HAPPY NEW YEAR FROM TEAM DC

MD, DECLAN. LANDSCAPE OP, ED. TREE SURGEON, ROB. TREE SURGEON, JOE.

2023 HAS SHOWN TO BE ANOTHER GREAT YEAR FOR DC. WE HAVE GAINED NEW CLIENTS, PURCHASED NEW PLANT AND MACHINERY, EVOLVED AND EXPANDED OUR WORK STREAMS AND WELCOMED SOME FANTASTIC NEW EMPLOYEES TO THE TEAM. AS ALWAYS, WE THANK ALL OUR ONGOING AND NEW CLIENTS FOR TRUSTING US WITH YOUR PROJECTS AND WE LOOK FORWARD TO CONTINUING TO WORK WITH YOU ALL IN 2024.

FURTHER GROWTH AT THE DC YARD IN 2023, WITH A BRAND NEW VAN FLEET, MORE BOATS AND NEW PLANT AND MACHINERY - ALL OWNED AND OPERATED BY DC.

OUR OPERATIVES WORK HARD DAY IN, DAY OUT TO PROVIDE AN EXCELLENT STANDARD OF WORK TO OUR VALUED CLIENTS.

“Growing our Own”

2023 - THE YEAR OF THE EMPLOYEES

In 2023 we committed to investing heavily in our operatives, identifying where each can progress and develop with us as a company. We have created a more versatile workforce by funding numerous training courses - including but not limited to - Inland Waterways Helmsman's, Highways England Passports, Tree/Chainsaw Tickets, SSSTS, IPAF, ROLO and CSCS.

Name: Tyler Dickinson
Role: Managing Supervisor
Experience: Management, Grounds Maintenance

We have also prioritised promotion from within and seen our grounds maintenance operative, Tyler, excel in his new role as Managing Supervisor where he uses his keen management skills to support and guide our teams in providing the high standard of work our clients expect on a day to day basis.

“Knowing the Ropes”

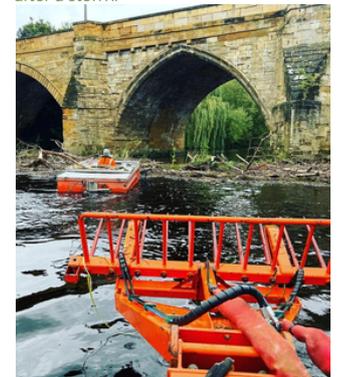

OUR FLEET OF BOATS AND SKILLED MARINE OPERATIVES HAVE BEEN WORKING HARD TO MAINTAIN AND ENHANCE THE WATERWAY NETWORKS.

We continue to invest in our boats and marine plant, leading the way in the management of vegetation in and around water. Our ability to provide these specialist services effectively, relies upon our continuous investment in staff and equipment and use of direct employees and owned machinery.

One of our Truxors removing large Debris from Tees Barrage.

Some of our Conver Boats clearing up after a storm.

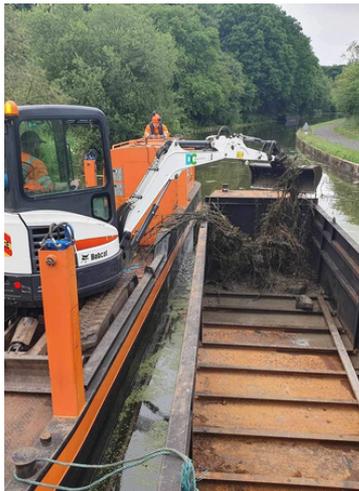

WE HAVE BEEN WORKING AROUND THE CLOCK, MAINTAINING VEGETATION ON THE HIGHWAYS. OUR OPERATIVES ARE TRAINED TO WORK ON BUSY ROAD NETWORKS AND ALL HOLD THE ESSENTIAL QUALIFICATIONS NECESSARY TO OBTAIN THE HIGHWAYS ENGLAND PASSPORT, AS WELL AS THEIR SPECIALIST SKILL SETS SUCH AS TREE TICKETS, TRAFFIC MANAGEMENT QUALIFICATIONS AND SSSTS.

WE HAVE BEEN PROVIDING EFFECTIVE WATERWAY IMPROVEMENT SERVICES, INCLUDING THAT ON THIS ABANDONED CANAL IN MANCHESTER, PICTURED LEFT, WHERE WE UTILISED TWO OF OUR AMPHIBIOUS TRUXOR BOATS WITH DIGGER ARM ATTACHMENT TO CLEAR A CHANEL AND CREATE FREE FLOWING WATER.

THE BENEFITS OF OUR LARGE AND GROWING MARINE FLEET ARE SHOWCASED ON THE JOB PICTURED RIGHT, WHERE OUR SHALLOW TUG, 40FT POWERED WORK BOAT AND 2 40FT HOPPERS WERE USED SIMOULTANOUSLY ON THIS EMERGENCY LANDSLIP REPAIR PROJECT. OWNING AND OPERATING OUR OWN FLEET OF WORKBOATS ALLOWS US TO MOBALISE QUICKLY AND PRICE ATTRACTIVELY.

OUR LANDSCAPING TEAMS HAVE BEEN BUSY THIS YEAR ENHANCING AND IMPROVING GREEN SPACES. THEY HAVE WORKED ALONGSIDE OUR CIVILS AND PLANT OPERATIVES TO CREATE NEW ACCESS AREAS, SUCH AS THE PARKING BAY PICTURED, AS WELL AS BRIDGES, STAIRWAYS AND FENCED AREAS. .

OUR SECOND MCCONNELL T500 ROBO FLAIL WITH NUMEROUS ATTACHMENTS HAS BEEN SUCCESSFULLY USED ON OUR VEGETATION CONTRACTS ACROSS THE NORTH OF UK.

OUR CIVILS TEAMS HAVE BEEN BUSY RENEWING AND REPAIRING TRACKS, TOWPATHS, AND ROADS. PARTICULARLY THOSE USED TO GAIN ACCESS TO THE UK CANAL NETWORK. THE TEAM LEAVE THEM SAFE AND USABLE AGAIN FOR PUBLIC.

OUR EXPERIENCED TEAM OF ARBORISTS CONTINUE TO WORK ON BEHALF OF THE COUNCILS ACROSS THE NORTH OF THE UK, MAINTAINING LARGE AND SMALL TREES. WE BID AND WIN TENDERS USING OUR EXTENSIVE KNOWLEDGE OF THE JOB AT HAND AND PROVISION OF DIRECTLY EMPLOYED TREE TEAMS HIGHLY EXPERIENCED IN THE DISMANTLING AND MAINTENANCE OF TREES,

WE HAVE BEEN MAINTAINING THE VEGETATION THAT GROWS ON THE GREEN SPACE ON THE ROOFS OF ALDER HEY CHILDRENS HOSPITAL. WE USED OUR SKILLED VEGETATION OPERATIVES WHO WERE ABLE TO ACCESS THE SITE SAFELY USING ROPE ACCESS TECHNIQUES.
