

## Customer Testimonials

### Very Professional and Patient

“Bullseye Auto Transport is awesome. I recommend it highly. Carla is so very professional, and patient. She explains the process very well, answers all questions thoroughly and calmly. There are no hidden fees, no high pressure tactics, and I was confident that Carla would make it happen. She is available until the car is delivered. I found others in this industry to be sketchy, and got an uneasy feeling after obtaining information. Bullseye was completely opposite. Thank you Carla for a smooth cross country auto transfer to my new home”. - Janice Connors, Seattle, WA

### Very Professional

“While in California on business, I came across a gem of a truck that I was interested in purchasing. My only dilemma was that I live in Michigan and I was due to fly back in two days. Therefore, I went back to my hotel room and found Bulls-Eye Auto Transport in the Yellow Pages and contacted Carla. She quickly gave me a quote and explained the details of how a vehicle gets transported (This was my first time doing this). Carla sent me the quote via email and within 9 days I had my truck in Michigan. Everything from the initial contact to the delivery went like clockwork. The driver was in contact with me one day prior to the arrival so that I could make pick-up arrangements. Even the person that I bought the truck from was very impressed on how detailed the driver was when he picked the car up and did the vehicle inspection. I would definitely recommend Bulls-Eye Auto Transport to anyone looking to transport a vehicle and I'll keep Bulls-Eye in mind when visiting California again”. - Jim Johnson - Rockford, MI

### The best service ever!

“I recently moved my vintage Mustang, usually I won't let it out of my site. When I discovered I had no choice but to have someone else move it, I did a lot of research into different auto transport companies.

After speaking with Carla, I decided to take a chance. I was not disappointed. Carla, and the driver both were professional and treated my car like it was their own.

It arrived without a scratch. Thank you Bull's Eye, I would use you again and will recommend you to anyone without hesitation”. - Debra J. Mack

### **Still the Best!!!!**

"Carla is the greatest!!! Having a vehicle transported can be very scary! There are hundreds of brokers out there ready to get your deposit and post your auto transport needs. They will all tell you why they are the best! I have had many vehicles transported to customers who purchased from me off of eBay. I am the eBay rep for Koons Ford of Northern VA. In the beginning I did a lot of research on different companies and have used a handful of the best rated! The fact is, even the best can have a hard time getting things done when it comes to transportation. The fact is, Carla is right there with you. She is honest and up front about the process. She will keep you informed and walk you through the process. She is an absolute pleasure to deal with and will get the job done! There is no such thing as perfect in the business, but Carla with Bullseye Auto Transport, in my opinion is as good as it gets". Matt N., Sterling, VA
