a pesticide has been used, records pertinent to the application including labels and material safety data sheets (MSDS) will be maintained at a designated central location at that school site for two years following application.

Records are to be completed on the day the pesticide is applied. Pest surveillance records should be maintained to verify the need for additional pesticide treatments.

STUDENT COMPUTER AND INTERNET USE

Maine Indian Education's computers, network and Internet access are provided to support the educational mission of the schools. This policy and the accompanying rules also apply to laptops issued directly to students. Students are not allowed to use privately-owned computers, and they should not be brought to school without authorization from the building administrator.

Compliance with the school unit's policies and rules concerning computer use is mandatory. Students who violate these policies and rules may, after being given an opportunity to respond to an alleged violation, have their computer privileges limited, suspended or revoked. The building administrator shall have the final authority to decide whether a student's computer privileges will be altered, based on the circumstances of the particular case. Such violations may also result in disciplinary action, referral to law enforcement and/or legal action.

Maine Indian Education's computers remain under the control, custody and supervision of the school unit at all times. The school unit monitors all computer and Internet activity by students. Students have no expectation of privacy in their use of school computers, whether they are used on or off school property.

Maine Indian Education's schools utilize filtering technology designed to block materials that are obscene or harmful to minors, and child pornography. Maine Indian Education takes precautions to supervise student use of the Internet and electronic communications, and to prevent the unlawful disclosure, use or dissemination of personally identifiable information about students. Maine Indian Education educates students about safety on the Internet, appropriate online behavior and cyberbullying awareness and response, but parents should be aware that Maine Indian Education cannot reasonably prevent all instances of inappropriate computer use by students that may violate School Committee policies and rules, including access to objectionable materials and communications.

Students and parents shall be informed of this policy and the accompanying rules through handbooks, the school web site and/or other means selected by the Superintendent. Parents/guardians and students are required to sign the Student Computer Use form acknowledging their understanding of these requirements.

The Superintendent or his/her designee is responsible for implementing this policy and the accompanying rules. Additional administrative procedures or school rules governing the day-to-day management and operations of the school unit's computer system may be implemented by the Superintendent, consistent with Joint School Committee policies and rules.

The school unit assumes no responsibility for any unauthorized charges or costs incurred by a student while using school unit computers.

D. **Student Security**

A student is not allowed to reveal his/her full name, address, telephone number, social security number, photograph or other personal information on the Internet while using a school computer without written permission from a parent/guardian. Students should never agree to meet people they have contacted through the Internet without parental permission. Students should inform their teacher if they access information or messages that are dangerous, inappropriate or make them uncomfortable in any way.

E. **System Security**

The security of the school unit's computers, network and Internet services is a high priority. Any student who identifies a security problem must notify his/her teacher or building administrator immediately. The student shall not demonstrate the problem to others or access unauthorized material.

1. If a laptop is lost or stolen, this must be reported to the principal and tribal law enforcement immediately.
2. The School Committee's policy and rules concerning computer and Internet use apply to use of laptops at any time or place, on or off school property. Students are responsible for obeying any additional rules concerning care of laptops issued by school staff.
3. Violation of policies or rules governing the use of computers, or any careless use of a laptop, may result in a student's laptop being confiscated and/or a student only being allowed to use the laptop under the direct supervision of school staff. The student will also be subject to disciplinary action for any violations of School Committee policies/ procedures or school rules.
4. The laptop may only be used by the student to whom it is assigned.
5. All use of school-loaned laptops by all persons must comply with the school's Student Computer Use Policy and Rules.
6. Laptops must be returned in acceptable working order at the end of the school year or whenever requested by school staff.

ATTENDANCE

All children assigned to Kindergarten through the eighth grade residing on the reservation and educated at the expense of Maine Indian Education shall attend Beatrice Rafferty, Indian Island, or Indian Township School. This policy applies to both Indian and non-Indian students so long as the legal residence of the student's parent(s)/guardian(s) is on the reservation.

Native children in grades K – 8 not residing on the reservation may attend one of Maine Indian Education's schools; however, transportation will not be provided if additional bus routes need to be established.

Non-native children in grades K – 8 that do not live on the reservations would require permission from their superintendent of residence and the superintendent of Maine Indian Education ("superintendent's swap") in order to attend a Maine Indian Education school.

High school students living on reservation may attend any high school approved by the State of Maine for tuition purposes and that will accept them. High school tuition costs will be paid to approved districts as follows:

- A. Tuition expenses will be paid to approved school districts in an amount not to exceed the maximum allowed under Maine law.
- B. The individual school committees will make decisions regarding bus runs to area high schools.
- C. Activity runs (late bus for athletics, extracurricular activities, etc.) will be at the School Committee's discretion. The Superintendent may approve activity runs after consultation with the School Committee Chair.
- D. No payments for transportation will be paid directly to parents.
- E. Costs associated with placement of students in residential settings are authorized only when such placement has been determined through the Individual Education Plan (IEP) process.
- F. For the purpose of tuition, Native American students who live off the reservation are the responsibility of the school district in which they reside.

A student in any grade who wishes to transfer from Sipayik Elementary, Indian Island, or Indian Township School to another district, at the individual school's expense, must obtain approval of the Superintendent. A student will not be allowed to change schools except at the beginning of the school year or at the end of a semester except in extenuating circumstances. Extenuating circumstances will be considered by the

Superintendent in consultation with the School Committee Chair. (At most one school change is allowed per year.)

The Maine Indian Education Joint School Committee also recognizes the "superintendent swap" provision in Maine State Law (20-A § 5205 6A).

- B. The Indian Township and Pleasant Point Passamaquoddy School Committees and the Indian Island Penobscot School Committee will each appoint one or more attendance coordinators in accordance with state law. The duties of the attendance coordinator include, but are not limited to:
1. When notified by a principal that a student's attendance is irregular, interviewing the student and the parent(s) to determine the cause of the irregular attendance and file a written report with the principal; [NOTE: For the purpose of this policy, "parent(s)" means the student's parent(s) or legal guardian(s).]
 2. Filing an annual report with the Superintendent summarizing school year activities, findings and recommendations regarding truants;
 3. Serving as a member of the dropout prevention committee; and
 4. Serving as the liaison between the school and tribal law enforcement authorities in matters pertaining to student absenteeism under Maine's compulsory attendance and truancy laws (20-A M.R.S.A. § 5001-A, 5051-A).
- C. As required by law, the following procedure will be followed when a student is habitually truant.
1. If the principal and the attendance coordinator determine that a student is habitually truant, the principal will inform the Superintendent. The Superintendent/designee will first try to correct the problem informally. Informal attempts to correct the problem must include meeting with the student and the student's parent(s) to identify possible causes of the habitual truancy and to develop a plan to implement solutions to the problem. If the initial meeting does not resolve the problem, the Superintendent/designee will implement interventions that best address the problem including but not limited to:
 - a. Frequent communication between the teacher and the family;
 - b. Changes in the learning environment;
 - c. Mentoring;
 - d. Student counseling;
 - e. Tutoring, including peer tutoring;
 - f. Placement into different classes;
 - g. Evaluation for alternative education programs;
 - h. Attendance contracts;
 - i. Referral to other agencies for family services; and
 - j. Other interventions including but not limited to referral to the school attendance coordinator, response to intervention (RtI) team, or dropout prevention committee.
 2. Failure of the student or the student's parent(s) to appear at scheduled meetings does not preclude school administrators from implementing a plan to address a student's truancy.
 3. As part of correcting the problem informally, the Superintendent/designee will require the student and his/her parent(s) to attend one or more meetings with the student's teacher or other school personnel designated by the Superintendent. The purpose of the meeting(s) is to reinforce the plan referenced in Section C, Number 1 or to develop an alternative plan. Such meetings may involve

others including but not limited to case managers, therapeutic treatment providers, and representatives of Indian Health/Counseling Services, and representatives of tribal court. The Superintendent/designee will schedule the meeting(s) at mutually convenient times.

4. If the Superintendent/designee is unable to correct the student's truancy, the Superintendent/designee will serve or cause to be served upon the parent(s) in-hand or by registered mail a written notice that the student's attendance is required by law. The notice shall:
 - a. State that the student is required to attend school pursuant to 20-A M.R.S.A. §5001-A (the compulsory attendance law);
 - b. Explain the parent's right to inspect the student's attendance records, attendance coordinator's reports, and principal's reports;
 - c. Explain that the failure to send the student to school and maintain the student in regular attendance is a civil violation in accordance with 20-A M.R.S.A. § 5053-A and explain the possible penalties;
 - d. State that the Superintendent/designee may notify tribal law enforcement authorities of a violation of the habitual truancy statute and Indian Health Services (IHS) as provided by 20-A M.R.S.A. § 5051-A(C) (the notice provision); and
 - e. Outline the plan developed to address the student's habitual truancy and the steps that have been taken to implement that plan.
5. Prior to notifying tribal law enforcement, the Superintendent/designee will schedule at least one meeting as required by law and Section C, Number 3 of this policy and may invite a representative from tribal court.
6. If after three school days after the service of the notice described in Section C, Number 4 of this policy the student remains truant and the parent(s) and student refuse to attend the meeting referred to in Section C, Number 3, the Superintendent/designee will report the facts of the unlawful absence to tribal law enforcement authorities.
7. When a student is determined to be habitually truant and in violation of the compulsory attendance law and the Superintendent/designee has made a good faith attempt to meet the requirements of Section C of this policy, the Superintendent/ designee will notify the local school committee and tribal law enforcement authorities of the truancy. After this notification, a tribal law enforcement officer who sees the truant student may transport the student to the appropriate school if the truant student is off school grounds during school hours and not under the supervision of school personnel.
- D. The Superintendent will submit an annual report regarding habitual truancy to the Commissioner by October 1. The report must identify the number of habitual truants in each tribal school in the preceding school year; describe Maine Indian Education's efforts to deal with habitual truancy; account for actions brought to enforce the habitual truancy law; and include any other information on truancy requested by the Commissioner.

STUDENT DRESS

The Maine Indian Education Joint School Committee recognizes that responsibility for the dress and appearance of students rests with individual students and their parent(s)/guardian(s). The Maine Indian Education Joint School Committee will not interfere with this right unless the personal choices of students create a disruptive influence on the school program or affect the health or safety of others.

Students are encouraged to use sound judgment and reflect respect for themselves and others in dress and grooming. In keeping with the goals of the school unit to provide a safe, healthy and non-discriminatory environment for educating students for maximum academic and social development, the following restrictions on dress shall be enforced.

- A. Articles of clothing which promote the use of tobacco, alcohol or other drugs will not be worn on school grounds (when school is in session) or at school functions;
- B. Clothing, footwear, insignia or accessories that are intended to identify the wearer as a member of a particular gang are prohibited;
- C. Articles of clothing with displays that are sexual, vulgar, lewd or indecent or include insulting words (e.g., racial/ethnic slurs) are not permissible.
- D. Clothing that is revealing (e.g., tops that reveal the midriff or that are low-cut; excessively short skirts or shorts; clothing that exposes underwear or private body parts);
- E. Clothing that is destructive of school property (e.g., cleats, pants with metal inserts that scratch furniture) is not permitted; and
- F. Clothing or accessories that administrators determine are inconsistent with the fundamental values of public school education.

School administrators or teachers may require special clothing for health and safety reasons for students participating in physical education, certain extracurricular activities, work with or around machines or other activities. However, no particular brand may be required.

The Superintendent is responsible for the development of any administrative procedures necessary to implement this policy.

STUDENT CONDUCT ON SCHOOL BUSES

The law does not relieve parents of students from the responsibility of supervision before the child boards the bus in the morning and after the child leaves the bus at the end of the school day. Maine Indian Education strives to work in partnership with parents and guardians to maintain safe transportation for our students.

Once a child boards the bus – and only at that time – does s/he become the responsibility of the school system. Such responsibility shall end when the child is delivered to the assigned bus stop at the close of the school day.

In view of the fact that a bus is an extension of the classroom, the Maine Indian Education Joint School Committee requires children to conduct themselves on the bus in a manner consistent with established standards for classroom behavior. All Maine Indian Education Joint School Committee policies and school rules apply to students on school buses.

In cases when a child does not conduct him/herself properly on a bus, such instances are to be brought to the attention of a building administrator or director of bus services (in the case of a school that contracts services) by the bus driver. The building principal or director of bus services will inform the parents immediately of the misconduct and request their cooperation in checking the child's behavior.

Children who become a serious disciplinary problem on the school bus may have their riding privileges suspended by the building administrator or director of bus services. In such cases, the parents/guardians are responsible for providing safe transportation for their children. Children who violate Maine Indian Education Joint School Committee policies and school rules may also be disciplined under the applicable policy and/or rule.

STUDENT HAZING

Maine statute defines injurious hazing as “any action or situation, which recklessly or intentionally endangers the mental or physical health of a student enrolled in a public school.”

It is the policy of the School Committee that injurious hazing activities of any type, either on or off school property, by any student, staff member, group or organization affiliated with this school unit, are inconsistent with the educational process and shall be prohibited at all times.

No administrator, faculty member, or other employee of the school unit shall encourage, permit, condone, or tolerate injurious hazing activities. No student, including leaders of students’ organizations, shall plan, encourage, or engage in injurious hazing activities.

Persons not associated with this school unit who fail to abide by this policy may be subject to ejection from school property and/or other measures as may be available under the law.

Administrators, faculty members, students, and all other employees who fail to abide by this policy may be subject to disciplinary action, which may include suspension, expulsion, or other appropriate measures.

In the case of an organization affiliated with this school unit, which authorizes hazing, penalties may include rescission of permission for that organization to operate on school property or to receive any other benefit of affiliation with the school unit.

These penalties shall be in addition to any civil or criminal penalties to which the violator or organization may be subject.

The superintendent shall assume responsibility for administering this policy. In the event that an individual or organization disagrees with an action—or lack of action—on the part of the superintendent as he/she carries out the provisions of this policy, that individual or organization may appeal to the full School Committee. The ruling of the School Committee, with respect to the provisions of this policy, shall be final.

A copy of this policy shall be included in all school, parent, and faculty handbooks or otherwise distributed to all school employees and students.

DRUG AND ALCOHOL USE BY STUDENTS POLICY

The Maine Indian Education Joint School Committee and staff at the Beatrice Rafferty, Indian Island and Indian Township Schools will cooperate with effective organizations to help detect, diagnose, and treat affected students. The Joint School Committee endorses the philosophy that schools should be free from the detrimental effects of illicit drugs and alcohol.

In order to ensure the highest possible standards of learning, as well as the safety, health, and well-being of students, the Joint School Committee endorses a substance abuse policy which will aid students to abstain from the use of drugs and alcohol, provide for early intervention when use is detected, corrective disciplinary sanctions when necessary, and aftercare support as appropriate. Compliance with Maine Indian Education's schools' standards of conduct related to drugs and alcohol is mandatory.

Prevention: The staff at the Beatrice Rafferty, Indian Island and Indian Township Schools will provide students with information and activities focused on prevention of the use of alcohol and drugs. Programs are to be provided that teach students that using illicit drugs and alcohol is wrong and harmful. The legal, social, and health consequences of drug and alcohol abuse are to be addressed. Students are to be taught how to resist peer pressure.

Intervention: The staff at the Beatrice Rafferty, Indian Island and Indian Township will establish and provide assistance, through a team approach, to intervene with students who are involved with drugs and/or alcohol. Students are to be assisted in addressing their harmful involvement with drugs and alcohol and in continuing in their educational programs. Moreover, information and referral will be provided, as appropriate, to aid involved students in connecting the community agency for drug and alcohol use treatment.

Rules and Sanctions: No student will distribute, dispense, possess, use, or be under the influence of any alcoholic beverage, malt beverage, fortified wine, other intoxicating liquor, or performance enhancing substances. Nor will a student manufacture, distribute, dispense, possess, use, or be under the influence of any narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, anabolic steroid, or any other controlled substance defined in federal and state laws/regulations, any look-alike substance, or any substance that is represented to be a controlled substance.

A. These prohibitions apply to any student who is on school property or in school vehicles, who is in attendance at school or at any school-sponsored activity, or whose conduct at any time or place directly interferes with the operations, discipline, or general welfare of the school.

B. A student who violates the terms of this policy may be disciplined, including suspension or expulsion from school, at the appropriate discretion of the administration and the individual school committee and in accordance with sanctions detailed in Maine Indian Education's schools' regulations. A student may be referred to law enforcement authorities for investigation and/or prosecution.

Implementation: The Superintendent will be responsible for the development and promulgation of appropriate curricula, programs, and regulations to implement this policy.

Communication: This policy and appropriate related information will be distributed to students and parents annually through means selected by the administration.

Review: The Superintendent is to oversee a biennial review of the policy and regulations to determine the programs' effectiveness, to implement changes to programs, policy and regulations, as needed, and to ensure that disciplinary sanctions are consistently enforced. Findings and conclusions will be presented to the individual school committees.

Any student who violates this policy will be required to participate in an agreed upon treatment plan as a continuum of the discipline process. Evidence of participation in such a plan will be provided to the appropriate administrator.

Violations of this policy may be referred to tribal law enforcement authorities.

C. Visitors

Visitors who violate this policy may be required to leave school property and tribal law enforcement may be notified of violations.

P. Psychological Evaluation/Risk Assessment

The Superintendent is authorized to request a psychological evaluation of a student who violates this policy when, in his/her opinion, such an evaluation will assist in assessing the risk the student poses to school safety if the student were to remain in school or return to school after a suspension or expulsion.

All such evaluations shall be performed at the school unit's expense. If the parents/guardians and/or student refuse to permit a requested psychological evaluation, the Superintendent and the school committees may draw any reasonable inferences from the student's behavior concerning the risk the student poses to school safety for purposes of determining appropriate action.

P. Staff/Student Training and Procedures

The Superintendent is authorized to institute training programs for staff and students designed to support the goal of providing a safe, orderly and respectful school environment. The Superintendent is also authorized to implement any administrative procedures necessary to carry out this policy.

BOMB THREATS

The Maine Indian Education Joint School Committee recognizes that bomb threats are a significant concern to the school unit. Whether real and carried out or intended as a prank or for some other purpose, a bomb threat represents a potential danger to the safety and welfare of students and staff and to the integrity of school property. Bomb threats disrupt the instructional program and learning environment and also place significant demands on school financial resources and public safety services. These effects occur even when such threats prove to be false.

Any bomb threat will be regarded as an extremely serious matter and treated accordingly. The School Committee directs the Superintendent to react promptly and appropriately to information concerning bomb threats and to initiate or recommend suitable disciplinary action.

A. Conduct Prohibited

No person shall make, or communicate by any means, whether verbally or non-verbally, a threat that a bomb has been, or will be, placed on school premises. Because of the potential for evacuation of the schools and other disruption of school operations, placement of a bomb or of a “look-alike” bomb on school premises will be considered a threat for the purpose of this policy.

It is also a violation of Maine Indian Education Joint School Committee policy to communicate by any means that any contaminated, toxic or hazardous substance or material has been placed, or will be placed, on school premises with the intent to endanger the safety and welfare of students or staff and/or to disrupt the operations of the schools. For the purpose of this policy, “contaminated, toxic, or hazardous substance or material” means any material or substance, including biomedical materials or organisms, that, when placed as threatened, could be harmful to humans.

B. Glossary of Terms

1. A “bomb” means an explosive, incendiary or poison gas bomb, grenade, rocket, missile, mine, “Molotov cocktail” or other destructive device.

2. A “look-alike bomb” means any apparatus or object that conveys the appearance of a bomb or other destructive device.

3. A “bomb threat” is the communication, by any means, whether verbal or non-verbal, that a bomb has been, or will be, placed on school premises, including possession or placement of a bomb or look-alike bomb on school premises. This includes language that implies a bomb is or will be in place.

4. “Contaminated substance” – an unwanted substance that may be introduced into any material or the air, including toxic or hazardous substance or materials and biomedical materials or organisms.

5. “School premises” means any school property and any location where any school activities may take place.

C. Development of Bomb Threat Procedures

The Superintendent/designee shall be responsible for developing and implementing procedures specific to bomb threats as part of the individual school's Crisis Response Plan. These procedures are intended to inform administrators and staff of appropriate protocols to follow in the event that a bomb threat is received and should include provisions to address:

1. Threat assessment (for the purpose of identifying a response that is in proportion to the threat, in light of what is necessary to ensure safety);
2. Building evacuation and re-entry (including selection of alternative sites for those who are evacuated);
3. Incident "command and control" (who is in charge, and when);
4. Communications contacts and mandatory bomb threat reporting;
5. Security and lockdown;
6. Parent notification process;
7. Training for staff members; and
8. Support services for students and staff.

The initial bomb threat procedure will be subject to approval by the local school Committee. The Superintendent/designee will be responsible for overseeing a review or evaluation of bomb threat procedures prior to the School Committee's required annual approval of the school unit's Emergency Operations Plan, or following implementation of the procedure in response to a specific threat.

D. Reporting of Bomb Threats

A student who learns of a bomb threat or the existence of a bomb on school premises should immediately report such information to the building principal, teacher, or employee in a position of authority.

An employee of the school unit who learns of a bomb threat shall immediately inform the building administrator. The building administrator shall immediately take appropriate steps to protect the safety of students and staff in accordance with the school unit's bomb threat procedure, as developed under Section C, and inform the Superintendent of the threat.

All bomb threats shall be reported immediately to the local law enforcement authority, as provided in the bomb threat procedures.

The Superintendent shall be responsible for reporting any bomb threat to the Department of Education within two business days of the incident. Reports will include the name of the school, the date and time of the threat, the medium used to communicate the threat, and whether or not the perpetrators have been apprehended.

E. Student Disciplinary Consequences

Making a bomb threat is a crime under Maine law. Any student suspected of making a bomb threat shall be reported to law enforcement authorities for investigation and possible prosecution.

Apart from any penalty imposed by law, and without regard to the existence or status of criminal charges, a student who makes a bomb threat shall be subject to disciplinary action by the school.

The administration may suspend and/or recommend for expulsion any student who makes a bomb threat. The making of a bomb threat will be considered deliberately disobedient and deliberately disorderly within the meaning of 20-A M.R.S.A. § 1001(9) and will be grounds for expulsion if found necessary for the peace and usefulness of the school.

In addition, a student who is found after hearing by the School Committee to have brought a bomb to school shall be expelled from school for at least one year in accordance with 20-A M.R.S.A. § 1001(9) and Policy JICIA, except that the Superintendent may modify the requirement for expulsion based on individual circumstances.

A student who has been identified through the IEP process as having a disability and whose conduct in violation of this policy is related to the disability shall be disciplined as provided in Policy JKEA and JKEA-R.

F. Aiding Other Students in Making Bomb Threats

A student who knowingly encourages, causes, aids or assists another student in making or communicating a bomb threat shall be subject to the disciplinary consequences described in Section E of this policy.

G. Staff Disciplinary Consequences

A school system employee who makes or communicates a bomb threat will be reported to appropriate law enforcement authorities and will be subject to disciplinary action up to and including termination of employment. Disciplinary action taken shall be consistent with School Committee policies.

A school system employee who fails to report information or knowledge of a bomb threat or the existence of a bomb on school premises will be subject to discipline up to and including termination of employment.

H. Civil Liability

The school unit reserves the right to bring suit against any individual responsible for a violation of this policy and to seek restitution and other damages as permitted by law.

I. Lost Instructional Time

Instructional time lost as a result of a bomb threat will be rescheduled at the earliest appropriate or practicable opportunity, as determined by the Superintendent in consultation with the School Committee.

Time lost may be rescheduled on vacation days, or after what would normally be the last day of

the school year, except on days when schools must be closed as required by law. Exceptions may occur after appropriate consultations.

J. Notification Through Student Handbook

All student handbooks shall address the school unit's bomb threat policy and procedures and explain the educational consequences of bomb threats. In addition, student handbooks shall notify students and parents that bomb threats violate School Committee policy and civil and criminal law.

BULLYING AND CYBERBULLYING

I. Introduction

All students have the right to attend public schools that are safe and secure learning environments. It is the intent of the Maine Indian Education Joint School Committee to provide all students with an equitable opportunity to learn. To that end, the Joint School Committee has a significant interest in providing a safe, orderly, and respectful school environment that is conducive to teaching and learning.

Bullying is detrimental to the school environment and student learning, achievement and well-being. It interferes with the mission of the schools to educate their students and disrupts the operations of the schools. Bullying affects not only students who are targets but also those who participate and witness such behavior. These behaviors must be addressed to ensure student safety and an inclusive learning environment.

It is not the School Committee's intent to prohibit students from expressing their ideas, including ideas that may offend the sensibilities of others, or from engaging in civil debate. However, the School Committee does not condone and will take action in response to conduct that interferes with students' opportunity to learn, the educational mission of Maine Indian Education's schools, and the operation of the schools.

II. Prohibited Behavior

The following behaviors are prohibited:

1. Bullying;
2. Cyberbullying;
3. Harassment and Sexual Harassment (as defined in committee policy ACAA);
4. Retaliation against those reporting such defined behaviors; and

 - (a) Creating an intimidating or hostile educational environment for the student; or
 - (b) Interfering with the student's academic performance or ability to participate in or benefit from the services, activities or privileges provided by a school; or
- (3) Is based on a student's actual or perceived race, color, national origin, ancestry, religion, physical or mental disability, gender, sexual orientation, or any other distinguishing characteristic, or is based on a student's association with a person with one or more of these actual or perceived characteristics, and that has the effect described in subparagraph (1) or (2) above. (These behaviors might also meet the criteria for harassment as defined in Committee policy ACAA: Harassment and Sexual Harassment of Students.)

6. Blocking access to school property or facilities;
7. Stealing or hiding books, backpacks, or other possessions;

4. Using a camera phone or digital video camera to take and/or send embarrassing or "sexting" photographs of other students.

C. "Retaliation" means an act or gesture against a student for asserting or alleging an act of bullying. "Retaliation" also includes reporting an act of bullying when it is not made in good faith.

A. This policy applies to any student, school employee, contractor, visitor or volunteer who engages in conduct that constitutes bullying or retaliation, all of whom have the responsibility to comply with this policy.

B. Keep written documentation of all allegations of bullying behavior and outcomes of the investigations, and report substantiated incidents to the superintendent;

C. Apply disciplinary actions, which may include but are not limited to, imposing a series of graduated consequences that include alternative discipline. In determining the appropriate response to students who engage in bullying behavior, school administrators should consider the type of behaviors, the frequency and/or pattern of behaviors, and other relevant circumstances. Alternative discipline includes, but is not limited to:

1. Meeting with the student and the student's parents;
2. Reflective activities, such as requiring the student to write an essay about the student's misbehavior;
3. Mediation, but only when there is mutual conflict between peers, rather than one-way negative behavior, and both parties voluntarily choose this option;

G. Notify parents, guardians and students of the right to appeal a decision of a school principal or a superintendent's designee related to taking or not taking disciplinary action in accordance with this policy. The appeals procedure must be consistent with other appeals procedures established by the School Committee and may include an appeal to the superintendent.

QUESTIONING AND SEARCHES OF STUDENTS

The Maine Indian Joint School Committee seeks to maintain a safe and orderly environment in the schools. School administrators are authorized to question and/or search students in accordance with this policy and accompanying administrative procedures.

Students may be searched upon reasonable suspicion that they possess any items or substances, which are prohibited by law, Maine Indian Education Joint School Committee policies and/or school rules, or which interfere with the operations, discipline or general welfare of the school.

Student use of all school storage facilities, including but not limited to lockers, desks, and parking lots, is a privilege granted by the school. All storage facilities are school property and remain under the control, custody and supervision of the school. Students have no expectation of privacy in school storage facilities or for any items placed in such storage facilities. School personnel have the authority to inspect and search storage facilities and their contents on a random basis, with or without reasonable suspicion, and without notice or consent.

Students will be notified annually that storage facilities may be searched at random and that personal belongings may be searched with reasonable suspicion.

If a search produces evidence that a student has violated or is violating the law, Maine Indian Education Joint School Committee policies and/or school rules, such evidence may be seized and impounded by school personnel and appropriate disciplinary action may be taken. Evidence may be forwarded to law enforcement authorities as required by law or as deemed appropriate by school administrators.

The Superintendent is authorized to develop and implement, with input from legal counsel, administrators, staff and others as appropriate, any administrative procedures necessary to carry out this policy. Such administrative procedures shall be subject to Maine Indian Education Joint School Committee approval.

SCHOOL-SPONSORED SOCIAL ACTIVITIES/EVENTS

The Maine Indian Education Joint School Committee recognizes the value of school-sponsored social activities/events in enhancing the educational experience of Maine Indian Education students.

“Social activities/events” include dances, family nights, and other social functions that are held outside of regular school hours. Participation in school-sponsored activities is a privilege not a right. Classes, student clubs, and organizations may plan social events under the guidance of club or organization advisors or the school administrator.

All student social activities/events must be approved in advance by the building principal. Activities/events shall be held in school facilities unless the off-campus venue is approved by the building principal.

Approval of social activities/events will be contingent upon:

2. Designation of a staff member who shall be responsible for the activity/event and present in a supervisory capacity;
2. Provisions for adequate chaperone/adult supervision and, if warranted by the circumstances of the activity/event, security or police protection;
3. Provisions for the safety of students and adults involved;
4. When activities/events are held in school facilities, provisions for cleaning up afterward.

Students and their guests must comply with all Maine Indian Education Joint School Committee policies and school rules pertaining to student conduct. Violations, which take place at school-sponsored events, will result in the same disciplinary consequences as on-campus infractions. Students may leave the building at any time after arrival but may not return.

Students may engage in fundraising as allowed by Joint School Committee policy to support social activities/events and reasonable admission fees may be charged to defray the cost.

The Superintendent/designee(s) may develop rules pertaining to the planning and execution of student social activities/events, including those related to supervision, student conduct and safety.

ATHLETIC POLICY - PHILOSOPHY AND BELIEFS

Philosophy

Athletics offer an important extracurricular extension of Maine Indian Education's core academic mission. Participation in the athletic program should assist our students in developing the knowledge, skills, behaviors, and attitudes to become successful individuals and citizens.

While students are entitled to a core academic education, athletic participation is a privilege and not a right. In earning and retaining that privilege, student athletes are held to clear and appropriate academic and behavioral expectations.

The schools within Maine Indian Education have demonstrated significant successes in school athletics. This tradition exists because of the collaborative effort of the student athletes, their families, the schools, and the community. By modeling discipline, high expectations, and ethical decision-making, we will nurture and enhance that tradition.

Beliefs:

1. We believe that participation in athletics contributes to the physical, mental, emotional, moral, and social well-being of an individual.
2. We believe that athletics offer both challenges and opportunities for success for our students. Students should be encouraged to participate in athletics, as their interests lead and as their abilities allow.
3. We believe in an equitable athletic program – one that does not discriminate, one that provides opportunities at several levels, and one in which all members of a team feel welcome and valued.
4. We believe that student athletes, coaches, and fans represent more than themselves and their respective teams. They are also ambassadors of our school district and of our community. As such, we expect all to embrace the principles of good sportsmanship and to show utmost respect for fellow team members, opponents, coaches, fans, officials, equipment, and facilities.
5. We believe that school athletics should take place in a physically and emotionally safe environment where a climate of enthusiasm, high expectation, and mutual respect is fostered. At all levels of competition, athletics should remain fun.
6. We believe in the value of goal setting, as it plays an important role in the success of an athletic program and in the success of the individual student athlete. Success should be measured in terms of progress made on individual, team, and program goals, and not solely on contest wins and championships.
7. We believe that the demands that our athletic program places upon our student athletes should be carefully measured and should not place a hardship upon academic achievement.
8. We believe that coaches should be exemplary role models for our youth. We believe that the player-coach relationship is at the heart of a successful athletic program. We recognize the importance of quality coaching in the development of our student athletes.
9. We believe that athletics is a natural extension of the classroom. It is therefore our goal to effectively teach important lessons in character, teamwork, self-discipline, commitment, loyalty and organization within the framework of each sport.

SPORTSMANSHIP POLICY

The Maine Indian Education Joint School Committee believes that athletic competition should be a healthful, positive and safe experience for everyone involved, conducted in an environment that teaches values and ethics, strengthens the community, promotes competition without conflict and enriches the lives of athletes. Players should learn to handle success with grace and losing with dignity. In order to promote core values such as discipline, fairness, responsibility, trustworthiness and citizenship, everyone associated with athletics, including players, coaches, parents and spectators, is expected to exhibit good sportsmanship during athletic competitions.

A. PARTICIPANTS

In exhibiting sportsmanship, student-athletes are expected to:

1. Understand and follow the rules of the sport;
2. Recognize skilled performance of others, regardless of the player's team;
3. Display respect for teammates, opponents, coaches and officials;
4. Respect the judgment of officials and accept their decisions;
5. Refrain from antics, taunting opponents and using insulting language or swearing;
6. Be modest when successful and gracious in defeat; and
7. Recognize that their conduct reflects on their school.

B. COACHES

In exhibiting sportsmanship, coaches are expected to:

1. Recognize that they are role models for students and set a good example for athletes and fans to follow;
2. Abide by the rules of the sport, in letter and in spirit;
3. Treat all participants with respect;
4. Behave with dignity and self-control;
5. Respect the judgment of officials and accept their decisions;
6. Take corrective action toward any player who intimidates or shows disrespect toward an official or displays unsportsmanlike behavior; and
7. Be modest when successful and gracious in defeat.

C. SPECTATORS, INCLUDING PARENTS, STUDENTS AND COMMUNITY MEMBERS

Spectators attending athletic events are expected to:

1. Realize that the main purpose of the competition is the play of the game and that the role of the spectator is one of support;
2. Show positive support to the teams and players for outstanding performances;
3. Show concern for injured players, regardless of which team they are on;
4. Refrain from angry or abusive language or actions toward any player, official, coach or other spectators;
5. Refrain from endangering participants or spectators by throwing objects;
6. Refrain from heckling, taunting or berating players, officials, coaches or other spectators; and
7. Follow all Maine Indian Education Joint School Committee policies and rules pertaining to conduct on school property, including but not limited to those pertaining to tobacco, alcohol, drugs and weapons.

School athletic events are school activities that are part of the educational program. An athletic event is not a public forum. The public is invited to attend athletic events for the purpose of supporting the participants on both teams and the schools they represent. Appropriate behavior by spectators, especially adults, provides a positive model for students and contributes to the value and educational purposes of athletic activities. Negative comments and behavior by spectators are inconsistent with the purposes of athletic activities. School administrators and officials have the authority and discretion to remove any spectators who do not comply with rules of sportsmanship.

D. PENALTIES FOR INAPPROPRIATE BEHAVIOR

Student athletes who engage in unsportsmanlike behavior or conduct that constitutes a violation of Maine Indian Education Joint School Committee policy, school rules or the Student Code of Conduct and/or Student Handbook will be subject to appropriate disciplinary consequences.

Student spectators whose behavior constitutes a violation of Joint School Committee policy, school rules or the Student Code of Conduct will be subject to appropriate disciplinary consequences.

Adult spectators who engage in unsportsmanlike behavior or conduct that violates Joint School Committee policy may be asked to leave the premises and may be excluded from future events. The administrator in charge of the event may seek the assistance of law enforcement authorities if necessary to ensure the safety of participants, coaches, officials or other spectators or to prevent damage to school property.

E. NOTICE OF RULES

A school administrator will be responsible for communicating spectator rules and posting, as appropriate.

MAINE INDIAN EDUCATION JOINT SCHOOL COMMITTEE POLICY ON WELLNESS

Whereas, children need access to healthful foods and opportunities to be physically active in order to grow, learn, and thrive;

Whereas, obesity rates have doubled in children and tripled in adolescents since 1985, and physical inactivity and excessive calorie intake are the predominant causes of obesity:

Whereas, the Centers for Disease Control reports that at the time this policy was adopted, chronic diseases such as heart disease, cancer, and diabetes are responsible for approximately 70% of all deaths in the United States, and major risk factors for those diseases. Including unhealthy eating habits, physical inactivity, and obesity, often are established in childhood;

Thus, Maine Indian Education is committed to supporting the Wellness Advisory Committee in each of the schools and will strive to provide a school environment that promotes and protects children's health, well being and fosters the development of lifelong learning and wellness practices.

TO ACHIEVE THESE POLICY GOALS

1. Wellness Advisory Committee

Maine Indian Education's Wellness Advisory Committee will provide an ongoing review and evaluation of Maine Indian Education's Wellness Policy. The Superintendent of Maine Indian Education and his/her designee's will ensure compliance and implementation with the district Wellness Policy.

2. Nutritional Quality of Foods and Beverages Sold and Served on Campus

School Meals

Meals served through the National School Lunch and Programs will:

- A. Meet, at a- minimum, nutrition requirements established by local, state, and federal statutes and regulations with pleasant eating areas for students and staff with adequate time for unhurried eating.
- B. Offer culturally diverse menu choices.
- C. Offer at least two fruits and two vegetables servings per day. This includes a wide variety of fresh, frozen, locally grown, and canned fruits in natural juices on a self-serve bar which will include low fat or fat free choices.
- D. Half of the served grains are whole grain.
- E. Serve legumes and beans once weekly.

- F. Will not offer additional salt in the form of packets or shakers.
- G. Schools may offer 2%, 1%, or fat free milk choices.
- H. Food produced in the kitchens of Maine Indian Education's schools will be made with non-hydrogenated oils or fats.

Breakfast

To ensure that all children have breakfast, either at home or at school, in order to meet their nutritional needs and enhance their ability to learn:

- I. Maine Indian Education schools will operate a universal School Breakfast Program to the extent possible.
- II. Schools will notify parents and students of the availability of the School Breakfast Program.
- III. Schools will encourage parents to provide a healthy breakfast for their children through newsletter articles, take-home materials, or other means.

Free and Reduced-priced Meals

Schools will make every effort to eliminate any social stigma attached to, and prevent the overt identification of, students who are eligible for free and reduced price school meals.

Summer Food Service Program

GUIDELINES FOR PARENTS ON USE OF STAFF E-MAIL

Maine Indian Education teachers make e-mail accounts available to parents as a service to enhance communication between school and home. When contacting teachers or other school staff by e-mail, we ask that you observe the following guidelines:

- E-mail is best used for routine questions, to schedule appointments or to share non-confidential information about your child. Sensitive information is best shared in person or a direct phone call.
- Please bear in mind that unless e-mails received by the school contain confidential information, they may be public records under Maine law and subject to review and copying by any member of the public.
- If an issue is urgent, it is best to contact the office so that the matter can be addressed quickly.
- Please keep e-mails as short as possible and be sure to include your contact information.
- Remember that administrators, teachers and other staff have many duties during the school day and many students for whom they are responsible. Generally, staff will respond to e-mails within two school days.
