## THE NAZCA LINES LAND & MUSEUM MARIA RAICHE & CERAMIC TOUR

Tour

Suitability:  
From 4 years old

Tour duration:  
6 hours

Time  
6 am

The Nazca Lines Land Tour is recommended for everyone. It combines short walks with beautiful views of the Nazca and Palpa valleys and is a different way to see the desert's figures and lines. Contrary to the belief that they can only be seen from the air, we tell you that many figures or Geoglyphs can be easily seen from the viewing towers and the surrounding hills. This tour takes you to see some little-known but equally mysterious geoglyphs such as "The Andean Cat," "The Lizard," "The Royal Family," and others.
