AVRASYA HOME APPLIANCES

Euphoria®

Who We are

Founded in 2007, AVRASYA is a Turkey-based OEM and private label solution partner specializing in domestic appliances, small home appliances, homeware, and commercial equipment. We support international brands, distributors, and project contractors with reliable manufacturing, engineering coordination, and export execution.

Our OEM Mission

Our mission is to help our partners grow their brands by delivering:

- Competitive OEM manufacturing
- Consistent quality and compliance
- Flexible production and customization
- Long-term, transparent partnerships

Why AVRASYA?

- 18+ years of OEM & export experience
- Proven manufacturing partners in Türkiye & Asia
- Flexible MOQ & private label solutions
- Competitive pricing without quality risk
- End-to-end support: design, sourcing, production, logistics

Global Footprint

- Active in 60+ countries
- Strong presence in Europe, Middle East, Africa, CIS & Latin America
- Experience with distributors, retail chains, and government-backed projects

OEM Capabilities

We provide full OEM & private label services:

- Product customization & branding
- Industrial design coordination
- Packaging & artwork adaptation
- Technical documentation & certifications
- Production planning & export logistics

Quality & Compliance

- CE compliant products
- ISO-certified manufacturing partners
- Pre-shipment inspection options
- Long-term quality consistency control

AVRASYA HOME APPLIANCES

Euphoria®

MDA

- Refrigerators
 - Washing Machines
 - Dishwashers
 - Deep Freezers
 - Built-in & Freestanding Ovens
 - Hobs & Cooker Hoods
- OEM branding & technical configuration available.

SDA

- Electric Ovens & Grills
 - Food Preparation Appliances
 - Floor Care Products
 - Personal Care Appliances
 - Heating & Cooling Products
- Designed for private label & retail programs.

Private Label Process

1. Product selection & specification
2. Branding & packaging design
3. Quotation & MOQ confirmation
4. Sampling & approval
5. Mass production
6. Quality control & shipment

MOQ & Flexibility

- MOQ depends on product category
- Flexible solutions for emerging markets
- Mixed container options available for selected ranges

Business Models

- OEM / Private Label Manufacturing
- Project-based bulk supply
- Trading & sourcing solutions
- Long-term distribution partnerships

Sustainability

We focus on:

- Sustainable supplier relationships
- Consistent product lifecycle management
- Long-term cooperation instead of one-off transactions

Euphoria®

Built-In Ovens

Enriched by the last developments in the technology and the impact of the Big Chefs, our oven collection gathers the delicacy, user friendliness performance and the exceptional longevity in the same time.

Naïve or experimented; EUPHORIA will make you the great masters of the kitchen.

Freestanding Ovens

The new EUPHORIA range cookers are suitable not only for your home, also for the small restaurants, cafes, B&B hotels. Apart from its high performance, it is equipped with the professional accessories such as Stainless Steel Worktop, Real Cast Iron pan supports, Triple crown rapid burners, ensuring the highest security standarts with the Flame Safety Devices.

You will not anymore be afraid of welcoming your outnumbered guests with its ultra-large oven.

Midi Ovens

Although it is called "midi or mini" oven, its performance possibly make you a cooking addict.

With its outstanding function of convectional cooking, hot air homogenously reaches all points of your dishes.

Built-In Microwaves

The philosophy of design adopted by EUPHORIA is influenced by paying meticulous attention of the details and the avant-gardism, all products are the perfect combination between design and the smart technology.

Cooker Hoods

When the technology meets the universe of design, extremely efficient, highly functional and silent hood provides you a more fresh and clean air thanks to its motor technology which guarantee you an efficiency of optimal suction power.

Washing Machines

Our washing machines are designed for the daily requirements of a family.

Equipped with a big drum accommodating from 6 kg to 9 kg of linen and numerous functions, they are designed to satisfy all the needs for wash, including the most delicate such as the baby clothes via the intensive washings.

Built-In Dishwashers

INNOVATION , TECHNOLOGY and DESIGN these are our ambitions to be in the service of YOUR COMFORT.

Dishwashers of EUPHORIA present, a perfectly cleaning performance with the optimal rhythm and a longlasting life with the modern design that know to seduce most aesthetic and the most demanding.

Refrigerators & Freezers

Our refrigerators & freezers satisfy the consumers with special functions such as keeping your stuff at the cool, freeze level required or storing each food in ideal conditions. You will still find your fruits and vegetables, as crisp and fresh as you purchase them at the market

Small domestic appliances

We offer a wide range of small domestic appliances with competitive prices. We also provide OEM production services according to customers designs and requirements. We are in a position where you can supply all your home appliances needs from a single source.

ELECTRICAL MIDI OVEN

Euphoria

ELECTRCAL MIDI OVEN

Euphoria®

DOUBLE GLASS

All our models have the Double Glass option to increase efficiency, reduce cooking time, provide higher safety and use less electricity during cooking.

DEFROST

We have implemented the Defrost function to enable the user defrost frozen ingredients. This function allows you to eliminate spoilage of the frozen ingredients and provide maximum result.

TURBO FAN

Thanks to our engineers and R&D team, we developed a Turbo Fan Function which distributes the heat in homogeneous waves to provide linear, smooth and great looking meals.

DIGITAL TIMER

We have an option for Digital Timer modern and user friendly to adjust your cooking period on highest precision.

POP-UP KNOBS

We provide Pop-Up Knobs option for a high aesthetic look, and also to avoid children interfering with the unit which provides a higher safety perception.

NON - SLIP FEET

One other key function is Non-Slip Feet which comes standard on all models, to eliminate all possible dangers to the end user during cooking by providing a stable positioning of the unit on counter spaces.

EASY TO CLEAN

We have developed smooth and easy to clean inner and outer surfaces free of sharp or harmful edges to enable you easily clean the cooker after every meal.

INNER LIGHT

Many others do provide you this function but very few producers think of the quality of theYogurt. We provide the best Yogurt consistency through our high technology.

YOGURT FUNTION

Many others do provide you this function but very few producers think of the quality of theYogurt. We provide the best Yogurt consistency through our high technology.

ROTISSERIE CHICKEN

One of mostly required features of Electrical Ovens; we have optimized this feature and added value through our technological touch.

CRUMB PAN

To complete the efficiency of our electrical ovens, we also provide a Crumb Tray option.

GRILL RESISTANCE

Some meals need to be grilled, thus we provide Grill Heating Element option for those meals that need to be cooked at maximum level.

> Main Features

WIRELESS VACUUM CLEANER

- Type: Wireless Vacuum Cleaners
- KPA : 12 kpa
- Battery :2200 mah
- RPM : 28000-30000 rpm
- Power :120watt
- Volt : 22,2V
- Working Time :25 MİN FAST 35 MİN SLOW
- Dust Capacity : 0,8 L
- Size : 330*115*225

DUSTBAG VACUUM CLEANER

SVC-8609

> Main Features

- Speed fixed
- High Suction power (≥ 230W)
- High Vacuum degree (≥ 19Kpa)
- Automatic Cord re-winder (5 m cable)
- 1,7 meters length flexible hose assembly
- 2 parts plastic tubes
- Plastic floor brush with 2 small wheels
- Air inlet filter + Air outlet filter
- 1pc crevice nozzle
- 890W

DUSTBAG VACUUM CLEANER

SVC-8601

> Main Features

- Speed fixed
- High Suction power (≥ 230W)
- High Vacuum degree (≥ 19Kpa)
- Automatic Cord re-winder(5m cable)
- Dust-bin capacity 3.5L
- 1,7 meters length flexible hose
- 2 parts plastic tubes
- Plastic floor brush with 2 small wheels
- Air inlet filter + Air outlet HEPA filter
- 890W

WATER-FILTER VC

SR1710

> Main Features

- Water filtration system
- Wet and dry vacuuming function
- Shock resistant mono block
- 360° turning ability
- Blowing function
- 20 liters tank capacity
- Dust bag
- 21,5 kPa suction power
- 2800 Watt By-pass motor
- Rating Voltage: 220-240 V

- > Main Features
- European Plug
 - 230V / 50 Hz
 - 2000 Watt
 - Micatronic Heating Elements
 - Tip Over Safety Switch
 - Thermostat

QUARTZ HEATER

IHR3100

- > Main Features
- Plug:European
 - Voltage:220V / 50-60Hz
 - Power:2250 Watt
 - 3+1 Heating Elements
 - Tip Over Safety Switch
 - Thermostat

RADIAN GAS HEATER

RS-42

- > Main Features
- Fuel: LPG
 - Power setting:1400W-2800W-4200W
 - Ignition Type:Piezoelectric Ignition
 - Gas category:I3+
 - Gas Pressure:G-30 28/30 Bar
 - 360° turn able foot
 - 3 Reflector stone
 - Gas consumption:300gr/h
 - Heating volume:120m3
 - Cylinder Comp size:385x370x735mm
