Welcome to furnitureforfuneralhomes.com

We've spent the last several years serving the funeral industry nationwide, with professional, custom interior design. In that time we've recognized a need for funeral home owners to have access to the right furnishings for their facility—and at the right prices. We've combed hundreds of furniture and furnishings items to professionally curate our collections. Each piece within a collection is meant to work seamlessly with another. No guesswork. Just find a collection that best suites your brand and tastes, click on the items and let us know how many of each you'd like at checkout. Prices for furnishings are shown online at furnitureforfuneralhomes.com

All products shown have been carefully selected for the funeral industry. Arm height and seat height are good for easy down and up. Seat cushions are crafted with commercially viable materials that will hold-up over time. Furniture finishes are done with a several step process ensuring many years of enjoyment. And all furnishings come with their own manufacturer warranty. Peace of mind.

We want to make your buying decisions easy but it doesn't stop there. Shipment of items will either come UPS, FedEx or Common Carrier. For common carrier items, we'll arrange white glove delivery so you can expect items to be delivered inside your funeral home and placed according to your requirements.

Thank you for interest and happy browsing!
