Message from the President...

Dear members,

We want to assure all union members that we fully understand the workload challenges you are facing. Staffing shortages and coverage issues have placed significant pressure on everyone, and we recognize the strain this creates. We are actively addressing these concerns with management and pushing for meaningful, sustainable solutions. Many changes lie ahead as we navigate declining enrollment and shifting staffing needs, but we remain committed to protecting our members and ensuring fair, safe working conditions. Thank you for your continued patience and professionalism as we work together to create a stronger and more stable CUPE Local 1483.

In solidarity,
Bruno Mediatl

OSBCU Leadership Bargaining Conference 2025!

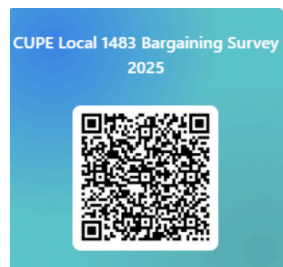

In November, our executives attended a three-day OSBCU Bargaining Conference. This important session brought together leaders from across the province to strengthen bargaining strategies, discuss key priorities, and ensure we continue advocating effectively for our members.

Uniform Update

Chris Lamonaca, our Maintenance Officer, has been working closely with management to address all concerns related to our uniform selection. Thanks to his ongoing efforts, we are making steady progress toward meaningful improvements that better meet the needs of our members.

Reminder: Local Bargaining Survey

This is a friendly reminder to complete our Local Bargaining Survey. Your feedback is essential in helping us identify priorities and strengthen our position at the bargaining table. If you haven't yet completed the survey, please take a few minutes to share your voice. Your input truly matters.
