

Announcing a New Maintenance Payment Option for all RMC Customers

We are proud to announce that Residential Management Concepts, Inc. is now able to offer the owners in our communities another option for making their maintenance payments. The new system through CenterState Bank allows owners to log into a website and make their payments immediately with a credit card, debit card or electronic check (credit and debit cards do have a convenience fee attached, but echecks are fee-free!)

This new option is over and above the traditional method of mailing a paper check or using auto-debit and bill pay programs that owners currently can choose to use. Once an owner sets up their account, they can choose to receive email or text reminders and will be able to make a payment immediately from their smartphones or tablets.

Therefore, we would like to suggest that you try this exciting new payment option and we encourage you to participate by creating an account and making your payment online. You can log onto the website and try it out for yourself as well. Just go to <https://residentialmanagementconcepts.epay-centerstatebank.com> and follow the simple instructions. Once you see how easy and convenient the system is, we are sure you will want to tell everyone about it!
