

AN OVERLY PROTECTIVE MOM'S WORST NIGHTMARE COMES TRUE WHEN HER SON RUNS OFF WITH AN ANCIENT BROOD OF BLOODTHIRSTY KIDS FROM THE DONNER PARTY.

Tessa Reed unexpectedly inherits an old mountain lodge and comes face to face with her family's past. A dark history that goes back to the frontier days.

An escape to a possible new home is enticing as Tessa has been trying to keep her rebellious young son, Ben, from hanging out with the wrong kids. Tessa enlists her boyfriend, Justin, who brings along his Crypto company crew - Rochelle, Finn and Robbie.

They've barely arrived at the decrepit lodge when Ben is lured into the waiting claws of the Killdren - a bloodthirsty brood of sadistic children that have been playfully disposing of guests since the Donner Party.

Tessa must battle the Killdren and find Ben before they make him part of their devilish clan. She soon discovers they have sinister plans for her as well.
