About the Presenters

DeAnna Frye PhD – Moderator

Dr. Frye is a neuropsychologist at Cleveland Clinic Akron General and current President of the Northeast Ohio Brain Injury Foundation.

Presentations from organizations throughout NE Ohio will include rehabilitation facilities, community organizations, health care providers, and non-profits.

The World Cafe will be an interactive event with participants actively engaging in a problem-solving venture to identify goals for improving access to resources and services for brain injury survivors and their caregivers.

Learning Objectives

Individuals attending this event will be able to identify at least five resources in the NE Ohio community that are a resource for brain injury survivors and their caregivers.

Participants will gain increased awareness of the limitations of current resources in NE Ohio for brain injury survivors and their caregivers.

Identify strategies to help develop new resources to meet the needs of brain injury survivors and their caregivers.
