

Full bust adjustment:

By Patty Dunn www.alldunndesigns.com Fitting help

Always add at the place that it is needed. Notice the sleeve and side seam are not affected in this adjustment.

- Cut the pattern from the bottom, through the Apex to the shoulder LEAVING 1/16" as a hinge at the shoulder corner.
- Cut across from the center front to the apex.
- Pull part (A) of the pattern to the left, opening the width $\frac{1}{2}$ of the extra amount you need.
- Drop the lower front (B) down at least 1"
- Redraw the bottom line

Full bust and small waist adjustment:

Make the changes above.
starting below the bust area narrow down the side.
