Cinderella

2024

Act I

Cinderella is a dreamer within a stepfamily who doesn't love or appreciate her. Forced to clean constantly by her evil Stepmother and Stepsisters, Cinderella's only friend is the kind Butler of the home. Cinderella dreams of a better life, and hopes to be invited to the Ball, held by the Royal family. A Dress Clerk and her attendants arrive with the gowns as well as a Dance teacher to give the family a Ballroom lesson, however Cinderella is not permitted to be included. The Stepsisters and Stepmother head to the Ball, hoping to catch the eye of the Prince. Sad and fretful, Cinderella dances and dreams of her chance to attend. She falls asleep, alone, and very sad.

Shortly thereafter, the Fairy Godmother appears, followed by Cinderella in her beautiful chariot. The Prince spots Cinderella and immediately is drawn to her. A wonderful dance begins. The next morning, Cinderella reminisces of the Ball and her wonderful evening. She has feelings of joy and sadness that she might never see her Prince again. The sisters interrupt her daydreams and once again force her to clean and attend to their needs. Unexpectedly, the Royal family arrives at the home, looking for the match to the missing slipper. The Stepsisters unsuccessfully fit into the slipper. The Butler convinces Cinderella to have the courage to show the Prince, that she has the missing shoe. They rekindle their love, and the Stepsisters and Stepmother accept Cinderella's twist of fate. The Fairy Godmother and Fairies all rejoice at their union.
