Core Competencies

- Federal procurement fulfillment and sourcing
- Logistics coordination and self-delivery for micro-purchases
- Government-compliant product sourcing (IT, electronics, PPE)
- Capability to respond quickly to Unison Marketplace and SAM.gov solicitations
- Contract administration and proposal development

Differentiators

- Possesses a current Commercial Driver's License (CDL) and Transportation Worker Identification Credential (TWIC), allowing for secure, direct fulfillment of sensitive or time-critical deliveries when required.
- Led by a former licensed financial professional with over a decade of experience holding FINRA Series 7, 4, and 24 licenses - demonstrating expertise in compliance, risk management, and disciplined operational oversight.
- Registered and fully active in SAM.gov with IRS and DLA validations completed
- Experience with Unison Marketplace bidding and procurement workflow
- Dedicated to cost transparency and rapid fulfillment with compliant vendors

Past Performance

McKnight Government Services, LLC is a newly registered federal contractor. While we do not yet have direct federal past performance, our leadership brings deep operational experience in fulfillment, procurement, and logistics. References and proof of performance for comparable private-sector work are available upon request.
