Church's Theme: "Being A Fruitful Branch in the Vine of Christ"

From The Pastor's Desk

"Easter's Message"

John 11:25-26

Rev. Dr. Percy R. Chase

11:25 Jesus said unto her, "I am the resurrection, and the life: he that believeth in me, though he were dead, yet shall he live.

11:26 And whosoever lived and believeth in me shall never die. Believeth thou this?

Pastor's 42nd Anniversary

Pastor Chase's 42nd Pastoral Anniversary will be celebrated after services are restored. At this time, tributes will be given to him in words and song.

We thank God for Pastor Chase's wisdom, knowledge, and leadership. We pray that God will continue to bless him as he preaches the word, visits the sick, comforts the bereaved, and performs faithful and dedicated service to God's work.

Inspirational Thought: Make Me A Blessing

- Out on the highways and by ways of life, many are weary & sad.
- Carry the sunshine where darkness is prevalent; make the sad glad.
- Give as was given to you in your need; love as Jesus loved you.
- Be to the helpless, a helper indeed; unto your mission be true.
- Out of your life may Jesus shine; O Savior, I pray.

Make Me A Blessing to Someone Today!

CBC Service to the Homeless

In April, members of the church will go to Urban Ministry to prepare bags for the homeless because of the COVID-19 PANDEMIC. If you are interested in helping, see Sister Betty Lee.

CBC Officers Installation

The officers of Community Baptist Church will be installed later after the church resumes services.

Coronavirus Symptoms and Prevention

To prevent the coronavirus from spreading, the Centers for Disease Control and Prevention recommends washing hands with soap and water for at least 20 seconds or using a hand sanitizer if a sink isn't available. The World Health Organization says people should wear face masks only if they're sick or caring for someone who is.

"For most people, COVID-19 infection will cause mild illness; however, it can make some people very ill and, in some people, it can be fatal," [the WHO says](#). "Older people, and those with pre-existing medical conditions (such as cardiovascular disease, chronic respiratory disease or diabetes) are at risk for severe disease."
