 DECLAN COLLERAN  
MANAGING DIRECTOR

## DC TEAM DAY OUT

*THE DC TEAM DOWNED TOOLS AND ATTENDED THE GREAT YORKSHIRE SHOW ON FRIDAY THE 18TH JULY. THE DAY WAS DEDICATED TO GIVING BACK TO A GREAT TEAM OF EMPLOYEES WHO WORK HARD CONSISTENTLY TO ALLOW US TO PROVIDE EXCELLENT SERVICES TO OUR CLIENTS. A GREAT DAY WAS HAD BY ALL AND WE HOPE TO BE BACK NEXT YEAR.*

Our newest ride on mowers now available to support with our grass cutting operations

We have increased availability of night work recourses with additional lighting systems and welfare vehicles

## DC HQ EXPANDING

*EXPANSIONS TO PREMISES, AND TO THE WORKFORCE*

With increasing workload comes expansion to the yard as well as expansion to the DC workforce. We have recently appointed a business manager to take on a new role within the office team. The job will involve managing and organising work to meet increasing demands of the business, and working with current and new clients and projects.

**Name:**  
Lucy Chambers

**Role:**  
Business Manager

**Contact:**  
[lucy@dcground-treecare.co.uk](mailto:lucy@dcground-treecare.co.uk)

The yard was purchased as building land 2 years ago and is now a well set up hub for our teams, housing our ever expanding fleet of vehicles, arboricultural plant and marine equipment. The space also provides us with office blocks and rooms for staff development and training.

## NEW MACHINERY

*NEW ADDITIONS TO OUR FLEET OF BESPOKE WORK BOATS, VEHICLES AND MACHINERY*

We continue to invest in our vehicles and equipment, welcoming new boats, cherry pickers, work vehicles, robo flails, ride on mowers and other specialist equipment to our fleet. We are continuously looking for innovative ways to complete jobs in an efficient and cost effective way .

Our 3rd McConnel robo. The machine comes with 6 attachments including, stump grinder, winch, rotivator, and a variety of flails.

Our in house 25m tracked cherry picker.

WE CONTINUE WORKING AROUND THE CLOCK TO PROVIDE TREE SERVICES ON THE HIGHWAYS. OUR TEAMS HAVE BEEN UTILISING OUR SPECIALLIST EQUIPMENT SUCH AS OUR 25M TRACKED CHERRY PICKER, ROBO FLAILS AND LIGHTING EQUIPMENT TO CARRY OUR THE WORKS SAFELY.

OUR TRUXORS AND OTHER MARINE PLANT ARE KEEPING BUSY MANAGING AQUATIC WEED ALONG THE CANALS AND WATERWAYS. THIS TRUXOR IS PICTURED CARRYING OUT WORKS ON THE POCKLINGTON CANAL.

WE HAVE ALSO BEEN MAKING USE OF OUR OTHER AQUATIC WEED BOATS, INCLUDING CONVERS AND HARVESTERS AS PICTURED ON THE RIGHT.

WE HAVE BEEN CARRYING OUT CULVERT CLEARANCE AND MAINTENANCE WORKS ON THE HUDDERSFIELD NARROW CANAL. THE JOB INVOLVED CLEARING THE BUILD UP OF SILT AND DEBRIS FROM THE CULVERTS USING JETTERS. IN ORDER TO ENSURE THE JETTERS WERE USED AT THE CORRECT WATER PRESSURE WE USED CCTV EQUIPMENT TO MONITOR THE EFFECTS OF THE JETTING.

RECENT SITE CLEARANCE WORKS USING OUR ROBO FLAIL TO CLEAR VEGETATION ON A STEEP BANKING.

ONE OF OUR TEAMS HAS BEEN AT SWELLANDS RESERVOIR INSTALLING BIRD DETERRENT MEASURES ALONG THE NEW 2KM ACCESS TRACK PRIOR TO CONSTRUCTION WORKS COMMENCING. WE USED GPS SURVEYING EQUIPMENT TO MARK THE NEW ACCESS ROAD AND PASSING PLACES AND THEN INSTALLED 14MM OF BLUE NYLON ROPE IN A ZIG ZAG PATTERN RAISED 1M OFF THE GROUND TO HELP DETER NESTING BIRDS.

AS WELL AS GENERAL VEGETATION MANAGEMENT, DC ARE IN A POSITION TO BE ABLE TO OFFER BESPOKE SERVICES TO MEET THE NEEDS OF DIFFERENT ENVIRONMENTS AND CLIENTS. HERE WE WERE WORKING IN ROCHDALE USING CRAINE OPERATIONS TO REMOVE WILLOW TREES FROM THE BACK OF AN INDUSTRIAL ESTATE. THE TREES WERE LIFTED OUT AND THEN PUT THROUGH OUR WOODCHIPPERS.

OUR LANDSCAPING TEAMS ARE ALSO BUSY CARRYING OUT TURFING, PAVING, FENCING AND TOWPATH REPAIRS. LEFT: TOWPATH REPAIRS ON THE LEEDS LIVERPOOL CANAL. BELOW: LANDSCAPING WORKS ON THE LEEDS LIVERPOOL CANAL.
