A LOOK BACK ON 2019

ALL OF THE THINGS YOU HELPED US
ACCOMPLISH!

2019 was our first full year in operation and to say it was a success would be an understatement! Take a look at just some of the things you helped us accomplish this year!

- Donated more than \$25,000
- Helped fundraise \$5,000
- Over 200 foster homes gave pets a temporary home
- Worked with 20 other organizations throughout North Central Florida

And last but not least, you helped us find new forever homes for **1049** Faithful Friends, exceeding our goal of 1000 adoptions for the year!

We truly could not have had such an amazing year without each and every one of **YOU!!!**

LONG TERMER TAYLOR SWIFT NEEDS A FOSTER!

HELP US HELP HER FIND A FOREVER HOME!

Taylor Swift is a gorgeous laid back hound mix, about 4-5 years old and around 40lbs full grown. She joined the Faithful Friends family back in August with her puppies. Underweight and suffering from both heartworms and Ehrlichiosis, she had a long road ahead of her. Her puppies were weaned and Taylor was spayed and had both her heartworms and Ehrlichiosis treated, meaning she was ready to begin again! But sadly, she's still not out of the woods.

Taylor Swift is subdued when you first meet her. She's looking for a family that will have the time and patience to help her build up her confidence. But we promise that once she feels safe and sound with you, the sparks will fly and she'll show you her goofy side. If you have other dogs, don't worry! There won't be any bad blood because she gets along with them great! She does well with older kids as well.

We would love to see Taylor's wildest dreams be answered soon and find a foster or forever home for her. Even if you can't commit to forever and always, a temporary home where she can learn to trust you like a brother would be great too! She's got a blank space baby and we promise that her love will never go out of style!

**I promise
that you'll
never find
another like
me!**

MEDICAL CASE OF THE MONTH

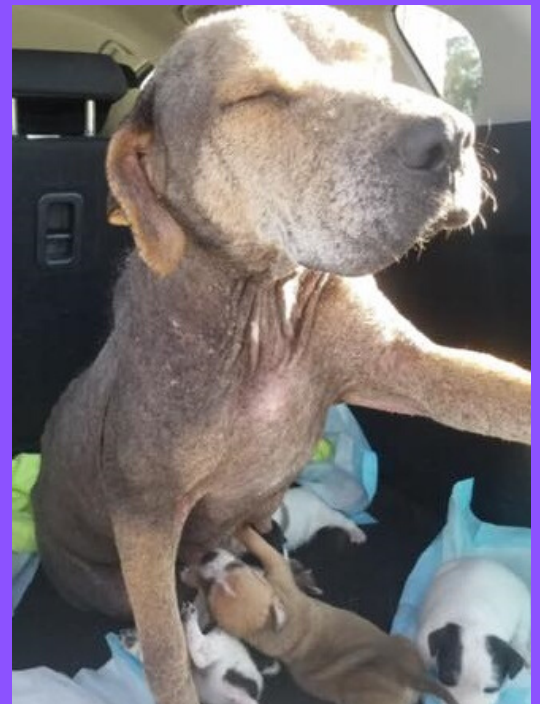

OUR FIRST FAITHFUL FRIENDS OF 2020!

Fenix and her 5 babies joined the Faithful Friends family on January 1st, thanks to volunteer Karessa who gave them a holiday ride from Suwannee County.

Fenix has been a phenomenal momma, as her puppies are all very fat and healthy, even though she herself is suffering. Fenix is not only underweight but she's also suffering from a severe case of demodetic mange which we're sure is causing her significant discomfort.

Now that she is a part of the family, she will receive the medical care that she needs and deserves so that she can focus on raising her pups and then finding a forever home of her own to love her! Her treatment will last weeks and when she and her puppies are ready, they will all be spayed/neutered and ready to find their new families.

Not only are we accepting monetary donations, but we have created an Amazon Wishlist specifically for this family as well! Email or check out our Facebook page for more details!

VOLUNTEERS OF THE YEAR

KAT AND MARGARET

JOIN US IN THANKING KATMAR FOR ALL OF THEIR HARD WORK!

There are truly not enough words in the world to express how thankful we are for Kat and Margaret. They truly do it all! Adoption counseling, transporting, puppy watching, kitty cuddling, there's nothing they don't do! Need something fixed? The ever-handy Margaret is there and always willing to help. In addition, Kat has made all of the beautiful and comfy kennel beds used at adoption events. As if that wasn't enough, they are foster extraordinaires! With over 150 fosters this year alone, we know we can always count on them to help with pregnant or nursing moms as well as senior dogs. We really would not be as successful without these two, some of the most faithful of friends!

We hope that you join us in thanking Kat and Margaret for all that they have done and continue to do to help further the mission of Faithful Friends!

THANK YOU KatMar!
