FROM: Dr. Angus Jameson, EMS Medical Director

Dr. Angus Jameson, Livis Medical Director

RE: Consent for Opioid Treatment Referral

EFFECTIVE DATE: July 1, 2021

- I. Pinellas County EMS (PCEMS) clinicians will now have the ability to refer a patient with Opioid Use Disorder (OUD) to a treatment provider as part of Pinellas County's COSSAP grant program. This referral process <u>DOES NOT REPLACE NORMAL TREATMENT AND</u> <u>TRANSPORT PROCEDURES</u> but may be utilized for a patient after an acute overdose or for a less acute presentation of OUD and provides PCEMS clinicians with an additional tool to advocate for and assist a patient.
- II. Referral is easy and only requires PCEMS clinicians to obtain consent and a signature from the patient. Once the signature is obtained, the referral process is automatic through an electronic linkage and a treatment team specialist will reach out to the patient directly within a short time.
- III. The process for obtaining consent is as follows:
 - 1. Ensure the patient has decisional capacity
 - 2. Review consent language with patient
 - 3. Answer any questions
 - 4. Obtain Signature (see next page)
