About our coffee:

We understand the importance of choosing organic when shopping for packaged goods. However, when it comes to fresh, small-batch coffee, it's all about how the beans are sourced, roasted, and brewed. We partner with Tenfold Coffee to bring you a carefully curated selection of beans that are sustainably and ethically sourced. Each batch is freshly roasted and brewed directly for you, ensuring the cleanest, most delicious cup without the need for long-term preservatives or additives. This way, you get the freshest, purest coffee experience, straight from farm to cup.

Pap's Pour Over-

To honor Pap's strength and resilience, our house pour over delivers a smooth, full-bodied flavor for those who appreciate a strong, classic cup of coffee. Proceeds from this pour over will support a scholarship fund, keeping Pap's spirit of hard work and support alive in our community.

Nanny's Heart of Gold Vanilla Latte

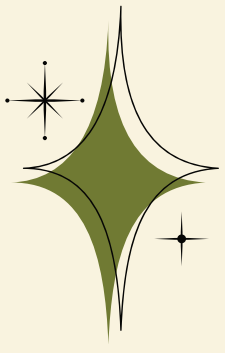

A classic latte that celebrates Nanny's warmth and strength. Proceeds from this classic latte help fund a scholarship program in our community, continuing Nanny's legacy of love and generosity.

About our tea:

We are proud to partner with Tōv Tea, a leader in elevating specialty beverage standards. With a commitment to naturally grown teas and ethical, direct sourcing, Tōv Tea ensures that every cup is a premium experience. Whether you're enjoying their hand-blended chai or savoring their single-origin, stone-ground Japanese matcha, you can trust that each sip reflects the highest quality and care. Our collaboration with Tōv Tea means you'll always find thoughtfully crafted, sustainably sourced teas that bring out the best in every moment.
