*If needed use attached sheet or the back of this sheet

Mashed potatoes and gravy, rock and roll, s'mores and campfires, and college and me are all things that go together perfectly. I have dreamed about going to college for as long as I can remember and have been extremely blessed to be raised in an environment where I was taught with hard work and God's help anything is possible! Growing up, on Main St. in our family's hat shop, I have seen what can be built in America with simple honest hard work and I am incredibly thankful to all those who have served and made this so. As the daughter of parents who own a small business - I am also very aware that hard work is only part of the equation as success comes from the customers, community, and friends that support you. Without doubt, I know I want to go to college and feel that I will do well once I get there. I am determined to work hard and do my best in all of my college classes and on the softball field playing college softball. Yet, I realize that I can't make my college dreams come true without help. I currently work two jobs and help my parents run our family business and receiving this scholarship would assist me in paying for college and getting me closer to my ultimate goal of becoming a firefighter. And then just like ice cream and sprinkles, boots and spurs, bats and balls, saving lives and giving back will be a perfect match for me!
