

Multi-pitch Climbing Clinic: Syllabus and Gear List

Description of the course:

The goal of this clinic is to introduce our students to the joy of multipitch climbing. This course will be divided into a ground school session and practice on a real multipitch while guided by AMGA certified instructors.

Key skills reviewed during the course:

- Intro to multi-pitch climbing anchors
- Station management and top belaying
- Mechanical advantage systems for aiding the follower
- Rapelling a multipitch route
- Safety protocols

Prerequisites for this course:

- All our students must print and sign the EC liability waiver ([Click here to download](#))
- Must be able to hike with a backpack for ~2 miles and back over uneven terrain
- Ability to climb 5.8 on top rope without falling
- Must have lead climbing and lead belaying experience
- Student must know how to tie into the rope using a figure 8 knot
- Understanding climbing commands and safety protocols

(For questions about prerequisites please feel free to reach out to us at info@everybodyclimbs.org)

List of gear required:

- **Personal miscellaneous**
 - Camping Gear
 - Backpack (20 to 30 lbs). Each student will be required to carry their personal gear
 - Layers
 - Water (At least 2 lts/day recommended)
 - Lunch + Snacks
 - Sun protection (Sunglasses + Sunscreen)
 - Appropriate shoes for the approach (Closed toe shoes required)
- **Climbing Gear Required**
 - Climbing Helmet
 - Climbing Harness
 - Climbing Shoes
 - 1x 60-70m (9.5 to 9.8mm) climbing rope (optional)
 - 1X 7mm by 5mts cordelette
